THE MARKETS

Wall Street Review.

New York, May 10.—There was a dull and professional stock market today with a sagging tendency, running to acute weakness at times at 1 or 2 points. Covering by room shorts caused some slight improvement during the final hour, but the tone became heavy again and closed so. The recent factors of depression continued in force, namely the uncertainty over the effect of the anthracite miners' strike, the situation in the local money market, and the crop outlook. There was some irregularity in the opening dealings and the hard and soft coal stocks made some stand against depression. The grain carriers, on the other hand, were weak and made quite general declines of a point or more. The reports of heavy rains in the northwest were considered unfavorable for spring wheat, but the weather in the southwest was good and winter wheat was reported doing well. This weakness permeated the list pretty generally. There was notable selling of the United States Steel stocks, which seemed to gain force when announcement was made of the several protests presented at the stockholders' meeting today against the plan for the conversion of stock and issue of bonds. This selling was alleged to be for Pittsburg account and was the subject of much gossip on the stock exchange, where it gave rise to considerable uncasiness. The relative firmness of the coal stocks was due to current reports that the National Civic Federation was still making efforts to settle the strike. The common opinion in Wall street as to the duration of the strike continues optimistic, in spite of the entire failure of last week's persistent assertions that there would be no permanent strike at all. There were some violent relapses in prices of high prices usually inactive stocks and International Power dropped back 18 points again on nominal sales. The market closed dull and heavy throughout. Total sales, nor a value, \$1,955,000. United States bonds 050 shares.

Bonds were dull and heavy throughout. Total sales, par value, \$1,955,000. United States bonds were unchanged on the last call.

Chicago Grain Market.

Chicago Grain Market.

Chicago, May 19.—Speculation in grains was lacking in spirit today and resolved itself into a dull weather market. Ideal conditions prevailed in most of the winter wheat country, and in the corn and oats regions. Prices declined, but a late improvement on the export business brought a slight reaction and July wheat closed only ½c. down; July corn. ½a½c. lower, and July oats, ½c. lower. Provisions closed a shade to 10c. down. A BIG SEASON ASSURED.

Lodore Will Be the Mecca for Excursionists the Coming Season. All indications point to Lake Lodore as the most popular of all excursion re-sorts for the fast-approaching season, and to even surpass its immense busiand to even surpass its infinense busi-ness of last year. The individual ex-cursionist prefers a lake resort, and the scenic beauties of Lodore itself, its far-spreading grove, incomparable dance its merry-go-round, the de-

light of the children, its well-equipped kitchens, clam oven, refreshment booths, Spalding ball grounds, naphtha launches, steamer, large excursion boat and varied other amusements render it a summer paradise, and at the same time the most profit-making resort for churches and societies. There are some splendid dates left, for the privilege of Mrs. James Y. Dunning. which please appply to W. L. Pryor. district passenger agent, Delaware and Hudson Railroad, Scranton, Pa.
