A lady says: "I have at last found a true way to get well and keep well, and that is by the use of Grape-Nuts Breakfast Food.

For six years I suffered with in it gestion and palpitation of the heart so great many different kinds of medicines and a lot of different kinds of cereals, but none of them helped me, and my

stomach seemed to get worse and worse. I became yery despondent and was at a loss to know what to do. One day I word in the paper that Grape-Nuts Breakfast Food would cure indigestion and build up the body. I wondered if it contained any medicine, but learned that it did not, but that it was only a food prepared so that the stomaca could easily digest it.

The next time I went down town I bought two packages. This was on Tuesday and it was all gone on Saturday for we all liked it so much, so I nt down and got three more packages Grape-Nuts steadily and my indigestion

#### Pertinent Communication from P. S. Joslin About Project.

"Many years ago Carbondale had a Y. M. C. A. which struggled along for a few years and then died for want

"I had a conversation with the superintendent, C. R. Manville, asking him if the Delaware and Hudson company would help the association, if appealed to. I urged the benefit it would be to the young men employes of the company, if a place could be maintained where they could spend a portion of their leisure time with books, papers or social amusements, and with congenial companionship-as was maintained in Scranton. He said, in reply that a portion of the funds of the company were the investments of widows and orphans, whose sole living was from the dividends on their investments, and it would not be right to direct any portion of their income to any outside object. The company has evidently changed its attitude in this matter since then."

Grand-Niece of Ex-President James K. Polk. Writes to Mrs. Pinkham.

## Thankful for Health Restored by Lydia E. Pinkham's Vegetable Compound.

Did you ever stop to realize what keen satisfaction one experiences when we find that some kind and helpful thing we have done for some one else has been sincerely appreciated! At such times, how truly we understand the expression "it is more blessed to give that to receive."

Think, therefore, of the pleasure and genuine satisfaction Mrs. Pinkham experiences when such letters come to her as the one from Mrs. Roser which

we are herewith permitted to publish. Think what it means to her; it means first, that one more lovely woman has been relieved from sickness and distress through her assistance; it means second, that this woman who is cured is so grateful that she wants other women in the land to know of it; and it means lastly that Mrs. Pinkham's claims for Lydia E. Pinkham's Vegetable Compound are fully substantiated by testimony of such high character that every woman who reads this must believe and hope.

To be appreciated is a great pleasure, but to bring peace and happiness to the suffering is heavenly. Such is the mission of Mrs. Pinkham, and such a letter as the following proves her success!

MRS. IDA L. ROSER, 326 E. 18th Ave., Denver, Col. Grand-niece of ex-President James K. Polk, and Assistant Grand Secretary of Colorado, Wyoming, and New Mexico Independent Order of Good Templars.

"Dear Mrs. Pinkham -I have been married for nearly two years, and so far have not been blessed with a child. I have, however, suffered with a complication of female troubles and painful menstruation, until very recently.

"The value of Lydia E. Pinkham's Vegetable Compound was called to my attention by an intimate friend, whose life had simply been a torture with inflammation and ulceration, and a few bottles of your Compound cured her; she can hardly believe it herself today, she enjoys such blessed health. I took four bottles of your Compound and consider myself cured. I am once more in fine health and spirits; my domestic and official duties all seem easy now, for I feel so strong I can do three times what I used to do. You have a host of friends in Denver, and among the best count, Yours very gratefully,—Mrs. IDA L. ROSER, 326 18th Ave., Denver, Col."

When a medicine has been successful in restoring to health so many women whose testimony is so unquestionable, you cannot well say, without trying it, "I do not believe it will help me." If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn,

Mass., for special advice - it is free and always helpful. REWARD. — We have deposited with the National City Bank of Lynn. \$5000 which will be paid to any person who can find that the above testimonial letter is not gonuine, or was published before obtaining the writer's special per mission.
