He was taken to his home. once any delinquency.

Villiam Lynott, George Ackerman and Wallace Histed, of Mozart Orchestra, to Play in Concert Orchestra in the South.

Three of the leading members of the Mozart orchestra have received flatter-ing offers to join a concert orchestra, John Jennings, a boy about 12 years which will play at a swell summer resort in the south during the summer back while playing with a candle at months. William Lynott, the capable his home, on South Church street. He

advantageous places come from Ernest musical instructor and orchestra leadcr. The offers have been practically accepted and Carbondale will be without three of its cleverest musicians for the months of July and August, at

Prof. Thiele has conducted a concert orchestra in a leading mountain resort in Virginia during the warm months for several seasons past. Last year, another big hotel nearby, impressed for its place. Prof. Thiele could not northern portion of the city, who the Delaware and Hudson at Proviwell leave where he was, but he set might stay on and ride up into the dence. For many years Mr. Moon kept about to arrange to organize an- yard. other orchestra to supply the wants of the other hotel. In his selection of son against the Delaware and Hudson, taking an active interest in movements Lynott, the violinist, and leader of the rigidly enforced. Robinson, it will be for the Second ward, but held no Mozarts. Mr. Lynott's playing, com-recalled, sucd the Delaware and Hud-other political office. He was an acing under the notice of Prof Thiele the possibilities of the clever Carbondale boy as a leader, and when this Mr. Lynott. Being in need of a clarionette player for his own orchestra. Professor Thiele saw splendid material in Wallace Histed, and tendered him the place. George Ackerman, the cornetist. was likewise chosen, but to play under Mr. Lynott.

Aside from the monetary consideration, which exceeds greatly the income of any of the three in Carbondale, the positions open to them offer rare advantages to the young men. First they will be under the direction of Prof. Thiele, who is certain to bring out the best in them and to smooth the edges of their work, which can only be accomplished by a skillful leader Mr. Histed will be in Prof. Thiele's own orchestra. While Mr. Lynott and Mr. Ackerman may not have this advantage, they will have the opportunitles during idle hours to join with Mr. Thiele and get the benefit of his instruction and leadership.

It will be a rare opportunity for Mr. Lynott, who is blessed with great musical talent, and who has made rapid has been through the exercise of his native ability, for he has not had the opportunity of instructions under any musician of standing, such as is true of many a young man who has not achieved his success or standing. Prof. Thiele has predicted a great measure of success for Mr. Lynott.

While Carbondallans will regret the absence of three of their favorite musicians during the season when their services will be missed, they rejoice in

# "COFFEE HEARTS."

More Frequent Than Tobacco Hearts.

Coffee drinking frequently affects the Weart, and many cases of heart trouble are relieved of entirely cured by leav-ing off coffee and taking on Postum

A good Illustration is that of a lady who says, "I was troubled, for many eral selections to the small, appre-years, with my heart and at times would ciative audience, it was a rare treat come unconscious. The children have many times run for the neighbors come in and restore me by putting feet in hot water and rubbing me. Dr. Short frequently told me that cofee was a poison to me and was really the cause of my weak heart. I could ot do without the coffee though, but nally the doctor told me it was certain eath if I did not give it up. This was bout five years ago and I changed rom coffee to Postum Food Coffee. M: art trouble gradually disappeared and ngw I am entirely well, have never used a particle of coffee since my first

cup of Postum. I gave a little Postum to a lady riend one day to take home and try. he reported that she did not like it at I found she boiled it only five nutes, so I gave her some more and ld her to boil it 20 minutes. That was liferent. She has been using Postum

ow a long time.

the advantages which have come to them. Arrangements are being made to supply their places in the orchestra while they are gone, so the efficiency of the band and orchestra will not be appreciably affected.

### AT THE HOSPITAL.

John Martin, an Aged Man, Falls Down Stairs and Breaks Thigh. Miner Injured-Brakeman Douglass at Hospital.

John Martin, an aged resident of Dundaff street, who has passed four score years, met with a distressing accident yesterday. He was descending he stairs in the residence of his sonn-law, Adam McMynne, with whom he lives, when he lost his footing. He fell down the whole flight and when down the whole flight and when reached was helpless. A surgeon who was called, discovered that the old man's thigh was broken. Later in the day, he was taken to Emergency hospital. The patient's extreme old age, being 83 years, will greatly retard his recovery.

Martin had just been home a few days from a soldler's home, where he had been an inmate for some months.

Miner Injured. Anthony O'Hara, of the West Side, as injured last night while at his work in No. 1 mine. He was endeavoring to lift on the track the end of a car which was thrown off. The weight was too great, and during the

Conductors have also been notified to allow no one to ride in the empty train as it pulls down from the yard, on its way to the city station.

# AN ELOPER INDICTED.

Benjamin Burdick, of Green Grove, Who Ran Away with Servant Girl. Has True Bill Against Him.

Among the true bills returned by the grand jury yesterday was one against Benajinin Burdick, of Green Gove, indicting him for adultery. Burdick was the man who created

quite a sensation in Scott township and life was spent in Carbondale. among his friends in Greenfield township by leaving his wife and family, and eloping with his servant girl, a miss named Stanton. Burdick took strides along the pathway to a fine several hundred dollars with him and reputation. What he has accomplished a team of horses. He and the Stanton girl went into New York state, but they were never apprehended. On Burdick's return, if he is located, he will have to stand trial.

"Jack" McGowan, of this city, was dso indicted. A true bill was brought against him on a serious charge, brought against him by his former

starm of fire was counded from Box 23. The five cas located in an unoccupied hotel building on was focated in an unoccupied hatel building on the Scatt road, near the Starges shaft. The Wil-son Fire company responded to the abrue, but owing to there being no fire hydrauts in that vicinity, no service rould be rendered. The building was owned by N. D. Resenfeld, of Scranton, and was completely destroyed. The building had only been racent one day. The fire was no doubt of inconducty cripin. Floyd L. Greiner is spending a few shars with

#### sers are requested to attend. BALD MOUNT.

It is a matter of surprise that many people who are so careful to have clean bodies make no effort to keep the blood clean. Everyone knows that uncleanness breeds disease; that those who do not keep their hodies in a wholesome condition and who dwell in filthy surroundings are the first to fall when some epidemic of disease sweeps the country. But foul blood is more dangerous to the individual than a foul body. An unclean body is rather a passive than an active hindrance to health. But unclean blood is an active threat against the very life-it makes the body a prepared breeding place for disease.

It is part of Nature's plan for human safety that in many cases where the blood is impure or corrupt she sets a sign on the body in proof of the corrupt current that is flowing through the veins. Scrofula with its disfiguring sores and sears, eczema with its irritation, salt-rheum, tetter, erysipelas, boils, pimples and other eruptious are only the outward signs of the impurity of the blood. But often in the earlier or simpler stages of the blood's impurity there are no outward signs of this condition; only dull, languid, sluggish feelings, which are commonly

attributed solely to the sluggishness of the liver. In view of the fact that everybody is liable to impurity of the blood why should we not treat the blood as we do the body-keep it clean on general principles? We wash and bathe regularly. We don't figure up how long we can go without cleansing the body or put off the bath until we become offensive. We intend to keep our bodies clean, and we wash regularly whether we appear to need it or not.

Such common-sense care of the blood would prevent much disease and suffering. It is a duty we owe to common cleanliness to purify the blood as a principle; to be sure that it is clean and healthful and not clogged and corrupted, a breeding place for disease.

Of all preparations for purifying the blood Dr. Pierce's Golden Medical Discovery easily takes the first place. It eliminates from the blood the elements which clog and corrupt it, and which breed and feed disease. It acts directly on the blood-making glands, increasing their activity, and so increasing the supply of rich, pure blood which is the life of the body.

"In the fall of 1893, my ankle began to pain me," writes Mrs. C. L. Briggs, of Tunnel City, Monroe Wis. "Not a steady pain, but it grew worse fast and soon became a running sore. It made me very then I sat down had to rest it on a stool, as I could not endure the pain when it was on the floor. The doctor gave me something to heal it, but it would break out worse than ever in a short time. That was the way I suffered for five years. I was so nervous hardly knew what I was doing sometimes. Got so I could not do the work for myself and husband. In the fall of 1898, I commenced to take Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets.' My ankle soon healed and my nerves grew strong. I have not had any return of the trouble since, and now I often walk over a mile and feel no bad effects. I

am very thankful for my recovery. Formerly I was seldom able to ride even." "My little daughter when seventeen months old became afflicted with scrofula, which affected her eyes," writes Mrs. Agnes L. Dancan, of Mansfield, Sebastian Co., Ark. "She could not bear the light for over a year. We tried to care her eyes, but nothing did any good. We had our home physician and he advised us to take her to an ocalist, as her eyelids would have to be 'scraped.' They had become so thick he thought she would never recover her sight. As there was no one else to whom we could apply my heart sank within me. I went to your 'Common Sense Medical Adviser,' read your treatment on scrofula, getting the properties of medicines there advised. With five bottles of 'Golden Medical Discovery' I

have entirely cured my child." "Five years ago I was taken with Grippe," writes Mrs. Barbran Wyatt, of Pool, Rowan Co., N. C., "which left me in bad health—bad blood, a running ear, pain in my neck and shoulders, and a train of many more evils. I tried to get my blood improved, but everything failed to do any good. I gradually grew weaker, and was tired nearly all the time; I had no hopes of feeling well again. In May, 1901, I was taken very suddenly with severe pain just under my ribs. Could not draw a long breath nor stoop, nor ride without suffering. One bottle of Dr. Pierce's Golden Medical Discovery and a bottle of his 'Favorite Prescription' relieved the grant of the trouble. Had also formale weakers. scription' relieved me greatly. I think my liver was the cause of the trouble. Had also female weakness. Have since used five bottles of Dr. Pierce's medicine, and think it is the best in the world. I feel better than in five years before. Have worked this summer and feel like a new person. Am doing well and feel well now; have gained ten pounds in two months. I thank you for your kindness."

"For three years I have suffered with that dreaded disease, eczema," writes Mrs. J. Koepp, of Mapleton, "I was told to try Dr. Pierce's Golden Medical Discovery, which I did, and after I had taken ourteen bottles I was permanently cured. It has been a year since I stopped taking your medicine and it has never appeared since. I think your medicine a wonderful cure, and hope others suffering as I did will take it and be relieved of their suffering."

Dr. Pierce's Golden Medical Discovery cures scrofula, eczema, crysipelas, salt-rheum, boils, pimples, sores and other forms of disease which are caused by the impurity of the blood. It not only eradicates the poisons which breed and feed disease, but it increases the flow of rich, pure blood, and gives the body the vigorous vitality which makes people feel as if they were new men and women.

Sometimes a dealer tempted by the little more profit paid on the sale of less meritorious medicines will offer the customer a substitute as being "just as good" as the "Discovery," It is better for him because it pays better, but it is not as good for you, if you want the medicine that has cured others, and which you believe will cure you.

A FREE OFFER I We will send a copy of Dr. Pierce's \_ Common Sense Medical Advisor FREE on receipt of stamps, to pay expense of mailing ONLY. This great medical work contains more than one thousand large pages and over 700 illustrations. Send 31 one-cent stamps for the clothbound volume, or only 21 stamps for the book in paper covers,

#### The Quickest Cough Eradicator. (Prom the Shorteville, N. V., Enterprise.)

This is the month that one takes cold so easily and quickly-secures that "backing" cough, which is so perststently disagreeable as we know personal experience. And we glad know that the quickest eradicator of such cough has been Chamberiain's visit with Prof. and Mrs. if. B. Rogors, | Cough Remedy, and which has been our staunch standby for several years. This is no paid "puff," but merely a ust recognition of an invaluable remedy for coughs, colds, and all lung affections, and like the Editor. Grenwood, died vestenday morning, oner a hip-gering filmess of Bright's discuss. He was a well-known and respected citizen and had many Chark's Samunit where he will conduct town. This Remedy is for sale by all
