JUDGES HAD A BUSY WEEK

HALF-A-HUNDRED OPINIONS AND ORDERS.

Councilman John McHale is Declared to Be a Citizen—New Trial Awarded in the Kosh Case in Which the Veracity of the Commonwealth's Principal Witness Was Attacked—Carbondale and Scranton Defeated in Cases Which Hinge on Sturges Case.

Half-a-hundred opinions and orders were handed down yesterday by Judges Edwards, Kelly and Newcomb. In the case in which Councilman John McHale's naturalization papers were attacked Judge Newcomb ruled that the evidence produced by the assailant was not sufficient to warrant the court in invalidating the naturalization paper. The opinion reads as follows:

The relation of the district attorney in this case attacks the respondent's citizenship first, because it does not appear upon the face of the petition that the oath required by law had been administered either to McHale or his witness, Burke and Newcomb. While the oath in each case appears to have been subscribed by the party purporting to have been sworn, yet the clerk's signature is not affixed to the jurat. Whatever may be the law in other jurisdictions, the uniform practice in this court has been that one of the judges personally examines the applicant for naturalization under oath administered in the presence, and if the application is approved, the final oath is then administered in the presence of the judge. The presumption is that this was done in the present case and that the clerk's signature to the jurat was omitted by oversight. There is no evidence before us to overcome that presumption.

Reference to the record shows McHale's name in the naturalization index. Such entry has been held to be sufficient evidence that the clerk's name was omitted from the jurat by accident.

CERTIFICATE REGULAR.

The certificate in this case is regular on its face and properly attested, with the seal of the court. Such certificate is sufficient evidence in the first instance that the individual named in it was duly examined and sworn in open court and in the presence of some of the judges, and that the certificate was regularly and lawfully issued. It is not conclusive, but those who assert that the certificate was not issued according to law must prove it.

The second ground of attack relates to the date of the respondent's coming to this country and his age at that time. His certificate was granted October 2nd, 1885, upon a petition asserting that he arrived in this country in 1876, that he was then under the age of eighteen years, and that he had resided here for five years then last past. It was claimed on the part of the relator, and we are asked to find from the evidence, that those statements were false, and that McHale did not come to this country until 1881, being then for past the age of eighteen years. While there is no doubt about our power to vacate the decree for fraud practiced in procuring it, yet the burden of establishing the allegation of fraud by sufficient evidence to rebut the presumption is in favor of the integrity of the decree. The fraud alleged in this case, as in others, cannot be presumed, but to warrant us in vacating the same must be established, at least to a moral certainty.

Giving full force and effect to the evidence on the part of the relator, it may be said to raise some doubt as to the date of McHale's arrival in the country and his age at that time, but this is not enough to answer the requirements of the law and to impeach the validity of a decree of this court. The rule is therefore discharged.

McHale's papers were attacked by William Tush whom he defended for common council in the Eighteenth ward.

KOSH GETS A NEW TRIAL.

In February, Michael Kosh was convicted of having plotted an abduction of William Tush, who had been elected for common council in the Eighteenth ward. The chief witness for the Commonwealth was Frank Jones, and a new trial was asked for on the ground that Jones was a man given to prevarication, who could not be believed under oath. Judge Kelly yesterday made absolute the rule for a new trial, in the following opinion:

"This defendant was convicted of a very serious offense. If sentence is to be pronounced upon the verdict, consistency requires that it be a substantial one. Upon full consideration of the evidence given at the time, and upon the rule for a new trial, we are reluctant to pronounce sentence upon him, without giving him the benefit of another trial, quite absolute."

In the matter of the grading of the main road in Moose borough, Judge Edwards declared the appeals incurably defective for many reasons, and confirmed the report of the viewers finally.

Commonwealth opinions rendered were as follows:

By Judge Edwards:
City of Carbondale against H. B. Jadin, Thomas O'Connell, et al., and Alexander Gilles; judgment on demurrer for defaults.

Commonwealth against George W. Wench, Mary Williams, David M. Williams, George F. Keller, Roger McTowan, Mrs. Harriet E. Coyne; judgment on demurrer for defaults.

Antonio Magnotti against Ignazio Incedof; judgment on demurrer for defaults.

Commonwealth against Thomas W. Stark; rule to answer judgment made absolute.

Commonwealth against Thomas W. Stark; rule to answer judgment made absolute.

By Judge Kelly:
James Campbell against the Scranton Railway company and Charles Klein against the Scranton Railway company; plaintiffs directed to file a more specific statement within twenty days, or suffer judgment.

INJUNCTION GRANTED.

John B. Walsh et al. against the city of Carbondale; injunction granted to restrain the defendant from entering into an electric lighting contract with the Lackawanna Valley company, which contract was not authorized by ordinance, and simply by a joint resolution.

In re: Grading of Ninth street, Scranton; rule to strike off appeals from report of views discharged.

Thomas H. Clark against Charles Stuart; rule to strike off appeals discharged.

Nolan against Nolan; by agreement, injunction hearing continued until May 12, and defendants to have control of the business pending settlement, providing they give security to plaintiffs.

By Judge Newcomb:
Joseph Walker against the Walker Automobile Steam Company; rule to strike off judgment discharged.

Union Cash Stores against Dr. George Luxemburger; rule for new trial discharged.

Pennsylvania Central Railroad company against Peter Lepowicz; rule for judgment for want of a sufficient affidavit of defense is discharged.

Mary Haggerty, administratrix, against the city of Scranton; rule for a new trial discharged.

Per curiam:
A. D. Dean against A. W. Brown; fees of the master, \$10. A. Wilson, filed at \$10, the same to be paid by the parties in equal moieties.

Freedman & Herkowitz against M. D. Breschler; rule granted on plaintiff to give security for costs.

Lewis Kaitling company against D. Harris & Co.; rule granted on plaintiff to give security for costs.

New York, Ontario and Western company against Charles Klein; preliminary injunction continued by agreement until Sept. 8, 1902.

In re: Incorporation of the North End Fish Line, Hunting and Gaming club; charter granted.

MISS STONE'S LECTURE.

What They Thought About It in Philadelphia.

The lecture by Miss Ellen M. Stone at the Lyceum theatre, May 19, is an event which is looked forward to by all with much interest. Speaking of her lecture delivered at the Academy of Music, Philadelphia, on Saturday last, the North American says:

"Miss Stone's story is a dramatic recital throughout—a story which will hold one spellbound for hours, and every sentence is full of extraordinary interest. But it is all so ordinary and commonplace, compared with the account of the birth and care of Ellen Tuller, that one will forget the tale of surprises, of long marches, of unpalatable food, of dangers and of sudden flights in a few weeks or months, perhaps, while this history of nativity is indelibly impressed upon the memory."

"The audience which filled the pit and orchestra and one gallery of the Academy was characterized by white hair and gravity of demeanor. There was almost an unpleasant austerity about it all until Miss Stone came upon the platform—a platform which was unrelieved in its stern setting by any ornament or decoration."

"There was no music to lend a softening tone, but the returned missionary brought from the wings a pleasant, happy air which relieved the strain immensely. She began to speak in a pleasant, conversational voice, and without the slightest effort to be dramatic, told a story at once intense and soul-stirring."

A THRILLING ACT.

It is Given in the Forepaugh and Sells Brothers Circus.

Of the Adam Forepaugh and Sells Brothers circus which appears here on Tuesday, May 20 the New York Daily News says:

"What was unquestionably the most thrilling act of the evening was that of Minting, the equilibrist, who rode a single wheel, or unicycle, up a narrow spiral pathway that wound around and around from the floor of the Garden to the dome of the Garden. On this dizzy road Minting rode his single wheel both up and down. One misstep and there would have been a tragedy to tell. Many of the women in the audience refused to watch the nerving rider as he made the ascent, and many were the sighs of relief when he reached the bottom again in safety. It was an act of sheer nerve, and Minting well deserved the applause that greeted him on his return to the Garden floor."—New York Daily News.

STONECUTTERS' STRIKE.

Agreement to Be Presented Today to Carlucci Company Officials.

At a meeting of the executive committee of the Stonecutters' union, held last night in Industrial hall, an agreement was drawn up for presentation to the officers of the Carlucci Stone company today.

This agreement provides for an eight-hour day, a minimum wage of \$3 per day and a provision providing that the yard shall be strictly union and that none but union stonecutters shall be employed. If the company officials sign this agreement today, and if the stonecutters now employed by the company either quit work or come into the union, the strike will be formally declared off at a meeting of the union to be held tonight.

It is questionable as to whether all the stonecutters now employed by the company will come into the union. When they remained at work despite the strike order they were expelled from the union and fined \$30 each. This fine has since been reduced a considerable amount, but some of the men refuse to pay it.

CHRISTIAN SCIENCE LECTURE.

To Be Delivered by Carol Norton, C. S. D., at the Lyceum.

When Christian Science is misstated by those who do not understand it, and are not qualified to speak about it, the sick and the sinner may, in this way, be misled, and misjudging, refrain from that inquiry which would easily lead to their recovery, and to a strong faith in God as able happily to influence all human affairs. In order to correct wrong impressions which may obtain, as well as to meet the common yearning of all Christians for a more practical and Christian Science, First Church of Christ Scientist, of this city, has arranged for a free, public lecture, to be given at the Lyceum theatre next Thursday evening by Carol Norton, C. S. D., of New York city.

Mr. Norton is a practical exponent of the doctrine that the Bible is really true, and is primarily intended to show how mankind may become harmonious in every way, and that God can abundantly bless us all in this world, as in the next.

WM. J. HAND WAS ELECTED

CHOSEN AS SCHOOL CONTROLLER FROM TENTH WARD.

His Election Seems to Settle All Doubt as to the Election of George W. Phillips as City Superintendent of Schools at Tonight's Meeting—Questionable Whether Superintendent Howell's Name Will Be Even Placed in Nomination—New Delinquent Tax Collectors.

Attorney W. J. Hand, son of former Justice Alfred Hand, and one of this city's best known citizens, was last night elected by the board of control as school controller from the Tenth ward, to succeed Jacob Schaffer, resigned. His election was unanimous, and had the effect of giving a pretty clear idea as to the situation at tonight's meeting, when a superintendent of schools will be elected.

The thirteen members who attended last night's meeting were those who have been counted upon for the past few weeks as supporters of George W. Phillips, who is a candidate for the superintendency, while six out of the seven members who were absent are known to be supporters of Superintendent George Howell, who desires to be re-elected.

Mr. Hand's name was placed in nomination by E. J. Leonard, who said that the board as at present constituted would act as a Democrat to fill the existing vacancy if it was not for the fact that the Tenth ward is overwhelmingly Republican. Mr. Hand is a citizen who has a splendid reputation in the community. Mr. Leonard said, and it is as well qualified for the position of school controller as any one in the city. Mr. Barker seconded the nomination, and said that he has known Mr. Hand since childhood and has known him all through as a cultured gentleman and a high-minded citizen.

ELECTION UNANIMOUS.

There being no other nominations, a vote was taken and the following members were recorded as voting for Mr. Hand: H. J. O'Malley, A. B. Eynon, P. J. Murphy, W. J. Welsh, Otto J. Robinson, Anthony Walsh, T. J. Jennings, O. B. Schiefer, F. S. Barker, P. J. Langgan, Peter J. Reif, John Gibbons and Edward J. Leonard.

It is just about as certain as anything can be that all of the above members will vote for Mr. Phillips tonight, thus insuring his election. Mr. Christmas, who was unavoidably detained, is known as a Phillips man, and Mr. Hand himself will vote for the former superintendent. The six members who remained away from last night's meeting and who have been supporters of Mr. Howell from the start, are as follows: A. L. Francois, John H. Phillips, Dennis J. Roche, Dr. John O'Malley, E. T. James and Edward E. Fynewick.

With Mr. Phillips' election practically assured, the only question about which there is any doubt is as to whether Superintendent Howell's name will be placed before tonight's meeting or not. It seems to be the general opinion that it will not, though none of his supporters can be made to admit this.

W. J. Hand, the new controller, is a lawyer possessed of a wide practice and recognized as one of the brainiest and most capable of the younger pleaders at the Lackawanna bar. He is eminently fitted for the position to which he has been elected, from every viewpoint. He served one term in the common council some years ago as member from the Sixteenth ward and demonstrated his ability as a careful and conscientious representative of the taxpayer's interests.

DELINQUENT TAX COLLECTORS.

City Treasurer E. J. Robinson sent in to the board at last night's meeting the following names of delinquent tax collectors for the fiscal year just ending, and the appointments were all confirmed:

First and Second wards—Otto Myers, alderman.
Third ward—Thomas Saltry, 87 West Market street.
Fourth ward—T. Owen Charles, 1419 Dorothy avenue.
Fifth ward—Anthony McHugh, 1618 Luzerne street.
Sixth and Eighteenth wards—Thomas Mullin, 1120 Thompson street.
Seventh ward—William Spellman, Ash street and Monaca avenue.
Eighth ward—Thomas P. Gilgallon, 111 Penn avenue.
Ninth ward—John F. Eide, 236 New Street.
Tenth and Twentieth wards—Charles G. Gelbert, 1055 Pittston avenue.
Thirteenth ward—Solomon Miller, 204 Larch street.
Fourteenth ward—Martin Gurrell, 213 North Street.
Fifteenth ward—E. G. Hughes, 203 South Main avenue.
Seventeenth ward—Joseph Speicher, 202 Meers building.
Twenty-first ward—Fred Berger, 269 Frink street.

Mr. Welsh moved that permission be granted the public at large to use the old Home for the Friendless property on Adams avenue for park purposes until such time as work on the proposed new school building is begun. The motion was adopted.

Chairman E. E. Leonard of the teacher's committee announced that the committee will begin its work of inspecting the schools on Thursday morning.

Dr. Lindabury, Surgeon, diseases of women a specialty, 513 Connell building. Hours: 11 a. m. to 4 p. m.; 7 to 8.30 p. m.

While Thousands Suffer,

Paine's Celery Compound

The Great Spring Health Giver
Makes Sick People Well.

A Prominent Clergyman Tells How He Escaped from His Deadly Perils.

When spring comes with its gentle showers, its balmy air, its bright sunshine and bursting buds, it too often brings to our homes scenes of suffering and physical decay.

The seeds of disease which were imperceptibly germinating during the winter months, have developed and planted in the system dangers that now call for our instant care and attention. Neglect and procrastination will only deepen existing perils and lead to death.

Before the advent of spring, you must have noted symptoms, perhaps of indigestion, dyspepsia, rheumatism, neuralgia, kidney disease, liver complaint, functional irregularities, or nervous disorders.

Take warning sufferers! The symptoms you experience are signals of disease. Delay not another day; hesitation and indecision on your part may forever seal your fate. If you have already made efforts to banish your troubles by the use of other medicines and the treatment of physicians, and these have failed, we counsel you to put your full trust in that great disease banisher, Paine's Celery Compound. Its use for a week or two will convince you that you have truly commenced a new existence. Rev. W. E. Aldridge, a leading and prominent clergyman of Birmingham, Ala., says: "I had been afflicted for ten years with what I thought to be heart disease, but after having the physicians examine me, I learned that I was almost dead from indigestion. They told me they could give me medicine that would relieve me, but there was no permanent cure. Then I began using Paine's Celery Compound which gave me immediate relief, and I am now well and enjoying good health. I can recommend Paine's Celery Compound to be the best medicine for all ailments; it will use the Compound freely; they will have no doctors' bills to pay."
