CASE LIKE SMALL POX AT WAYMART

Burt Hill Stricken at the Home of Lewis Cliff—The House Quarantined Until an Examination Can Be Made Today by Several Physicians.

A case that has many of the symptoms of small-pox is under quarantine in the village of Waymart.

The patient is Burt Hill, a young man who was stricken about a week ago, and who has continued to develop symptoms that have caused the physicians to be concerned as to it being a case of small-pox. The sufferer is located at the home of Lewis Cliff, which is located on the main street of Waymart, close to the Methodist church.

The house is already under quarantine. This measure was employed as a precaution as soon as the suspicious symptoms manifested themselves. Dr. Corson, of Waymart, is the physician who is in charge. When the young man was first stricken, he was a year that it might be small-pox. The symptoms, however, had not developed so as to make a positive diagnosis. Day by day, however, the case had grown more like a case of small-pox and to insure the safety of the community the physicians who saw the patient advised a direct and strict quarantine to be maintained. Yesterday there was an eruption that encircled Hill's body and when this was observed the aid of older physicians, those who had never seen and attended cases of small-pox, was sought. Accordingly, today outside physicians will go to Waymart to examine the patient and pass judgment on his condition.

Dr. H. V. Logan, of Scranton, the physician in this section for the attendance of health, was notified last night. It is expected that it will be determined positively today whether or not the case is small-pox.

In the meantime the quarantine will be rigidly enforced. Not only this but persons who have come in contact with or near the case have been vaccinated. The residents of Waymart are also being vaccinated. It is a matter of congratulation among the people of Waymart that the quarantine was established so soon as the patient came under the notice of the doctor.

Hill is one of a family of brothers who own the old Hollenback farm in Waymart. He was at Salem, a few miles from Waymart, for some days before returning to Waymart sick a week or so ago. He went to the Cliff house on reaching Waymart and has since been there. The circumstances of his having been away from home, and in the possible danger of having come in contact with persons who came from towns where small-pox existed, caused the physicians to order the quarantine, immediately after noticing his symptoms.

THE NEW WOMAN.

Made Over by Quitting Coffee.

Coffee probably wrecks a greater percentage of Southern than Northern people, for Southerners use it more freely.

The work it does is distressing enough in some instances, as an illustration. *News-Sun*, of Fairfax, Va., writes: "I was a coffee drinker for years and for about six years my health was completely shattered. I suffered fearfully with headaches and nervousness, also palpitation of the heart and loss of appetite. My sight gradually began to fail and finally I lost the sight of one eye altogether. The eye was operated upon and the sight partially restored. Then I became totally blind in the other eye. My doctor used to urge me to give up coffee, but I was wilful and continued to drink it until finally in a last case of severe illness the doctor insisted that I must give up the coffee, so I began using the Postum Food Coffee, and in a month I felt like a new creature. I steadily gained in health and strength. About a month ago I began using Grape-Nuts Breakfast Food and the effect has been wonderful. I really feel like a new woman and have gained about 25 pounds. I am quite an elderly lady and before using Postum and Grape-Nuts I could not walk a square without exceeding fatigue; now I walk ten or twelve without feeling it. Formerly in reading I could remember but little, but now my memory holds fast what I read."

Several friends who have seen the remarkable effects of Postum and Grape-Nuts on me have urged that I publish the facts to the public for the sake of humanity, so, although I am a publicist, you can publish this in my name if you like."

IN DYING CONDITION FROM HICCOUGHS

Edward Casey, of Powderly Road, Is Almost in a Dying Condition from an Attack That Has Lasted Three Days.

Edward Casey, of Powderly road, one of the best known residents in Carbondale township, is in a dangerous way from an attack of hiccoughs that has reduced him to a desperate state of weakness. Last night, while there was hope of the attack being controlled, it was exceedingly weak. Since Friday, he has suffered spasms after the muscular contraction of the diaphragm being so violent that he has been unable to receive any nourishment, even a liquid like water exciting the muscles and greatly aggravating the attacks. Casey was stricken on Friday. A physician was called immediately. For the first few days the hiccoughing was violent only during a few hours of the day. Since Sunday, the attacks increased in severity and number, and have continued to grow, until now there is little prospect of controlling them. The heroic remedies that are usually applied were all employed, but were of no avail in subduing the hiccoughing. Unless the spasms are controlled within two or three days, at the most, the patient will die. The strength of the attacks and lack of nourishment that he will die of exhaustion. Mr. Casey is well-known in this city. He has been active in politics in Carbondale township, and has held the office of supervisor for two terms.

HOLY WEEK SERVICES.

Programmes for Trinity Episcopal and St. Rose Churches.

Tomorrow, Maundy Thursday, and the next day, Good Friday, the closing days of the ecclesiastical season will be solemn days of worship in the Catholic and Episcopal churches. The observance of Holy Thursday will be more particular in St. Rose church than in Trinity, and on Good Friday the day will be given over almost entirely to prayer and meditation in the latter house of worship.

At 7:30 tomorrow morning in St. Rose church there will be a solemn high mass followed by the imposing procession of the blessed sacrament from the main altar down the center aisle and up the side aisle to the Blessed Virgin's altar, where the consecrated host will be placed in the beautiful repository for the adoration of the congregation. This is in commemoration of the institution of the blessed eucharist. The service will be enriched with flowers and illuminations.

On Good Friday morning the mass of the pre-sanctified will be sung, commencing at 8 o'clock. Preceding this service, the blessed sacrament will be carried in procession from the repository to the main altar. In the evening Father Baker, of the Redemptionist order, will preach on the Passion. On Easter Saturday morning, commencing at 7:30, the blessing of the Easter water, paschal candle, baptismal font and the fire will take place, with a high mass.

AT TRINITY CHURCH.

On Good Friday there will be morning prayer and the communion office, as far as the congregation at 10:30 o'clock. At 3 o'clock in the afternoon a devotional service will be held. The three hours' service usually conducted will be omitted this year. At 7:30 o'clock there will be evening prayer. The sermon will be delivered by Rev. R. A. Sawyer, D. D., of Montclair, N. J., father of the rector. There will be special music on Good Friday at the several services. In the evening among other numbers the Passion of Jesus will be sung by the choir.

The services on Easter day will be the most elaborate ever held in the church. The vested choir will be enlarged to fifty members and the musical programme will be a long one. In the morning at 7:30 a communion service, including special musical numbers, will be celebrated. There will be morning prayer and sermon with special music at 10:30 o'clock and evening prayer, sermon and special choral work at 7:30 o'clock. CLARK GOT THREE YEARS.

Punishment of Soldier Lad, Whom Chief McAndrew Landed.

"Corporal" William Clark, the gay soldier lad, who cut quite a figure here a few months ago by flashing up and down the main street in uniform of blue, is now in the penitentiary and will be there for the next three years, unless he is called away or is pardoned.

The "corporal" was given this sentence by Reading, this state, a few days ago. The news was received yesterday by Chief McAndrew, who made as clever a capture, by arresting Clark, as was made during his term of office. Clark came here dressed in a soldier's uniform and wearing the stripes of a corporal. He gave out that he was a recruiting officer, and that he intended to open a station in this city. On the strength of these representations, Clark was given board and lodging at Clark's boarding house. At the same time he was making himself acquainted with several young men of the town, who were taken in by his cleverly told stories and his apparent sincerity. He had even made arrangements for the hire of a horse and buggy from one of the local liverymen, when Chief McAndrew walked in on him and landed him in the city jail. The chief read in a Philadelphia paper of a man, who answered Clark's description, who was wanted for horse stealing. He spotted Clark, and, subsequent to that time, he took the right man.

Clark was the most cheerful storyteller that the local newsman ever met. He told the most palatable falsehoods, and he spun stories about himself until, at length, he got so puffy that he got rid of his smoking car. It developed, as suspected, that Clark was no soldier, and that the suit of blue was a means of aiding his craft schemes. There were other charges against him, besides the one on which he was sentenced, horse-stealing, but he will escape punishment for these.

A DISTINGUISHED VISITOR.

State President of Daughters of Rebekah Coming to Carbondale.

The most important event, perhaps, in the history of Lucretia lodge, No. 109, Daughters of Rebekah, of Carbondale, on Tuesday evening, April 8, when the lodge will have as its guest Annie B. Cogswell, of Philadelphia, president of Rebekah State assembly.

Aside from the honor of the visit, more importance is attached to her coming, because of the fact that it will be the first time that the state president has ever visited Carbondale. Accordingly, when it was announced that the lodge meeting last evening of this order was coming, a spirit of enthusiastic satisfaction pervaded the lodge. Plans for her reception and entertainment were at once informally discussed and the incidents of her visit were eagerly anticipated. Already a committee has the arrangements in hand for the state president's entertainment, and it can be assured that the occasion will be a memorable one and the distinguished visitor will have reason to be satisfied with the spirit and hospitality of the daughters of Rebekah of Carbondale.

Mrs. S. N. Bayley was elected at this meeting as delegate to the sessions of the State assembly, to be held in Erie in May.

The funeral of the late Mrs. S. E. Miller was held yesterday morning. A brief service was held at the house at 8 a. m., after which the remains were taken to the Baptist church, where the pastor, Rev. Maynard R. Thompson, was assisted by Elder W. B. Grov, of Carbondale. Mr. Thompson took as his text: "And I heard a voice from heaven saying: Blessed are the dead who die in the Lord from henceforth; yea, saith the Spirit, that they may rest from their labors; and their works do follow them." The choir, assisted by two or three other singers, sang "Abide with Me," "Asleep in Jesus" and "Soft and Lowly We Understand." The funeral cortege then wended its way to Shady-side cemetery, where the last sad rites of the dead were observed. The pallbearers were: C. D. Winters, H. H. Willman, B. Parley, Davis, Philip Baker and Calvin Vail. Mrs. Miller, formerly Miss Edna A. Taylor, was born in Scott township, nearly fifty-eight years ago. She has lived with Mr. Miller in happy married life for about forty years. She is survived by her husband, two married daughters, Mrs. John Vail, of this place, and Mrs. Varcoe, of Colorado, and one son, Hugh, and a sister living in Scott.

An overheated chimney started a blaze, which burned a small hole in the roof before passersby, who stopped, extinguished it by means of a few buckets of water. The damage was slight.

Conducts a Sanitarium Now.

It will be of interest to Carbondalians to know that Dr. Thomas C. Fitzsimmons, who was once eminent among the practitioners of this vicinity, is going to conduct a sanitarium at Dallas, which is located along the mountain between Wilkes-Barre and Harvey's lake. The building, which is being changed to meet the needs of a sanitarium, was formerly the handsome Highland hotel. Will Orr, of Wilkes-Barre, son of Alexander S. Orr, who built the hotel, will be associated with Dr. Fitzsimmons.

Calf Causes Trouble.

A calf belonging to John Couture, of the West Side, was the cause of sending a neighbor, Mrs. Kate McNulty, to jail yesterday, on three charges, larceny, making threats and common scold. Alderman Atkinson committed her in default of bail.

Mrs. McNulty claimed the calf eat her rose bushes and did other damage about her home. She clapped the heifer in her coach, keeping it there for several days. In the dispute that followed, the alleged threats and the scolding on the highway took place.

Mishap on Honesdale Line.

An accident that had a big element of luck in it happened on the Honesdale branch of the Delaware and Hudson last night. As the evening passenger train was coming into the city around the curve, south of Lincoln avenue, a journal on one of the coaches snapped. Luckily the trucks kept to the track and no harm resulted. The members of the Primitive Meth-

The newspapers gave only brief space to the story of the Western man who fought a pack of wolves to save his wife. Even then the story dwelt more on the peril of the woman than the courage of the man. It is natural that a man should stand between his wife and peril. It is to be expected that if he sees her in danger he will hazard life to save her. And yet the man who would rush into a burning building at his wife's cry of need, or face a horde of wolves in her defense will see her scorched and torn by disease without a thought of giving her help. As a fact it is not because a man is careless or unsympathetic that he makes no effort to spare his wife the suffering of womanly diseases, but because no man can ever understand the awful misery which can be produced by womanly diseases. Then again the diseases that undermine the woman's strength and health progress gradually. To-day is compared with yesterday, and the comparison does not show any particulars change. But if side by side the husband could see the face and form of the bride of a few years back and the face and form of the woman wife of to-day, the change would shock and alarm him. He would not let her drift along another day at the mercy of disease. If she told him that she had "doctored" and taken medicine but without any benefit, he would begin to inquire what medicine there was which could be relied on as a safe cure for womanly ills, and he would listen eagerly to such an experience as is here related by Mr. Lewis A. Miller:

"My wife commenced to complain twenty years ago," writes Mr. Lewis A. Miller (Ex-Chief-of-Police), of 33 Prospect Street, Weissport, Pa. "We have tried the skill of twelve different doctors. She took gallons of medicine during the time she was ill, until I wrote you and you told us what to do. She has taken eight bottles of Dr. Pierce's Favorite Prescription and six of the 'Golden Medical Discovery.' She can do her own work now and can walk around again and is quite strong. She is still continuing the use of the medicines, and will do so, for there is nothing better on earth. You can publish this letter if you wish. We have received such benefit that we wish every sufferer could derive the same amount of good. My wife's complaint seemed to be a complication of diseases—so the doctors said. We will ever remain your friends. May God bless you and your Institute."

Dr. Pierce's Favorite Prescription may be relied on as a safe and reliable remedy for the cure of womanly diseases. It contains no alcohol and is entirely free from opium, cocaine and all other narcotics. It establishes perfect regularity, dries the drains which weaken women, heals inflammation and ulceration and cures female weakness. It cures headache, backache, nervousness, sleeplessness and other results of a diseased condition of the delicate womanly organism.

"My wife was afflicted with uterine trouble for several years," writes Mr. J. C. Day, of Little Britain, Lancaster Co., Pa., "and in November, 1898, the doctor said she had a mishap. He treated her for about two months or so, but there was but little improvement. I wrote you after she had commenced to take 'Favorite Prescription' and you told us to get 'Golden Medical Discovery' also. She took six or seven bottles of 'Favorite Prescription' and two of 'Golden Medical Discovery,' and was cured and able to attend to her household work once more."

Mr. Miller and Mr. Day both wrote to Dr. Pierce for advice, and freely received it, to the lasting help and benefit of the wives who were sick.

Any sick woman has the same privilege of consultation by letter, free, with Dr. Pierce. All correspondence is strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

If your case is peculiar; if you have "doctored" for years without permanent benefit; even if your condition has been pronounced incurable, write to Dr. Pierce and receive free the benefit of his wise medical advice and kind, fatherly counsel.

"My wife was sick for eight years," writes Albert H. Fulte, Esq., of Alton, Grundy Co., Tenn. "She had uterine disease and was treated by two physicians and got no relief. At last I read in one of your Memorial books which you sent me, about Dr. Pierce's medicines and we decided to try his 'Favorite Prescription.' I sent to the drug store and got one bottle and the first dose gave ease and sleep. She had not slept any for three nights. Being sure that it would cure her I sent for five more bottles, and when she had taken the sixth bottle she was sound and well."

Dr. Pierce's Favorite Prescription has worked wonders for weak and sick women. It has cured womanly diseases when all other means of cure had been tried in vain. Its cures are thorough and lasting. Sick women are cured and stay cured. Weak women are made strong and kept strong by this great woman's medicine.

Sometimes a dealer, tempted by the little more profit paid on the sale of less meritorious preparations, will offer a substitute for "Favorite Prescription" as "just as good." Judged by its record of cures of womanly ills, there is no other medicine just as good as "Favorite Prescription."

AS A MEDICAL GUIDE for home and family use there is no work superior to Dr. Pierce's Common Sense Medical Adviser. It contains more than a thousand large pages, full of advice and instruction, and the text is illustrated by over 700 pictures. This great work is sent FREE on receipt of stamps to pay expense of mailing ONLY. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers. Address Dr. R. V. PIERCE, Buffalo, N. Y.
