"Everything is on a business basis and so arranged that the city government in each city moves like a well oiled piece of machinery. There is no reason why Scranton should not profit by the experience of Allegheny and Pittsburgh, and with this end in view, I shall prepare a statement setting forth such changes which I should like to see made in this city.

MORE MEMBERS NEEDED. The matter of increasing the board's membership was provocative of a lengthy discussion. T. H. Dale, chairman of the membership committee, reported that the committee considered the matter of increasing the number of members of the board should make strenuous efforts to secure new members.

Tips Recorder Connell Obtained While Investigating Government of Pittsburg and Allegheny. Recorder Connell, when interviewed by a Tribune man yesterday afternoon on his recent trip to Pittsburg, in company with Director of Public Safety F. L. Wormser, waxed eloquent over the system of government prevailing in the "Smoky City" and her next-door neighbor, Allegheny.

"Scranton as regards matters of municipal legislation and systematized methods of city government," said he, "seems like Dunmore does to us when compared with Pittsburg and Allegheny. We do not do our own thing while in these cities to a close study of the systems which prevail in the several departments, and we are impressed with their thoroughness, even to the smallest details."
