IN THE AIR.

The Germs of La Grippe are Conveyed Through the Atmosphere.

No one can escape the La Grippe germ because when an epidemic of the disease is prevailing the air is laden with it.

The reason that everyone does not have the disease at the same time is because the persons who are enjoying perfect health are able to successfully resist the throw off the infection, while those who for any reason are not in the best of health, fall ready victims.

The first symptoms are those of acute catarrh resembling a hard cold and if prompt treatment is applied at this time, it can easily be broken up; one of the best remedies at this stage is Stuart's Catarrh Tablets, sold by druggists everywhere and if taken freely, say one tablet every hour or two for two or three days, the danger of pneumonia and serious complications will be averted.

The Rev. L. E. Palmer, Baptist clergyman of Coresco, Mich., makes a statement of interest to all catarrh and grip sufferers. He says: "Stuart's Catarrh Tablets have certainly been a blessing to me. I have used them freely this fall and winter and have found them a safeguard against La Grippe and catarrhal troubles from which I have suffered for years. I feel that I can freely and conscientiously recommend them."

Persons who suffer from catarrh of the throat or bladder are very susceptible to La Grippe and such will find a pleasant, convenient and safe remedy in this new catarrh cure.

Stuart's Catarrh Tablets are composed entirely of harmless antiseptics and many have used as freely as necessary as they contain no opiate or poisonous drug of any kind.

Mr. Bour was engaged at his regular duties when a large iron pipe rolled over on his foot and pinned him to the ground.

The injured man was removed to his home at 516 Hickory street, where medical aid was summoned.

Dr. Albert Kolb responded, and found the foot badly contused from the toes to ankle. Owing to its swollen condition the physician was unable to ascertain the condition of the bones, and another examination will be made, probably today.
