Mrs. D. Arnold, President German Woman's Club, Grand Pacific Hotel, Los Angeles, Cal., Relieved of a Tumor by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suffered four years ago with a tumor in my womb, and the doctors declared I must go to the hospital and undergo an operation, which I dreaded very much and hesitated to submit. My husband consulted an old friend who had studied medicine, although he was not a practicing physician, and he said he believed that Lydia E. Pinkham's Vegetable Compound would cure me. That same day I took my first dose, and I kept it up faithfully until twelve bottles had been used, and not only did the tumor disappear, but my general health was very much improved and I had not felt so well since I was a young woman. As I have suffered no relapse since, and as I took no other medicine, I am sure that your Compound restored my health and I believe saved my life."—MRS. D. ARNOLD.

\$5000 FORFEIT IF THE ABOVE LETTER IS NOT GENUINE. When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone," and "want-to-be-left-alone" feelings, blues, and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

SANDOW PROGRAMME.

Offering That He Will Make at the Lyceum Tonight. Following is the programme which will be rendered at the Lyceum tonight with Sandow, the wonderful! Leslie Brothers, Australian musical comedians; Gross and Holton, singers, dancers and talkers; the Damin Brothers, comedy acrobats; Julie Ring, the American girl; the Mason-Keeler company, in "Hooked by a Crook"; Little Pucks, America's cleverest juvenile artists; Eugene Sandow, "The Performance of the Vitagraph, moving pictures, latest effects." Seats are now on sale at the theatre box office.

A dispatch from Wilkes-Barre last night to The Tribune said, concerning the Sandow show in that city last night: "The Sandow show played to big business here tonight, and is the cleanest and best variety show that ever was here. The women enjoyed it especially. All Scranton should see it."

JAMES HEALEY KILLED.

His Body Was Found on the Delaware and Hudson Track. At about 11:30 o'clock Sunday night the body of James Healey was found on the Delaware and Hudson track, a short distance from his home in Moosic. He spent Sunday with his brother-in-law in Duryea and was returning home when the accident happened, presumably by being struck by the 10:40 north-bound passenger train. Healey had been, since he came to the country, extremely unfortunate. A few years ago he was badly injured in the mines and while in the hospital a hot iron bag burst and the contents were discharged about the lower limbs, scalding him to the bone. He had since been a cripple. Yesterday morning his wife gave birth to a daughter. There are five children, the eldest being only five years old. The remains were taken to the home of his mother-in-law, Mrs. Dougherty, of Hill street, Avoca, from which place the funeral will take place tomorrow afternoon.

A BIG SEASON ASSURED.

Lodore Will Be the Mecca for Excursionists the Coming Season. All indications point to Lake Lodore as the most popular of all excursion resorts for the fast-approaching season, and to even surpass its immense business of last year. The individual excursionist prefers a lake resort, and the scenic beauties of Lodore itself, its far-spreading grove, incomparable dance pavilion, its merry-go-round, the delight of the children, its well-equipped kitchens, clam oven, refreshment booths, Spalding ball grounds, naphtha launches, steamer, large excursion boat and varied other amusements render it a summer paradise, and at the same time the most profit-making resort for churches and societies. There are some splendid date left, for the privilege of which please apply to W. L. Pryor, district passenger agent, Delaware and Hudson Railroad, Scranton, Pa.

AN IMPRESSIVE FUNERAL.

Remains of Mrs. George H. Catlin Laid at Rest. An exceedingly large number of the representative citizens of this city attended the funeral of the late Mrs. George H. Catlin conducted yesterday afternoon at the family residence on Ridge Row. The room in which the remains repose was heavily with the scent of a profusion of flowers sent by loving relatives and friends of the dead woman. The funeral services were conducted by Rev. Dr. James McLeod, pastor of the First Presbyterian church and Rev. Dr. S. C. Logan, pastor emeritus, both of whom referred to Mrs. Catlin's long connection with the church and of her ceaseless Christian activity. A quartette comprising Mrs. George Du B. Dimmick, Miss Lida Garogan, Alfred Wooler and John T. Watkins rendered several appropriate selections during the services. Mrs. Dimmick sang "Beyond the Sunning and the Weeping."

NEULS LOSES HIS LAWSUIT

SUPERIOR COURT AGREES WITH JUDGE CARPENTER.

Ex-City Assessor, Who Was Removed by Recorder Moir, Under the Provisions of the New Second-Class City Act, Has No Legal Grounds to Complain—Legislature Had Authority to Authorize His Removal. Decision of Judge Edwards in Bassett Pond Case Also Affirmed.

The Superior court in Pittsburg, yesterday, handed down the following decisions: John A. Neuls against the city of Scranton; judgment affirmed. H. C. Gibbs and George G. Gibbs, administrators of the estate of D. C. Gibbs, deceased, against DeWilton Sweet; judgment affirmed.

The case of Neuls against the city is one of the several cases growing out of the passage of Scranton from a third to a second class city. The plaintiff, John A. Neuls, was one of the three elective city assessors who had a year yet to serve when the new second class city act went into effect. Recorder Moir, in appointing five assessors to take the place of the three removed for in the third class city laws, left Neuls out. He brought suit against the city, alleging that he was a constitutional officer, who could not be removed during the term for which he was elected.

Judge Carpenter, before whom the case-stated was tried, ruled, in substance as follows: "A city assessor, not being a constitutional officer, there can be no question that the legislature may provide for his removal from office."

In the so-called "Ripper bill," it is provided that "the city recorder shall have the right and power to be authorized to remove from office..." members of the board of assessors. The Superior court agrees with Judge Carpenter that Mr. Neuls sued in vain.

The suit of Gibbs against Sweet is of no great moment, as far as the general welfare of the public is concerned. Sweet fished in Bassett lake for more than twenty-one years. The sons of Gibbs, the owner of this lake, had him arrested for fishing therein, and he was fined therefore. He appealed, on the ground that he had fished in the lake for more than twenty-one years and therefore had acquired what his lawyer was pleased to term the right of piscatory by prescription. In other words, he wanted to establish that he had a squatter's right to the fish in the pond. Judge Edwards decided that he had no such right and the Superior court agrees with his finding.

D. W. VAUGHAN CHOSEN.

Was Elected Chairman of Auditing Committee Unanimously.

The new joint auditing committee of councils met last night in the city clerk's office for the first time and elected Select Councilman D. W. Vaughan as chairman without opposition. This was a splendid compliment to his past services in this capacity as he is a Democrat and the Democrats are hopelessly in the minority on this committee. The position of chairman as filled by Mr. Vaughan last year is an especially important one. The clerk merely reads the total amount of each bill up for consideration and if there are no objections the bill is considered approved. It is Mr. Vaughan's custom to carefully scrutinize each bill as it is passed over to him by the clerk and if he discovers anything that doesn't look right he raises his hand and no more bills are considered until the particular item that has caught his eye is thrashed out. Last night the committee approved of nearly \$1,000 worth of deficiency bills provided for in the appropriation ordinance. These are the bills, the warrants for which Controller Costello refused to countersign until approved. Among the bills passed was one of \$2,967 for services rendered by special officers during the recent street car strike.

The Labor of Preparing 1,095 Meals

falls on some one in every home every year. They had better have consideration, and that is one great point of NONE SUCH MINCE MEAT.

It has the largest sale of any prepared mince meat, because it is the best. We sold ten million packages last year. It is "concentrated" sold in clean, dainty cartons. Avoid "wet" mince meat, sold from open pails that stand on dirty floors and in dusty doorways. "None Such" is 10c a package, which makes two large, juicy pies. "Like mother used to make." Beware of packages made in close imitation of ours—just on receiving "a package of None Such." MERRELL-SOULE CO., Syracuse, N. Y.

DR. HOUSER DISGUSTED.

Says Some Local Physicians Show Lack of Judgment.

Dr. J. W. Houser, who has been engaged by the city to look after the smallpox cases, is disgusted at what he calls the lack of judgment shown by a number of local physicians. He was notified on Sunday that a suspected case of smallpox existed in a McConnell family, residing in North Scranton. Investigation yesterday revealed the fact that no one in the family is suffering from any symptoms which could be called preliminary symptoms of that disease by the wildest distortion of diagnosis. "Everybody that's got a pimple or two these days seems to think that he or she has got the smallpox," said the doctor last night, "and they seem to be encouraged in this belief by physicians. Many doctors, the moment they see a little eruption, decide at once, without further examination, that the patient has the smallpox, and make a wild dash for the nearest telephone to let me know about it and bring me on a two or three mile wild goose chase. It's getting very tiresome, I assure you." The doctor said that no new cases of the disease developed yesterday.
