It Is Intimated That This Step Has Been Taken in the Interest of Senator Penrose-Other Candidates in the Field.

By Exclusive Wire from The Associated Press. Philadelphia, April 11.-After months of silence United States Senator Quay announced today that he is opposed to the nomination of Attorney General John P. Elkin for governor of Pennsylvania. This announcement came as a great shock to the friends of Mr. Elkin and has caused a tremendous stir in political circles. Insurance Commissioner Durham, leader of the Republican party here, who some time ago publicly announced that he was for Elkin "sink or swim," has been won over, and in an interview with a representative of the Associated Press tonight said he concurs in the view taken of the situation by Senator Quay, who in a statement, issued to night, said that General Elkin's nomination would "threaten the Republican success upon the state, congressional and legislative tickets."

Senator Quay arrived here from Washington yesterday and has held numerous conferences with Durham and other political friends during the last forty-eight hours at his headquarters in the Hotel Stratford, Senator Quay's attitude was positively known to his friends, yesterday, and early this evening at a long conference with the senator, General Elkin learned from the senstor's own lips his attitude in the matter. What actually took place

He at once wired Sheriff Dickman and also telephoned him to stay the execution, he says, the order being sent at 6 o'clock. The telegram reached St. Louis thirty-five ninutes too late and the telephone message ten minutes too late. Governor Dockery stated that Flutcher

Monday. Brussels, April 11.-Telegrams from the country districts indicate the widespread character of the socialist movement which threatens to culminate in a grand coup next week, during the reform debate in parliament. Sharp fighting between strikers and

gendarines occurred this morning at Bracquegnies, near Charlerol. Several thousand strikers attacked and stoned a body of gendarmes, who retaliated by firing their revolvers. A sharp fu-

sillade followed, and the gendarmes were compelled to retreat. A squadron of lancers, however, galloped up and charged and dispersed the mob. Additional regiments of cavalry, infantry and engineers arrived here this morning. A battalion is held in readi-

Messrs. Money, McLaurin, Simmons and Blackburn Each Explain the Manner in Which Elections Are Carried on in Their States-Mr. Teller Supports the Chinese Exclusion Bill in a Brief Speech-Debate on the Cuban Reciprocity Measure Is Continued in the House.

By Exclusive Wire from The Associated Press. Washington, April 11.-Some remarks which Mr. Depew, of New York, made concerning the proposed resterday amendment to the constitution providng for the election of senators by popular vote. in the course of which he adverted to southern election methods, precipitated a lively three hours' debate in the senate today. Mr. Money, of Mississippi, to whose state reference had been made by the New York senator, replied tartly to some of the statements of Mr. Depew and defended the suffrage clauses in the Mississippi constitution.

Mr. Depew made a warm reply and attacked the election methods not only of Mississippi, but of several other southern states. He intimated if fair methods were employed in those states one of his former pupils, last Wednesday night, with the small hatchet Republican senators would be here as their representatives. His remarks which was found in his kitchen last drew a sharp fire from several senators. Mr. Money and his colleague Mr. McLaurin, explained Mississippt afternoon, waived an examination and election methods, and Mr. Simmons, of @ was committed to jail without ball. To-North Carolina, pointed out that Mr. Depew had been entirely mistaken corder's court and asked to plead about the operation of the constitution guilty. Cuban Reciprocity Talk.

Debate on the Cuban reciprocity bill ontinued in the house today, the principal speeches being made by Mr. Long (Kansas), a member of the ways and eans committee, who from the first ardently supported the proposition for reciprocity and who originally favored reduction of 40 per cent., and by Mr. Shafroth (Colorado), who opposed the bill on the ground that the sugar trust, which he said was waging a war of extermination against the beet sugar industry, would be its chief beneficiary. The leaders of the house, who have been much worried as to the outcome of the controversy, were considerably relieved today, when Mr. Watson (Indiana), who is acting as the Republican whip on this occasion, informed them that, after a careful canvas, he was positive that when the attempt was made to overrule the chair, in order to make way for an amendment to abolish the differential on refined sugar, the

chair would be sustained. On both sides it is conceded that the uncertainty regarding the fate of the bill hinges upon the question of overruling the chair. Despite Mr. Watson's canvass, there are those among the opponents of the bill who still contend that they will win the victory.
