MAY GET IN BIG LEAGUE.

Richard Monahan Goes to Paterson, N. J., to Confer with Manager Dooley, of Montreal Team.

There is a possibility that Richard Monahan, the promising young Carbondale ball player, will get a berth in some of the major leagues. He is now in Paterson, N. J., where he was to meet Manager Dooley, of the Montreal team of the Eastern league. Even if the negotiations for a place on the Montreal team be unsuccessful, Monahan will have the opportunity of be-coming known or introduced to prominent league managers, who may see a chance to have him accepted by some minor league team, where he will receive a valuable training, one that will develop him into the good player that he unmistakably shows promise of

The letter from Manager Dooley, requesting the interview at Paterson, ·was quite a surprise to Monahan, whose modesty forbade the thought that he in Brooklyn, N. As mentioned before, even if Monahan is not successful on his visit, he has the fact on which to congratulate himself that he has been brought before the personal notice of a big league manager, with the circumstance that it was unsought by him. The incident is sure to be prolific of results, f not now, then later on. He is sure to be borne in mind and opportunities of development are most likely to come to him without much waiting as there is a dearth of players in the big leagues that is painfully embarrassing to the managers.

Monahan is, perhaps, the youngest ball player in Carbondale that has ever been brought so directly under the notice of the major league managers. He is a member of the Crescents and is regarded as a crack infielder and a safe, though not heavy, hitter,

Even though separated by many hundreds of miles, her remembrance will be cherished by those she leaves behind her in Carbondale, whose intimate acquaintance with her revealed the womanly qualities she happily possesses.
