THE "CANNON BALL" IS BUYING PROPERTIES

The Kennedy Row on River Street Has Been Sold, Presumably to the New Railroad—Representatives Making Purchases on Eighth Avenue, Along the Proposed Route of the Road—The Possibilities of the "Cannon Ball" Being Widely Discussed.

Since the exclusive announcement in The Tribune that the new road from Scranton, the "Cannon Ball" proposed to enter the city along River street to Sixth avenue, this has been the chief topic of discussion in business circles, and, in fact, in every circle of the city. An interesting development is that representatives of the road are in the city for the purpose of purchasing the real estate that lies along the path staked out by the surveyors of the new road.

Yesterday it was learned that the Kennedy property on River street had been sold, presumably to the new road. The news of the sale came in a telegram to Hon. John P. Reynolds, local counsel for the Co-Operative Building bank of New York city. The building bank controlled possession of the property, the block of houses on the east side of River street along the river bank, at sheriff's sale some months ago. Yesterday forenoon the bank sent the brief telegram to Mr. Reynolds that informed him of the sale. No particulars were given. The message read "The Kennedy property is sold."

While this information is meagre, it is suspected that the new road, as it has the same claim on the property as on the land of Mrs. Carril Gaughan, who was served with the notice Tuesday informing her that her land was claimed by the railroad under the sweeping rights of eminent domain.

The "Cannon Ball's" representatives are also making other purchases of land in this city. Yesterday an agent from Scranton called on Cornelius Smith, of Eighth avenue, with reference to the deed of his property, with the view of purchasing a portion, if not all, of his land.

The Smith property is on the east side of Eighth avenue, running back to the river bank. It was stated that the route surveyed was along the river behind Brooklyn street over the Delaware and Hudson tracks, continuing along the river bank in the rear of Eighth avenue, to River street, thence along the west river bank on River street.

Speculation as to the Anthracite being the terminal is being revived. The story that the road will end at the Murtha property on River street is being discounted. There would be no room there for switching the cars. Neither would there be room enough for a loop. With the Anthracite as a terminal, however, there would be abundant room for a loop. It could be commenced at the Gaughan property, swinging over the river along Sixth avenue, the other end leading from the

"YOU MEAT EATERS."

The Baltimore Man Says Things.

"You meat eaters who are alling in my sort of way might take a valuable diet from the following: A gentleman in Baltimore writes: 'For a long time I steadily ran down because of an intense pain in my side, and also in the pit of my stomach. I was miserable and everything I ate caused distress. I fell away from 185 pounds to 150. Lost my ambition for work, was drowsy all of the time, felt as tired in the morning as I did upon going to bed at night.

"I was a steady meat eater three times a day for seven years. Someone told me that if I would change my diet and take Grape-Nuts Breakfast Food at two meals in the day I would improve. I made the experiment and in less than two weeks began to improve very rapidly. My appetite came back and I slept better than I had for months.

"I used Grape-Nuts both at breakfast and lunch, and at a little meat for dinner, but not much. I discovered that a few teaspoonfuls of Grape-Nuts would furnish more nourishment than quantities of meat.

"My improvement has continued until now I weigh 165 pounds, which is a gain of 45 pounds in five months, and I feel in magnificent condition. Please do not publish my name if you use this letter, but I will gladly tell any person of the benefits received if addressed, stamped envelope in hand." Name given by Postum Co., Battle Creek, Mich.

EX-CONDUCTOR DALEY DEAD.

Pioneer Ticket-puncher of the D. & H. Is Summoned Hence.

Ex-Poor Director Alvah W. Daley, who was known to every resident in Carbondale, where he has been a conspicuous figure for upwards of thirty years, died at the residence on Washington street, during the noon hour yesterday, of apoplexy.

He was stricken on Sunday morning last, as he was about to leave his home for a stroll. His death, while not unexpected, will nevertheless be a shock to the community, as it is less than a week since he was moving about among his friends, apparently in the full enjoyment of his health.

Mr. Daley was born in Brooklyn, Susquehanna county, on May 18, 1838. He came to Carbondale in his youth, obtaining employment under the Delaware and Hudson company. His conscientious work earned him many promotions. He was one of the early conductors on the gravity between Carbondale and Honesdale, before the steam route of the Delaware and Hudson was opened between this city and Scranton. When the latter was ready for traffic, Mr. Daley was one of the first conductors. After a long term of years with this company, Mr. Daley left the road and went into the heavy business, in which he was quite successful. He was not devoted to any business activity.

He was in the war of the Rebellion, serving during the Gettysburg engagement, in Company F, Thirtieth Pennsylvania Volunteers. He was a member of William H. Davies' post, Grand Army Republic of this city. He was also a member of the Grand Army of the Republic since the death of Hon. John Kelly. Though he did not strive for public office, he served a term as poor director, and was one of the park board.

Mr. Daley was wedded in 1868 to Miss Martha Widger, who died April 22, 1894. He is survived by two daughters, Misses Annie and Henri; two brothers, William and Horace, both of Carbondale; two sisters, Mrs. Harriet Briggs and Miss Louisa Townsend. Mr. Daley had a social side that made his company pleasant and congenial. He was devoted to his family, and his demise will be a sore grief for his two daughters to bear.

AMUSEMENTS.

"The Runaway Girl" Tonight.

One of the many excellent features of the production of the musical comedy, "A Runaway Girl," which will be seen at the Grand tonight, is the magnificent carnival scene in the last act. The locality is supposed to be near the city of New York, and the scenery is a most interesting and picturesque one. The costumes are worn by the participants, and a very entertaining and decidedly interesting carnival of dance and music is introduced.

About the Harry Jenkins Company.

A COAL MINER'S FAWFUL PERIL

SAVED BY A MINISTER FROM A TERRIBLE DEATH.

The Story of the Rescue as Told by the Man Himself—To the Knowledge and Confidence of Rev. Ernest Graves He Owes His Life.

David Collins, a coal miner, employed in one of the mines at New Straitsville, Ohio, had a narrow escape from a horrible death. He tells the story himself as follows:

"While I was at work in the mine," he says, "I began to notice a feeling of oppression. It came upon me very gradually but steadily grew worse and worse until finally I became really sick. My stomach was most affected. I became very sensitive and would not retain food at all. My bowels also troubled me, my limbs were swollen and I had frequent hemorrhages of the teeth and gums and nose. For nine months I was under a physician's care but I kept growing worse till I was obliged to stay in bed. After I had been in bed three days six different physicians called and all pronounced my case incurable. They said I had pernicious anemia—one of the most hopeless of diseases.

"Then, when the doctors acknowledged that they had done all they could, and I could not take their medicine, nor could they prescribe anything else, the Rev. Ernest Graves, pastor of the Baptist church here, suggested the use of Dr. Williams' Pink Pills for Pale People. My stomach retained the pills when the physicians' medicines produced the greatest distress. As near as I could judge I could judge immediate relief followed.

"There is only this to add: My death was hourly expected and upon taking Dr. Williams' Pink Pills according to directions I left my bed in a few weeks and was on the way to recovery. I continued their use and was cured. Many other revelations are using this wonderful medicine with excellent results."

The Rev. Ernest Graves, pastor of the Baptist church, New Straitsville, to whom Mr. Collins refers, speaks of his case as follows:

"We have a striking example of what Dr. Williams' Pink Pills for Pale People have done in this community at the present time, a case that borders on the miraculous. It is that of David Collins, a member of my church and a very valuable helper in it. A few months ago he was taken very sick and was given up to die by six doctors, and Dr. Williams' Pink Pills cured him, and so thoroughly that now this man who the doctors said must die can be found any day working in the coal mine. I count it a great privilege to be able to say I advised, nay, rather I insisted upon his taking Dr. Williams' Pink Pills.

"I have great confidence in these pills and believe them to be all that is claimed for them. The confidence has been brought about in various ways. In the first place this remedy was brought especially to my notice by my wife's brother who had suffered from anemia and was cured by Dr. Williams' Pink Pills. Since hearing of the fact I have always deemed it my duty to advise the use of this medicine to all I meet who are suffering with that or kindred disorders."

Dr. Williams' Pink Pills for Pale People will never fail to effect a cure if used persistently for a reasonable length of time. They may be had of all druggists or direct from the Dr. Williams Medicine Co., six 50 cent boxes for two dollars and a half, postpaid on receipt of price.

THE CEE ESS CEE.

Leading Social Club Entertain Their Many Friends.

Burke's hall presented an animated and beautiful scene last evening with the merry dancers who were there as the guests of the Cee Ess Cee social club, which has attained a high degree of efficiency in the way in which they conduct their socials. The hall was lavishly decorated with potted palms and ferns. The red lights, with the ferns and palms for a background, made the scene one of grandeur which was greatly enhanced by the pretty maids attired in beautiful costumes. The men, too, in their natty costumes, added to the scene. The social was a grand success and reflects much creditably upon the committee in charge. In the crowd, which enjoyed itself until a late hour, were many out of town people, who were loud in their praise of Carbondale hospitality. The Mozart orchestra furnished the dance music and carried out their share in the grand success in a manner which called for many compliments.
