THE MARKETS

Wall Street Review.

New York, April 23.—Today's transfers of slock again reached on aggregate of over one million shares, but the ammation of the speculation is createdly deteriorated from the nearly 2,000,000 share business of Monday. There was great va-riesy in the dealings today, but the undertone of the market was decidedly heavy all day and the advances in some portions of the list were insuit-cient to clear up the tone. ricely in the dealings today, but the undertone of the market was decidedly heavy all day and the advances in some portions of the list were insulf-clent to clear up the tone. The weather news from the western grain regions was the contral topic of discussion. Prices were succesfully turned upwards in the opening dealings, the grain carrieus sharing fully in the advance. In the case of Archison the opening rise was 12, but half an hour latter when trading began in the grain markets with prices strongly advancing those stocks gave way. The government weather imap was sufficient evidence that yesteriar's h.n-ful estimates of sufficient rain to undo any damage already done were not well founded. The strong rise in the earn market also helped to depress stocks, notwithstanding the unlikelihood of any accurate knowledge at this time of the chances of the corn erop. But the evidence a, hand from day to day of the far reaching effect of lat year's corn shoring is so impressive that, the speculative mind will evidently be very sen-sitive to the prospect of the coming erop of that suple. There was a renewal of recent active d-mand for the Coalers, the Readings again takin-the lead on the supposition that the settlemean of the wages dispute is imment. When, how-weer, it was perceived that the atrength in thi-racter, checking the dribbling liquidation of west-ern stocks, the movement in the coalers ceased. Efforts were made on behalf of the large specu-lative leaders to convey the impression that the sharp reaction in prices has been connived at and furthered by manipulation with the purpose of shaking off weak speculative followins in prepar-ation for a renewed and stronger upward move-ment. The market in fact showed the storage to the ways y tenjing from the liquidation of the waker class of lightly margined accounts. The pressure to sell was much less ungent and high rule resistent and the downward ten-sor the starts in the viscos in the downward ten-sore the analysis the viscos for confidence for the fail

and Frank P. McCall. Boland Acted Promptly. Patrolman Dominick Boland had an exciting time on Fig street yesterday, and only for his promptness and bravery, there might have been a panic with serious consequences.

The peculiar actions of a dog attract-ed the attention of several residents on Fig_street, near Stone avenue, and the patrolman was notified. In the meantime, the dog, apparently mad, errorized the whole neighborhood. The officer brought his revolver into play, and after an exciting chase, cornered the brute and killed him.

Wedded at St. Johns.

Two pretty weddings were solemnized at St. John's church, on Fig street, yesterday afternoon, when two well known couples were joined for life by the Rev. E. J. Melley. The first couple to approach the altar was Miss Catharine Mulherin, and James Christy, and they were made man and wife at 4 o'clock. The bride, who was attended by Miss Nellie Christy, a sister of the groom, was tastefully attired in white and made a charming appearance. A wedding reception took place afterwards at the home of the groom's parents on Stone avenue, and after a wedding repast, Mr. and Mrs. Christy, left on an extended wedding tour. Following them came Miss Lulu McDonald, and William McAndrew, and after they knelt at the altar Father Melley spoke the solemn words that made the young people man and wife. Mis Ann Conaboy, who acted as bridesmaid, was, like the bride attired in white. Supper was served at the home of the bride's brother, Frank McDonald, on Cedar avenue. Later a reception for Mr. and Mrs. McAndrew, was held at the rooms of St. Leo's society in Hyde Park.

Tendered a Farewell.

Joseph G. Eiden a well known resident of this part of the city, who was for many years employed at the Lackawanna store, from which he resigned recently, to accept a position with the Lackawanna Iron & Steel company in Buffalo, was tendered a farewell party, Tuesday evening.

After a short reception, refreshments were served, and Mr. Elden was presented with a costly silk hat. Those present were: Mr. and Mrs. Larry Ityan, Mr. and Mrs. Michael Cunningham, Mrs. P. McCann, the Misses Mary Relly, Annie Lowry, Mary Kilcullen, and Tessie Hettler, Oscar Wilde, Charles Taylor, William and John Owens, Ike Seldman, Peter Bacon,

and so well satisfied was the engineer corps, sent to inspect the work, that was accepted two days after its completion. The drain pipe could be seen through from one end of the system to the other, and it was found entirely unnecessary to use a light.

The above contractors have contracts Interment was afterwards made in for several other sewers and will begin work just as soon as some minor legal points are unravelled.

No, Kak, & Western The local United States revenue officials have succeeded within the past few days in bringing to law two men who have for some time past been vio-lating the existing laws providing regulations for the sale of oleomargarine. William Leitner and Harry Weisberger, the two men arrested, are both from this city, and were discovered selling oleo above Carbondale without a license. The discovery was made by Deputy Collector of Internal Revenue William D. Evans, who followed them up and secured from them a promise to take out a license at once. Instead of going to Carbondale to take out a license they came to this

city and their whereabouts remained unknown for a few days. Collector T. F. Penman interested himself in the case, however, and his subordinate succeeded in locating the men. Warrants were sworn out for their arrest and Leitner was taken into custody. He waived a hearing and entered bail before United States Commissioner Taylor in the sum of \$1,000. Weisberger left the city when he learned that there was a warrant out for him, but later returned and entered ball in the sum of \$1,000 also.
