MANUAL TRAINING TEACHER.—The United States civil service commission announces that June 10-11, 1902, an examination will be held for the position of manual training teacher.

LARCENY IS CHARGED.—Jacob Morris, of South Washington avenue, was arrested last night at the instance of Mrs. Mary Roth, who charges him with the larceny of a bedstead. He waived a hearing and entered bail in the sum of \$500 before Magistrate Miller.

HEARING POSTPONED.—The hearing in the case of Daniel Costello, charged with assaulting C. B. Hotelling, a motorman employed by the Scranton Railway company, was to have been held last night before Magistrate Miller, but because of the non-appearance of some of the witnesses it was postponed until tonight.

SCRANTON MAN KILLED.—An Associated Press dispatch received last night announced that Harry Wilson, aged 22 years, of Scranton, employed as a rigger on contract work at the Standard steel works in Lewisburg, fell forty feet to the ground yesterday and was instantly killed. Wilson's name does not appear in the directory.

HEARING CONDUCTED.—Deferre W. A. Wilcox yesterday heard testimony in the damage suit for \$1,000 brought against the city by James Kelly, for damage done to his property in the Seventh ward, caused by the overturning of a sewer during a recent big storm. Attorneys Binus and Hawley appeared for him at the hearing, while City Solicitor Watson looked after the city's interests.

SOLD THE DOG.—Jacob Schum, of South Scranton, was yesterday arrested at the instance of George Biernith, who charged him with the larceny of a dog. Biernith claimed that he gave a valuable hunting dog to Schum to train, and alleged that instead of training it he later sold the animal to Charlie Snyder. Before the case could come to a hearing last night before Alderman Ruddy, it was settled by Snyder agreeing to turn the dog over to Biernith and by Schum agreeing to reimburse Snyder.

M'GARRITY'S AGAIN ACCENT.

Will Not Attend Meeting Until the Next Regular Session.

There was no meeting of the Dickson borough council last night. Messrs. Huffnagle, Reddick, Hogan and Snyder were present, but the other four, Messrs. McGarrity, Richards, Cruikshank and Hief, did not put in an appearance.

After waiting until 8:30, President Huffnagle entertained a motion to adjourn, to meet at the call of the chair.

Messrs. McGarrity, Richards and Cruikshank were found by a Tribune reporter enjoying a game of pitch at Willy's hotel. They declared there was no emergency for a special meeting and that they proposed to ignore all calls for special meetings. The next regular meeting date is Wednesday, May 21, 1902, and until that time comes they will not attend a meeting.

Mr. Hief said it was not true that he ever had any intention of deserting the McGarrity faction. He voted for Huffnagle for president, he said, to give the council from being dissolved by court. The minutes of that meeting, he pointed out, had not yet been

approved, and until they are approved the elections of that meeting are not consummated. He intimated that the election of a chairman and the other elective officers may yet be overturned. As to the threat of the electric light and water companies to turn off their supplies, Mr. McGarrity said: "It is all a bluff."

POOR BOARD MEETING.

Only \$5,937 Remaining in the Treasury of the District.

The report of Treasurer Ambrose Herz, of the Scranton poor district, presented at yesterday's meeting of the poor board, shows that the amount of money in the treasury is a little lower than usual.

On April 1 there was a balance on hand of \$10,689.67, and during the month there was received some \$2,155.33, making a total of \$12,845.00. The amount of money paid out during the month was \$6,907.85, so that the balance now remaining is \$5,937.15.

The report of Superintendent Beemer, or the Hillside Home, showed that there are now 473 inmates in that institution, as compared with 471 on March 31. These 473 are classified as follows: Sane males, 147; insane males, 125; sane females, 66; insane females, 135.

Superintendent Beemer was directed by the board to go to Philadelphia and testify before the committee appointed by the last legislature to inquire into the methods of caring for the insane now in force in this state, and report whether or not it would be advisable to adopt the system of the general state care of the insane.

Mrs. Stella Longan, whose husband died quite recently, after a married life extending over a period of thirty-six years, appeared before the board and said that she finds it impossible to live with any of her grown-up children, because of conditions existing in their homes and because of their treatment of her. She asked for relief, and it was unanimously decided to admit her to the Hillside Home.

Mrs. Mary Jones, of West Scranton, had another pitiable story to tell. She has five children, ranging in age from 5 to 22 years, but the two oldest, who are girls, are able to work for only a few days at a time, because of illness. The case was referred to Director Payne.

"MY CAPTIVITY AND RELEASE."

Subject of the Lecture of Miss Ellen M. Stone.

Miss Ellen M. Stone, the missionary, will deliver her lecture on the subject, "My Captivity and Release," at the Lyceum theatre, Monday evening, May 19, under the auspices of the Jackson Street Baptist church. Rev. Thomas de Gruchy, pastor, has issued the following letter from Miss Stone regarding her lecture and its noble objects:

"In view of questions that have been raised regarding my lecturing, I therefore make the following statement: When it was first made to appear to me that a recital of my experiences in captivity by lectures or through the press would be regarded as imperative by those in whose judgment I confide, and might be productive of financial results, it was in my heart to devote any such proceeds toward reimbursing any who may have embarrassed themselves by helping to make my ransom.

"A further hope grew in my heart that I might also, perhaps, do something for those missionary purposes to which I have given my life, and to which I have always heretofore devoted all my forces which have come to me by my own earnings or by gifts or bequests, such, for instance, as the establishment of an industrial school in Macedonia, in which young men may be trained in legitimate occupation, so that they may not grow up to be brigands. While I have had those purposes at heart, I have felt a strong reluctance to state formally my intentions in this matter, lest it should appear like proclaiming what it seemed to me, those who had known me would naturally suppose to be my motives.

"Yet inasmuch as it has been intimated to me that those who had not known me might suppose that my friends or I have in view a personal enrichment, I am glad to state the fact that my life and labors here at home or abroad I am still in the mastery of Christ, and shall continue to devote all I am and have or may have to the propagation of the kingdom of God."

THEY OPPOSE IT.

He further stated that it is only a few members of his congregation who are opposed to his continuing as pastor. The great majority of the 400 members of the church he said, are opposed to his being under the jurisdiction of a Latin bishop.

Mr. Hand held the witness identify the letter he sent to Bishop Hoban asking that his name be stricken from the roll of priests under the bishop's jurisdiction. Mr. Hand wanted that the witness should be allowed to explain certain passages of the letter but Judge Edwards would not permit this, saying that the construction of the letter was solely for the court.

Mr. O'Brien subjected Rev. Ardan to a rigid cross-examination. The witness admitted that Cardinal Sembratowicz, the metropolitan, of Lemberg, by whom he was sent to this country, directed him to present himself to the Latin bishop of the diocese in which he located, but he stoutly maintained that he was told not to subject himself to the Latin bishop's jurisdiction.

An attempt was made to impeach Mr. O'Brien to have the witness admit that he asked Rev. Father Staas, the Polish priest of Olyphant, to accompany him when he went to Bishop Hoban and that he told Father Staas he wanted to recede from his jurisdiction of Bishop Hoban. The witness admitted that Father Staas accompanied him, but could not recall having told Father Staas he wanted to come under Bishop Hoban's jurisdiction.

ADMITTED AUTHORSHIP.

Regarding the alleged anarchical articles appearing in the Swoboda, the witness admitted their authorship and explained that he accepted the ideas therein expressed from his readings. When asked by Mr. O'Brien if he still held these views, he began quibbling about terms and after a lengthy exchange of questions there came from the witness the statement that he did not know whether or not he now believed in what he then wrote.

One of the articles was an inter-rogative argument to the effect that if the killing of Philipinos and Chinese by a government could be justified on the ground that the government believed it was to effect some good end, why was it not right for an individual to commit murder if the individual believed it was for a good purpose. Another article was in the shape of a call to Greek Catholics to draw away from Rome. The fact that four years elapsed from the time of Rev. Ardan's arrival in this country and the time he presented himself to Bishop Hoban, considered in connection with the fact that the visit to Bishop Hoban was closely following the Philadelphia convention of Greek priests, prompted a number of questions from Mr. O'Brien tending to show that it was not in obedience to the Greek metropolitan's instructions, but to the resolution of the Philadelphia convention that Rev. Ardan waited on Bishop Hoban.

IN REBUTTAL.

The plaintiff's side, in rebuttal, told Rev. Ardan on the stand, and he told that Rev. Ardan came to him in 1899 and asked him to accompany him to see Bishop Hoban, that he wanted to get facilities from him and subject himself to Bishop Hoban's jurisdiction. Rev. Ardan, the witness said, had with him a letter of release from the Greek bishop of Gallata, and on the back of this Bishop Hoban made an endorsement conferring facilities.

Rev. Opiscavich, the Greek Catholic priest of Mayfield, who was the former pastor of the Olyphant Greek Catholic church, gave testimony for the plaintiff to the effect that while on a visit to the old country in July, 1894, he was told by the Metropolitan of Lemberg that in April of the year 1900 the Congregatione de Propaganda Fide had decreed that Greek Catholic priests in missionary countries like the United States, where there were no Greek bishops, should place themselves under

TESTIMONY IN ARDAN CASE

IT WAS CONDUCTED YESTERDAY AFTERNOON.

Defendant Avers That He Was Directed by the Metropolitan of His Church to Simply Report to the Latin Bishop Here and Not Place Himself Under His Jurisdiction—Denied That He Sought Facilities from Bishop Hoban—Rebuttal Testimony.

At 2 o'clock yesterday afternoon, the taking of testimony was concluded in the injunction case brought by members of the Greek Catholic church of Olyphant to prevent the ex-communicated priest, Rev. John Ardan and his adherents from continuing in control of the church and its appurtenant property.

Rev. Ardan was called to the stand yesterday morning to testify in his own behalf. He denied that after his excommunication he formed a new, independent church, and maintained that he continued to conduct services according to the Greek Catholic rite.

In explanation of his receiving facilities from Bishop Hoban he stated that a convention of Greek Catholic priests was held in Philadelphia in 1899 when it was agreed that inasmuch as there was no Greek bishop in this country the Greek priests should present themselves to the Latin bishops. He went to Bishop Hoban as a matter of courtesy and not to receive facilities. Bishop Hoban offered him the facilities and he accepted them, but in doing so he did not agree or intend to submit himself to the jurisdiction of Bishop Hoban except in the matters of faith and doctrine. The articles of union between the two churches prescribed, he said, that in matters of discipline the Latin bishops were not to have jurisdiction.

the complete jurisdiction of the Latin bishops, in the dioceses in which they located.

Bishop Hoban was again called to the stand by the plaintiff's side and testified that the Metropolitan of Lemberg, Cardinal Sembratowicz, is a member of the Propaganda de Fide, and one of the sub-committee in charge of the Greek church rites. A gazette of the Roman hierarchy was offered in evidence in the case of the bishop's oral testimony. Various books, letters and other documentary evidence were offered to show that Rev. Ardan and his witnesses were mistaken in their understanding that the Greek metropolitan had directed them to only report to the Latin bishops and not subject themselves to their jurisdiction.

THE BISHOP RECALLED.

As the case was drawing to a close, Judge Edwards asked that Bishop Hoban take the stand to answer a few questions. The bishop was asked by the judge how many Greek Catholic priests were in the Scranton diocese and how many of them were subject to his jurisdiction. The bishop stated that there were ten at present and all except one were under his jurisdiction, not counting Rev. Ardan.

Rev. Ardan testified in sur-rebuttal that he had no release from an old country bishop when he went with Rev. Staas to see Bishop Hoban.

At the close of the testimony, the plaintiff's side amended the prayer in its injunction bill so that if the temporary injunction against Rev. Ardan is made permanent, no priest other than the Scranton diocese shall be allowed to conduct services in the church.

It was agreed that the arguments shall be made Friday, May 16.
