Pittstop, March 18 .- Duryea's famous "Willy" gang was in evidence again Monday and four members of the gang were today placed under arrest and held under ball to appear in court and answer the charge of assault and rob-bery. The deeds charged were committed Monday afternoon just at the end of Duryea, near the old Pheonix breaker. Benjamin Chamberlain, a trackwalker employed with the D. L. & W. rallroad company, was going his rounds lighting the switch lamps when he was accosted by the members of the gang who asked him for some tobacco, but before he had time to reply they attacked him and robbed him of \$25. Chamberlain went to Alderman Doyle's at Upper Pittston, and had warrants issued for the arrest of several of the gang. This morning Detective Spell-

man assisted by Constable Rittle, of Duryea, arested Thomas Clark, Thomas Pryor, and James Brennan, of Duryea, and Matthew Calvey, of Avoca. They were given a hearing by the alderman and the three former held under \$200 bail while Calvey was required to furnish a bail piece in the sum of \$1,000. William Frederick, of Center sreet, was seriously if not fatally injured on Monday at the Clear Spring breaker where he is employed. Shortly after

work had started young Frederick fell into the coal rollers and had a miraculous escape from being ground to pleces. As it was, he is in a serious condition. His injuries consist of the crushing of the right arm so as to require amputation; the bruising of the face and a bad laceration of the abdomen. He was cared for at the Pittston hospital. Almost every colliery in this vicinity

was idle Monday, it being St. Patrick's day. Although the collieries were supposed to work, enough employes stay ed at home to prevent operations. Judge Halsey Monday morning re-

fused a new hearing in the case of Mrs. Barabra Boyle vs. Pittston city. The sult was one brought for damages to the Wyoming Valley hotel caused by a flood some time ago. It was tried by jury and a verdict of \$1,750 rendered in favor of the plaintiff. City Solicitor O'Brien applied for the new trial which was today refused.

THE MARKETS

Wall Street Review.

New York, March 18 .- The recent character of the stock market was not materially changed to Speculative incursions into the field of the dy. Speculative incursions into the field of the usually important stocks were few and desultory in character. Now and then a seemingly setive buying movement would develop in some stocks that has been occasionally a market leader in the past, but the activity would as suddenly subside and the dealings revert to some rarely active stock. The high priced specialties, continued in favorable inquiry and a number of low priced industrials were also bought up to a considerably higher level of prices. The minor railroads were less conspicuous, although a few of these continued to show wide movements. There were declines on profit-taking in these classes as well as the new strong points. The most conspicuous movement of this kind was in North American, which jumped about in an erratic manner in the course of a sensational advance of 11½ points on unusually heavy dealings. The movement was without explanation beyond the long time guestip of the availability of the company's comprehensive charter rights for the purpose of some great consolidation scheme. Other atocks not usually prominent which show striking advances were American and Continental Tobaccopreferred, General Electric, Pullman, Colorado, Union Traction, International Pump and Ruffand preferred. Among the more prominent stocks Amalgamated Copper continued active and from the shorts to cover. Sugar, on the ether land, was reactionary on account of the disappointment over the reduction of the tariff on cuban sugars. An instance of the disposition to take profits on good news was the selling of Parillic Mail on the passage of the ship subsidy bill by the senate. The New York public utilities also suffered from profit-taking after some carly advance. The most consistent movement of the day was that in the coalers, which represented a isually important stocks were few and desultors also suffered from prolit-taking after some early advance. The most consistent movement of the day was that in the coalers, which represented a speculation on the outcome of negotiations between anthracite miners and operators for an agreement upon relations during the coming year. Lackawanns made a characteristic advance of 7 points but the gains otherwise ran between one and two points. The moderating of the weather in the west had some influence in causing higher prices, although the late rise in the wheat market, somewhat modified this influence. Aside from these cases the movements of the day were almost entirely due to individual causes. Total sales today were 615,200 shares. The bond market was dull but steady. Total sales, par value, \$1,970,000. The United States bonds were all unchanged on the last call.

DURYEA

Special to the Scranton Tribune. Duryea, March 18 .- Again the prospects of having a hosiery factory in our town is bright. Mr. Sol. Hirsch is at the head of the movement, \$70,000 has been offered as an investment by some New York capitalists, but before this can become a reality, \$10,000 will have to be invested by local captalists. Fifty per cent, has already been

pledged. A pleasant social event was held in the form of a birthday gathering in the Lawrence Hose hall, Monday evenng, under the auspices of the Ladies' Aid society and Sunday school of the Primitive Methodist church. The proceeds were to go toward the pastor's salary. The net sum realized was \$89.20. The paster of the church is Rev. William Paul, who came to this charge about one year ago. The congregation has petitioned conference to return Rev. Paul to this place.

The debate held at the High school Friday was very interesting. The question for discussion was, "Resolved, That Country Life Is More Preferable to Man Than City." The affirmative was presented by Elsie Hughes and Thomas Boyle, and the negative by James Joyce and Mary Weaver. The affirmative won.
