NO WATER-RATE WAR SAYS MR. JERMYN

Consolidated Water Company Has No Intention of Warring on Reynolds Company in Sinking the Bore Holes at No. 3 Plane.

When it became known yesterday that the Consolidated Water company had men at work boring holes in the gap near No. 3 plane, in the proximity of the sunny wells of the Reynolds Water Company, the belief became general that the threatened water war, which has been freely discussed in this city lately, was about to be waged.

JERMYN AND MAYFIELD.

The regular monthly meeting of the Jermyon borough council was held last evening.

Resolution of condolence on the death of former Councilman Cahney was adopted and Thomas Baker, of the Third ward, was elected to fill the vacancy. He afterwards took the oath of office and his seat. Borough Solicitor Battenberg, in a communication, expressed his regret that the borough were in possession of evidence of the parties who changed the natural course of the Riddle creek, the borough could collect for the damages due by reason of the changing of the creek, during the recent flood. The following committee was appointed to wait upon the officials of the Ontario and Western railroad regarding the matter: Theron Moon, Wilkes-Barre and Avey. The appointment of Charles Metcally as chief of police was confirmed by council. The following bids were handed in for the rebuilding of the Second street bridge: E. M. Lowry, \$273; Harrison Gardner, \$296; Stone & Parke, \$295; W. A. Hendricks, \$178.

The awarding of the contract was deferred until next Friday. Will Rose and Thomas Bray, a committee from the Turners' International union, informed council that hereafter they would not work their terms on borough work for the present price, \$8.50 per day. In response to an inquiry from the chairman of the council, they stated their price would in future be \$4 per day, which was the sum paid by all other councils between Jermyon and Scranton for similar work.

Free and No Fraud About It.

All Medicines Given Away—Consultation, Examination and Treatment Free—No Money Will Be Asked—No Money Will Be Accepted—This is Doctor Byers' Method of Introducing to the People of Scranton a New System of Medicine Based Upon a Startling Scientific Discovery.

Commencing Today, and Until May 11th, There Will Positively Be No Charge Whatever at the Offices Which Doctor Byers Has This Day Opened at 412 Spruce Street—Entire Second Floor—The Invitation Necessarily Distinguished from Certain Offers in Which the Word "Free" Has Been Prominently Used.

Dr. Byers' mission in Scranton is not with the sick and afflicted alone, but with the profession also. He is a teacher as well as a healer. He has no secret remedies or methods. The vast and wonderful value of his treatment must be demonstrated by the actual results from patients, by the experience of people who have been cured.

It is with some surprise that Doctor Byers finds it necessary to explain his invitation so that the people will understand that he means what he says. It is of vital importance to him and to his work in Scranton that his invitation be not misunderstood. Free with him means absolutely free. During the ten days of the free introduction, commencing today, not one cent will be received.

You have heard of free doctors, of free medicines, of free consultation, of free months, of free treatment. You have had much experience with these schemes; you have come to know them in their different guises. In spite of the apparent genuineness and the apparent generosity the word "free" has been used as a bait for profits.

Dr. Byers considers it the duty of a physician, where he has failed to benefit the patient, to return the fee paid.

Doctor Byers' Vast Experience. Doctor Byers' enormous experience in treating the sick together with his natural gift of healing, renders him capable of doing many things that would be considered impossible by other physicians. No physician in Pennsylvania, no matter how mature his years or how great his experience, has treated one-tenth of the number of cases that he has. Doctor Byers has always maintained that very few physicians, however well trained in their profession, are qualified by nature to treat the ailments of the people against the enormous fees asked by most physicians, and considers them heartless and mercenary.

Doctor Byers considers it the duty of a physician, where he has failed to benefit the patient, to return the fee paid.

Doctor Byers considers it the duty of a physician, where he has failed to benefit the patient, to return the fee paid.

The Story of His Life. Doctor Byers was born of Quaker parents, and during the early part of his life he was under the influence of that religious domination. From early childhood the woe of his mind seemed to be in the direction of relieving the sick. It might be stated truthfully that he was a born physician, and those natural qualities which go to make up all that is necessary to produce a successful physician were born in him.

WITH THE SICK. Mr. Harry Kearns, who was operated on at Emergency hospital on Thursday while suffering from appendicitis is improving. Emma Snyder, 14-year-old daughter of Mr. and Mrs. William Snyder, of Fairview street, who on Monday was operated on for the same disease is now out of danger. Poor Director James McMullan is suffering from injuries sustained by falling on Thursday last. An extensive cave-in. The worst cave-in that has taken place at Mayfield yard occurred about noon yesterday when a large area of ground sank a distance of twenty feet, involving the street car tracks and the public highway. The ground began to sink a few minutes before noon. It went down with such force that the vibration could be felt for a considerable distance about the spot. The scene of the fall is about fifty feet above the old "Cottages." The main water pipe of the Consolidated Water company leading to the Mayfield yard shops was broken off and great quantities of water ran into the old workings of No. 3 mine which lies beneath that section.
