MILITARY BALL IN MEARS HALL

COMPANY B, FIRST REGIMENT OF LANCERS, ENTERTAIN.

Exhibition Drills by the Young Men's Drill Organization, of Wilkes-Barre, and the Father Whittys, of North Scranton—Wedding at Holy Cross Church—Concert Tomorrow Evening—Cases in Police Court Yesterday—Funerals, News Notes and Personals.

The most successful military ball ever held in the city occurred at Mears' hall last night, when Company B, First Regiment of Lancers, of the Catholic Total Abstinence Union of America, held their first annual event.

The features of the affair were the exhibition drills by the Young Men's Drill Organization, of Wilkes-Barre, and the Father Whittys' society, of North Scranton. Both went through the intricate evolutions with precision and correctness, and each earned generous applause and commendation from the large assemblage.

The Wilkes-Barre company presented six sets of outfits, under command of Lieutenants Matthew Reed, James Snee and Michael Ramsey. They wore the regulation military uniforms and caps, and presented a splendid front. Their marching was very pretty and showed that the company has been well drilled by Colonel Phillips.

The Father Whittys had eight sets of outfits, under command of Major Joseph Duggan, first lieutenant, George Loftus; second lieutenant, M. J. Ruddy; first sergeant, M. J. Coleman; bugler, Timothy Maxwell. They first gave an intricate drill, and afterwards a cavalry sword drill, both of which were well executed.

The final movement was a rally around the flag, with a song, and piano accompaniment by Rev. J. V. Moylan, chaplain of the First Regiment. The members of Company B, from St. Paul's Pioneer corps, were also present in full uniform, and all three companies paraded down Main avenue, accompanied by a drum corps, early in the evening.

One hundred and twenty-six couples were in the grand march, led by Captain John P. Murray and Miss Margaret Martin, and several hundred others were in the hall as spectators. The music for dancing was furnished by Prof. Tennie, who gave excellent satisfaction.

Frank Sipple's Assaults.

The five men who were implicated in the assault on Frank Sipple at the Continental on April 5, in which he had three ribs broken and was otherwise maltreated, are now all under arrest, and will be given a hearing at 7 o'clock this evening in Alderman Davies' office.

The prosecutor is as yet unable to leave his bed, but will be represented at the hearing by Attorney Joseph Joffreys. The defendants are Stanley Jovokofski and Joseph Zima, who were committed to jail in default of bail; Stanley Jolinski, now under \$1,000 bail; John Wisniewski, under \$200 bail, and Frank Kuminski, under \$200 bail.

The two first named were arrested about a week ago, and have since been confined in the county jail, awaiting the result of Sipple's injuries. The last three named were arrested Monday night and were admitted to bail yesterday.

Was Not Assaulted.

The story published in some of the papers yesterday to the effect that Miss Pearl Lewis, a domestic in the employ of a family on South Sumner avenue, had been "brutally and cowardly assaulted by some unknown ruffian" on Sunday night, is not true.

The young woman is subject to fainting spells, and when she was entering the house Sunday night was evidently frightened by the footsteps of an approaching man along the deserted street and fainted. She made no outcry.

One of the boarders happened to lean out of an open window, directly overhead from where the girl was found, and noticed her lying on the steps. She was taken into the house, where it was learned that she was uninjured, only having suffered from fright.

FROM SOUTH AFRICA.

New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the wummy teat the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby." This remedy is for sale by all druggists.

SOUTH SCRANTON

MEETING OF PROPERTY OWNERS ABOUT SEWERS.

They Object to the Assessment Levied for the Construction of the Eighteenth District Sewer System. A Committee Appointed to Fight the Assessment—Successful Concert of the Junger Maennerchor. League Bowling Match Will Be Played This Evening.

Another meeting of property owners, who reside along the line of the proposed Eighteenth district sewer, was held in Nowicki's hall, on Pittston avenue, last evening. C. T. Boland presided, and P. F. Tigau acted as secretary. William Kammer was selected as treasurer. The meeting was to protest against the alleged high assessment. It was stated that parties who would be benefited had not been assessed at all.

It is claimed that the residents escaping taxation for the improvement only need have a resolution passed in council to connect, although they are not called upon to pay a pro rata share of the cost. To overcome this apparent injustice it was suggested that an effort be made to have the district enlarged, and falling in that, to have the assessment readjusted, because in some cases the assessment is almost as much as the property is worth.

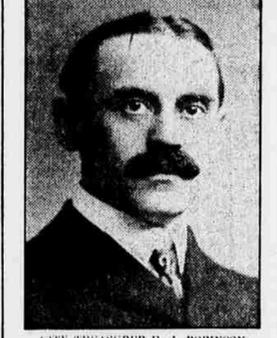

The following committee was chosen, from about one hundred property owners present at the meeting, to carry the matter to court and ask for a board of viewers, if necessary: D. H. Barry, Patrick Walsh, Martin Flaherty, P. F. Tigau, Michael Scanzler, Peter Kuhn. They will add to the committee at their discretion, and a sum of \$24 was collected last evening to help defray expenses in securing legal advice.

A Study Organization.

The concert of the Junger Maennerchor, which was held in Music hall Monday night, was thoroughly successful in every respect, and their popularity was, if possible, more firmly established than before. The complete and satisfactory arrangements, which added a substantial sum to the treasury, was due in a large measure to the committee in charge of the details.

City Treasurer E. J. Robinson is the popular head of the society, and since he assumed the presidency the organization has advanced by leaps and bounds, and it is now one of the strongest musical aggregations in the city.

Mr. McLaughan was in usual health until about two hours before his death, when he sustained a serious attack of neuralgia of the stomach. A physician was summoned, but heart compression set in, which put the sufferer beyond the reach of medical aid. The deceased was about 75 years of age, and is survived by a wife, three daughters and one son. They are: Mrs. E. D. ELLA E. TEETER died at her late home in Hawley, Pa., on Sunday morning at 4:30 o'clock of pneumonia, after an illness of one week. Funeral will be held at her late home this afternoon at 2 o'clock. Rev. J. P. Orms officiating. Mrs. Teeter was born at Hawley, March 29, 1852, and had lived there ever since, consequently she left a large circle of friends to mourn for her. She had been a consistent and earnest member of the Presbyterian church, and was district secretary for the Wayne county Christian Endeavor convention. She was well and favorably known throughout

Imagine a monster sixty feet in height. He could play Peeping Tom at the windows of the tallest dwelling, could crush its walls like an egg-shell and reach into the ruins and gather up his human victims as an otterich might ravage an ant-hill. That was the monster of the past, one of the gigantic saurians—"dragons of the prime, that tear each other in their slime."

The modern monster is as minute as the monster of the past was massive. It is invisible to the naked eye. Even when magnified thousands of times until its form can be determined, it is still a harmless looking creature. And yet where the monster of the past slew its thousands, the modern monster slays its tens of thousands. Its very minuteness and invisibility are in its favor. It casts no shadow of warning. Its presence is heralded by no sound. It is as silent and invisible as death, and almost as terrible.

One of the mightiest of modern monsters is the Grippe germ. Cities that could beat back armies have been practically overcome by this microscopic organism. Men, women and children go down before it—all to suffer, many to succumb. As a rule, Grippe only successfully attacks those who are debilitated and weak. Others throw off the disease readily. It is notable that Grippe is most prevalent and most fatal in the spring when atmospheric conditions are most suitable to the propagation of the disease, and the human system less able to resist its attacks. In winter the open air exercise is reduced, the air of the home is usually over-heated, and very often impure, and the body heavily fed and heavily clothed, becomes enervated. A few months of this life lowers the tone of the body and spring finds it ill conditioned to resist the attack of disease. That is why Grippe reaps its harvest in the early spring.

What can be done to overcome the conditions which make the body the easy prey of Grippe and kindred diseases? Strengthen it. Tone it up. Purify the blood. Stir up the sluggish liver. Put the whole body on the fighting footing of sound health. To accomplish this thoroughly and permanently requires a reliable tonic and blood purifying medicine, which is found in Dr. Pierce's Golden Medical Discovery.

"Last spring I had a severe attack of La Grippe," writes Miss Emily M. Van Weay, of Mitchell Creek, Tioga Co., Pa., "and underwent treatment of one of the best physicians in this part of the country from March until in July, and although benefited by his treatment, yet I was left in a miserable condition. Nervous prostration seemed to be the leading trouble; was very despondent, would awake mornings with a dull pain over my eyes, had bilious headache a great share of the time; great distress after eating, stomach would bloat and I was very weak. The least exertion would completely tire me out. I was advised to try Dr. R. V. Pierce's medicines. I wrote a letter of consultation to the doctor and received a prompt and very satisfactory reply. I immediately bought a bottle of 'Golden Medical Discovery,' one of 'Favorite Prescription' and a vial of Dr. Pierce's Pellets, and took them as directed. By the time I had taken two-thirds of these medicines I felt such a decided change for the better that I bought half a dozen bottles more, three of 'Golden Medical Discovery' and three of 'Favorite Prescription.' Now I can truly say that I feel better than in five years before. One by one my symptoms gradually disappeared. No more weakness, despondency nor blues. Am well and happy, and I truly thank God that Dr. Pierce's medicines have permitted me to live to prepare and send out such valuable medicines for the relief of suffering humanity."

"I would say to all sufferers, 'Write immediately to the World's Dispensary Medical Association, then give Dr. Pierce's medicines a thorough trial.'"

The debilitated condition which results from an attack of Grippe is not a mere superficial feeling, but a serious fact. In such a weak condition the system easily falls a prey to any stray germs of disease which may attack the body, and for this reason those who recover from an attack of Grippe often fall victims to pneumonia or consumption. Dr. Pierce's Golden Medical Discovery meets every demand of the debilitated system at this crisis of health. It cleanses the blood of poisonous accumulations. It increases the activity of the blood-making glands, so increasing the supply of pure, rich blood which feeds and strengthens every organ of the body. It heals the diseased tissues of the throat and lungs, and restores the body to perfect and permanent health.

"A word for your 'Golden Medical Discovery,'" writes Mrs. E. A. Bender, of Keene, Cochocton Co., Ohio. "We have been using it as a family medicine for more than four years. As a cough remedy and blood purifier there is nothing better, and after having the Grippe Dr. Pierce's Golden Medical Discovery is just the right medicine for a complete building up."

"Three years ago I had the Grippe," writes Mrs. Tillie Linney, of Gravel Switch, Marion Co., Ky. "It settled on my lungs and the doctor said I had consumption. I took six bottles of 'Golden Medical Discovery,' and am thankful to say I am entirely well."

Sick people, especially those suffering from chronic diseases, are invited to consult Dr. Pierce, by letter, free, and so obtain, without charge, the opinion of a specialist on their ailments. All correspondence strictly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Common Sense Medical Adviser is sent FREE on receipt of stamps to pay expense of mailing ONLY. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

Police Statistics of Atlanta, Ga., and Scranton, Pa.
An interesting report of the police department of the city of Atlanta, Ga., was received yesterday by Superintendent Day, and a comparison of the statistics contained therein with local figures is what might be termed educational.

The city of Scranton has a population of 102,000 and spends \$68,488 a year on her police force. The city of Atlanta, Ga., with a population of only 89,000, spends \$142,324, or over twice as much, on her police force.

The city of Scranton has a superintendent, a captain, four lieutenants, three desk sergeants, one detective, fifty-five patrolmen, no matrons, no drivers, no janitors and no extra men.

The city of Atlanta, Ga., has one superintendent, three captains, six patrol sergeants, three station sergeants, one sergeant of detectives, eight detectives,
