PERSONAL.

Miss Bertha A. Squire, of Waverly, is visiting at the home of Mr. and Mrs. J. H. Post, of North Main avenue.

Senator C. H. Stadler, of New York, returned to the metropolis yesterday, after spending a few days in the city.

Major W. S. Miller has so far recovered as to be able to move about his room, and his physicians look for a sure and speedy convalescence.

Miss Esther R. Davis, of South Main avenue, left yesterday morning for Mansfield, where she will resume her studies at the State Normal school.

F. L. Peck and Attorney Robert Peck leave this morning for a trip to the yellow pine belt of Mississippi and Louisiana. They expect to be gone about two weeks.

Mrs. Thomas Cowan, who has been spending the past few weeks with her sister, Mrs. Bailey, of 1509 Laurel street, left for her home in Morris-town yesterday morning.

Invitations have been issued announcing the approaching wedding of Wallace M. Roth, teller of the County Savings bank, and Miss Auguste, daughter of Mrs. Charles Frost, of 415 North Washington avenue. The ceremony will be performed at the home of the bride-elect Thursday evening, April 2.

Mrs. and Mrs. W. O'Boyle and daughter, Miss Nellie and May, of Pittston, and Mr. and Mrs. John J. OPENING OF ART EXHIBITION. Great Crowd Thronged the Scranton Club Last Night.

An event of exceptional importance interested a large number of guests at the Scranton club last night, on the occasion of the opening of the Associated Illustrators' Exhibition. Just how important this delightful affair was can scarcely be realized or the rooms would have been thronged to a still greater degree.

This exhibition marks an era not only for Scranton, but for this country. It is far more complete, as arranged in the Scranton club, than it was in New York, and it is to be seen only here and in Cincinnati and Chicago. That it is the best of its kind is attested by the public spirit of Thomas E. Jones, of the Scranton club. It came about through his friendship with H. S. Fleming, a member of the board of control of the Associated Artists, who is also an out of town member of the Scranton club.

Much interest last night was due to the presence of A. E. Wenzel, probably the most distinguished artist in many lines connected with illustrating in this or any other country, and the distinguished Luis L. Mora, Reginald B. Birch and Mr. Fleming, Mr. and Mrs. Mora and Mr. and Mrs. Birch are guests at "Fieldstone," Mr. Jones' suburban home.

Mr. Fleming received the guests with Mr. Jones last night, and made any number of friends. He will be here again during the exhibition, and expects to have Mr. and Mrs. Otto Bacher and perhaps John and Henry Hutt up next.

Mr. Wenzel's pictures were the centre of attraction much of the time. People stayed long to look at the great original of "The Gitts," the first of that wonderful series of Christmas pictures, which in its illuminated richness, such as few artists besides Abbey can depict, was followed by "The Processional," a religious view of the holiday, and then by the Bacchanalian aspect. This large piece, so splendid in detail and sumptuous in accessories, is valued at a thousand dollars. It may interest those who linger before it to know that the model for the little page, who presents the gift, was Mr. Wenzel's small son.

Mr. Mora's "Old Bachelor's Wooling" is one of the gems of the collection, and bears the closest, friendliest study. Mr. Birch's spirited "British Salute to Old Glory" is a prime favorite.

Any one interested in pictures may secure a card by application to members of the Scranton club. It is an exhibition which should be seen by thousands of our people. The pictures are all on sale.

SCHUMANN-HEINK CONCERT. Great Musical Event at the Lyceum Easter Monday Night.

The return of Madame Schumann-Heink to Scranton for the evening of Easter Monday at the Lyceum is looked for with the greatest enthusiasm by those who heard her on the occasion of her former visit to our city. Interest in her coming is no less aroused among those lovers of the finest music who from any cause were unable to hear her then. The concert in which she is to appear on March 21 will be the fitting climax to the series of rare musical occasions, beginning with Madame Nordica's appearance, which have delighted Scranton during the past season.

While it is in grand opera that Madame Schumann-Heink's great fame has, first of all, been won, especially in the rendering of some of the finest of Wagnerian dramatic roles, she has proved herself one of the most versatile of artists. In the lighter, brighter, melodic opera and in impassioned song and ballad recital she is equally at home, equally satisfactory.

It is not less a pleasure to great numbers of people that our own Miss Clara Horan, who for the past four years has been studying in Vienna, under the famous Leschetizky, Paderevski's teacher, is to make her debut as concert pianist on this occasion. Madame Schumann-Heink is also looking forward with much interest to hearing the performance of this gifted young lady, whose playing has already brought her such high commendation from select audiences in Germany where, on two or three occasions in chamber music programmes, she was during her summer vacations called on to play with artists who had already won distinction.

THE COMING CONCERT. Three Great Artists Are to Appear Here April 3.

Lillian Blauvelt made a visit to this city once before, and music-loving people will recall the furor which this beautiful young woman with the lovely voice created at that time. It will be a great pleasure to welcome her again, when she comes for the Home for the Friendless benefit on April 3. Few such combinations of talent have ever appeared in Scranton as Fritz Kreisler, Ben Davies and Lillian Blauvelt.

The Home for the Friendless is badly in need of funds. It will be remembered that no entertainment has been given for its benefit for more than a year, and that the usual excursion was omitted last season.

Suicide of Mrs. Lukas. Fannie N. J., March 20.—Mrs. Annie Lukas drowned herself and her infant daughter in the Passaic river today. Mrs. Lukas' husband died a year ago, and it is believed the hard struggle she had to support herself and five children affected her mind.

SYMPATHY FOR WEST SIDERS

TOO BAD CENTRAL CITY IS NOT LOCATED THERE.

That's what Mr. Clemons said in Select Council When Mr. Oliver Told of Sinister Motives and Other Things Behind Certain Items in Bond Ordinance—Recorder Vetoes Resolution Providing for Return of Major Fines—Director Wormser Reports 8,194 Vaccinations.

Ten members of the select council last night shut down on various attempts made by the other nine members present to amend the bond ordinance by inserting new items and the measure was passed on second reading in substantially the same form in which it came over from the common branch.

The ordinance was first reported favorably by committee on the city and passed on first reading. When it was called up on second reading Mr. Cosgrove offered an amendment adding an item of \$3,500 for the opening of Price street between North Main and Hyde Park avenues. The vigorous objection raised by Mr. Clemons to the passage of any amendments prompted Mr. Oliver to make a general attack on every portion of the bond ordinance except the \$100,000 item for the paying off of judgments.

He declared that West Scranton was entitled to something in the ordinance, and thought that there was what he termed a "sinister purpose" behind the insertion of many of the items in the ordinance. Mr. Clemons' sarcastic reference to "the old city of the West Side having thirty-one per cent of the city's population" worked Mr. Oliver up still more.

"We are the people," said he, "and we want the rest of the city to stand at least. We haven't got the most valuable property in the city, but we've got our share of it and we pay a big proportion of the taxes. We know our rights and we propose to insist upon them."

REPLY TO MR. OLIVER. "It's most unfortunate," said Mr. Clemons, "but many of the things provided for in this ordinance have got to go to some place besides West Scranton. We've got to have our central fire station in the central city, and the \$25,000 for parking can't possibly be expended on the West Side. It's altogether too bad that the central city is not located in West Scranton, and I appreciate the gentleman's feelings, but we've got to put up with things as they are."

The Cosgrove amendment was defeated and then Mr. Oliver introduced a couple of amendments providing for a change in the title and inserting the sum of \$50,000 for the erection of a new fire house and police station in Bellevue, respectively.

Mr. Vaughan offered two amendments, which were adopted without opposition. The one provided for the advertising of the proposed sale of the bonds and the sale of them to the highest bidder, while the other provided that none of the money realized should be expended until ordinances providing for the separate expenditures pass council.

RECORDER'S VETO. As predicted in yesterday's Tribune, Recorder Connell sent the communication to the city solicitor to confess judgment in the sum of \$304 in favor of John J. Murphy, esq., the same being the amount of fines collected by Magistrate Howe from Charles Major and the inmates of the city jail for gambling and gambling house maintained by him. The recorder stated that the money was voluntarily paid over, and that he was strongly against paying it back.

A motion to pass it over his veto was lost by a vote of 18 to 1. Chairman Connell then being the only one who voted in favor of passing the resolution. He explained that he thought the place had been properly conducted, and declared that an injustice had been done. Inasmuch as court reversed the magistrate's decision, the money would have to be paid back, anyway, he said. This prompted Mr. Vaughan to remark that the place at the time it was raided was "undoubtedly the most disgraceful in the city."

Another communication was received from Recorder Connell announcing the appointment of Rev. Dr. Robert F. Y. Pierce, pastor of the Penn Avenue Baptist church, as a trustee of the Scranton Public Library to succeed Rev. W. J. Ford, who has recently left the city. The appointment was unanimously confirmed.

A communication from Director of Public Safety F. L. Wormser, sent in compliance with a recently passed resolution, set forth that 8,194 persons of both sexes had been vaccinated at the expense of the city, at a cost of about \$1,300.

The committee on laws and ordinances created some surprise by presenting a lengthy written report recommending that the resolution directing the preparation of an estimate of the cost of dredging the Lackawanna river be not passed.

The reason advanced against the project and against the clearly allied one of widening the river to its original width were many and varied. It was pointed out that dredging would be impracticable, unless it could be continued for a very considerable distance below the city line, because the slow flow of the stream below would

THREE HOUSES WERE ENTERED

BURGLARS AT WORK IN THE PETERSBURG SECTION.

Early Yesterday Morning They Broke into the Residences of G. R. Ammerman, Edward Ammerman and Michael Nagell, but Took Nothing of Great Value—Entrances Effected by Forcing Windows. Police Declare That They Are "Hobo" Burglars.

A burglar or a gang of burglars, presumably the latter, visited the Petersburg section of the city early yesterday morning and entered three residences, besides breaking into two others. Nothing of any very great value was taken, and the police believe they can locate the guilty persons.

The men who did the job were undoubtedly experienced hands, but the police believe them to be a class known as "hobo burglars," as distinguished from the real out and out No. 1 professionals. The homes entered were in every instance those of well-to-do but not wealthy people. The police argue that if the burglars had been high class men they would have gone a little bit farther down the hill and made an effort to enter some of the homes of the wealthier class. They believe them to be the same gang which entered several homes in Minooka last Saturday morning.

In every instance entrance was effected in a similar manner, namely by forcing the window fastening with a piece of wire or metal. The method adopted is a brand new one, the police say.

The home of G. R. Ammerman, of 1213 Gibson street, was entered by means of the window leading into the parlor from the front porch. The lower floor was thoroughly ransacked, but nothing of any great value was taken. The articles missed were a silver sugar spoon and a silver souvenir spoon, a gold pen and penholder and a silver pickle fork.

The home of Edward Ammerman, a relative of the first mentioned, at 908 Webster avenue, was entered by a rear window. The burglars confined their attentions to the ground floor in this instance also and succeeded in getting away with a gold watch chain, a pair of gold spectacles and a pocket book containing about \$3. The family were aroused by a noise downstairs, and one of the members, who came down to investigate, found the place in a terrible state of disorder with the back window open. This fixes the time of the burglaries at between 2 and 4 o'clock during which period all the electric street lights in the neighborhood were out, giving the marauders a splendid opportunity to carry on their work unobserved.

Some \$3 in money, a ladies' silver watch chain and a half dozen of pocket handkerchiefs were taken from the home of Michael Nagell, of 921 Webster avenue, which was entered through a rear window. A window in the barber shop of Louis Rinsland nearby was forced open, but there was no evidence to show that it had been entered. A window in William Ruck's home near the same street was found open, but nothing inside was disturbed.

POOR BOARD REORGANIZATION. President Judge Edwards May Make Appointments Today.

President Judge H. M. Edwards will today, probably, appoint poor directors to fill vacancies resulting from the expiration of the terms of Dr. W. E. Paine, of Hyde Park; Frank Dickert, of the South Side, and Frederick Fuller, of the middle ward, of Old Scranton borough.

Ex-School Controller James A. Evans, who was elected director at the last election, will probably be named to succeed Dr. Paine. It is likely that Messrs. Dickert and Fuller will be named to succeed Evans.

The four Democrats who were elected at the last election have declared that they will demand seats, and in consequence a lively time may ensue when the board comes to reorganize this afternoon.

DRANK CARBOLIC ACID.

Deserted Husband Ends His Life After Sorrowing for Six Years. Made a Previous Attempt.

After sorrowing for six years over his wife's desertion, Henry P. Light, of Moosic, yesterday ended his life by drinking carbolic acid.

He lived over a vacant store on Main street, near the Delaware and Hudson station, with his twelve-year-old son, Frank, and a Hungarian laborer. For six months past he had been drinking heavily.

Light was 53 years of age and a laundress' occupation. His wife secured a divorce from him about six years ago and shortly afterwards went away with a traveling doctor. Light has been more or less dissipated ever since.

Inspector Saltry performed an autopsy yesterday afternoon and found that death was caused by carbolic acid poisoning. An inquest was deemed unnecessary.

THE FORTY-FIRST RECITAL. Conservatory Students Are Heard in Guernsey Hall.

The Conservatory of Music gave its forty first recital last evening to an audience which packed Guernsey hall and the corridor. While not differing in its character from the usual recital by Conservatory students the one last evening was one of the most interesting to the audience ever given by this institution.

Piano solos were played by the Misses Alice Hastings, Clemens Dorsey, Mary Yeager, Genevieve Berghauer, Grace Coolidge, Helen Elvin, Charlotte Crossdale, Norma Johns and Mr. Fred Kossman. Of these Grace Coolidge is deserving of special mention. She played two selections which were characterized by remarkable smoothness and clearness and admirable use of the pedal. Like praise is due to Norma Johns who, for her age, is making unusual progress.

Adeline Evans, of Old Forge; Lydia Hoskins, of Taylor; Edna Levan, of Moosic; Laura de Gruchy, of Hyde Park, played in unison, at four pianos, the Elfin Dance by Hennes. The effect was charming and merited the applause which was so cordially given. The most difficult unison work was the playing of the Sonata Opus 60, by Kuhlau, by Edith Doty, of South Scranton; Hazel Hessler, of Green Ridge; Mary Patterson, of Peterborough, Canada, and Nellie Schlager, of Scranton.

Two ensemble numbers by eight players at four pianos were rendered by two different classes. A glimpse into the thoroughness of the Eastlen system of instrumental training was given by Howard Beard, Florence Florey, Gertrude Hoban and Frances McCormick, when they played a selection in various major keys demanded by members of the audience.

Another feature of the last number was the director, Mr. Pennington, admonished the students to beware of the trash which passes under the name of music, which is too often conspicuously displayed in the windows of music stores. "There is," he said, "vast quantities of music for the young as pure and elevating in its tone as the literature of like character so easily to be obtained at the present day."

Both are important, no doubt. The sales on Courson's Gem Flour have increased wonderfully the past month. The people evidently believe both price and quality are correct.

It not only gives you the finest Bread, but more of it. Use one quarter less flour in mixing than other brands. You will have BETTER RESULTS.

FROM OCEAN TO OCEAN.

Wise Women Use the Great Spring Medicine.

PAIN'S CELERY COMPOUND It Is the Only Remedy That Can Provide for the Increase of Red Corpuscles in the Blood.

From every section of the land, from Maine to California, strong and well attested reports of women, bloodless, nervous, dyspeptic, neuralgic, rheumatic, and run down, and in many cases so weak as to be bedridden, who have been enabled to resume their places in the family and in social life, enjoying health, vigor, and true happiness, all through the aid of that great blood purifier, blood maker, and health giver, Paine's Celery Compound.

When Paine's Celery Compound is used, the rapid change in color, flesh, and expression of the face is so marked and observable, that repair of the wasted tissues might well be called a renewal of life.

Paine's Celery Compound is the only medicine that can effectively increase the proportion of red corpuscles in the blood; this is a source of power over all blood diseases, rheumatism, neuralgia, kidney and liver troubles, dyspepsia, indigestion, and general run down condition.

Mrs. Martha P. Lunceford, a well known and popular lady of Crawfordsville, Ga., grateful for her cure by Paine's Celery Compound, sends the following letter for the benefit of all suffering women:—

"I think it is my duty to let you know about the wonderful work Paine's Celery Compound has done for me. I have been sick for the past fifteen or twenty years with dyspepsia, heart and stomach trouble, and rheumatism, and so many diseases that I can't mention them all.

"As for sleep, I didn't know what it was to have a good night's sleep, and would roll and tumble and sit up in bed half the night. The second night I took Paine's Celery Compound, I went to bed and slept all night. You don't know how much better I felt in the morning. I have not lost a night's sleep since I have been taking Paine's Celery Compound. It is worth its weight in gold."
