THE MARKETS

Wall Street Review.

New York, May 26 .- There was rathe more activity in the market today that during the latter part of last week, but was at the expense of values of standar stocks. There were some specialtic which made striking advances, which would have served as a sustaining influ ence under ordinary conditions. Neithe was there any bad news to account fo the selling. There seemed to be a larg speculative line of St. Paul, Union Pac fic and less amounts of various other stocks which were urgently pressed for sale. The only immediate news of a de pressing character was the spread of th coal mining labor trouble into some por tions of the soft coal field in Virginia an West Virginia. The coalers themselve however, were little affected. The apparent approach of peace in South Africa was an inspiring influence on foreign markets but seemed to be disregarded here. Canadian Pacific continued its remarkable advance, which gave rise to rumors of something like a struggle for control between the present dominant northern securities group. There were a few minor points of strength among the railroads. Rutland preferred scored a nine-point recovery on light transactions. Among the industrials, which were as irregular as the railroads, Pressed Steel Car was conspicuous for a rise of nearly five points without explanation. The market closed quite active and irregular but with many prominent stocks at about the lowest. Total sales today, 513,290 shares. The bond market was rather dull and irregular. Total sales, par value, \$2,045,009. United States bonds were all unchanged on the last call. markable advance, which gave rise to

Mrs. Barbara Dickson, Parker

street, Providence: I had chronic diarrhoea for fourteen years, which caused violent bearing flown and dragging pains in my abdomen and loins. My bowels were often moved as high as seven times in one day. The straining finally

When Doctor Byers established his practice in Scranton he told the people that he would introduce methods of curing them of which they were uninformed. He told the people that he came with a clearly defined purpose, to show by the results in his own practice under his personal care and attention the wonderful value of the latest discoveries in medicine when properly applied, and of the marvelous results of his treatment for all Chronic Diseases. He did not ask the people to take him on faith. He told them that until May 11 he would treat all who came to his offices absolutely free. He agreed not only to doctor the sick, but to supply them with medicine without cost as well. How well Doctor Byers has kept his promise the people of Scranton can tell. Eight hundred of our most intelligent people have visited him, have consulted with him in person, have received the necided counsel and medicine, and over 300 sick people have already been cured or much benefited. The good he was doing had so apread among the people that toward the last the majority of those who consulted him did so without regard to the free offer, and only sought his aid because they were sure they would receive what they required in the way of a cure, but he kept his promise to the letter, and not one cent was accepted, although large fees were offered in secres of cases.

The news of the way he had kent his promise to the public, the news of the fact that he absolutely refused to receive a cent from any one, had spread like wilddre, and the throngs toward the lost were se great that had he been twenty doctors instead of only one doctor, he could not have cared for them.

Doctor Byers would like to treat every sick person in Scranton absolutely free, but even if he were a millionaire a hundred times over and could afford to do this, the crowds that thronged his office during the past few days have shown the impossibility of it. While he cannot treat all free forever, he can, however, do one thing, and that he will do; that is this:

He will guaran

He will guarantee to treat all persons applying at his office before June 1 for the nominal sum of \$10 until cured. That is, \$10 covers the entire cost for a cure, and no fur-

ther fee will be asked. He furthermore agrees, that if the person is not entirely cured in a reasonable length of time to refund the amount paid without any quibbling or evasion. It has always been the principle of his life never to keep a fee unless the patient was cured.

Doctor Byers wishes to make i emphatic that this offer expires on the 31st day of this month, and in order to get the benefit of it treatment must be commenced on or before that date.

WHAT YOUR FRIENDS

AND NEIGHBORS SAY

Read below the testimony of your friends and neighbors. They tell the story of Doctor Byers' treatment. It is not necessary to anake any comment upon this testimony? go and see them, investigate for yourself. Doctor Byers cures because his treatment is based upon scientific principles. He cures because he is endowed by Nature with the Power of Healing. He cures hecause he has discovered that all diseases are due to a disorganization of cell life, and by applying the proper remedies to restore the cell life to its natural functions, beath is the result.

STOMACH TROUBLE

Mrs. Jane Splane, corner Larch y night street and Wyoming avenue: "I had beer troubled with my stomach for a good while. All the reating I had such bloating spells it caused distress and smothered up sensations, dizziness, nervousness, and an all-gone feeling. As a result of Doctor Byers' treatment I am entirely free of these symptoms, and recommend the treatment to my friends."

NERVOUS TROUBLE

Mrs. Peter Thomas, 426 Larch Deter Homas, 200 Lareh
Sirect: "The first treatment I received from
Doctor Byers relieved me so much of the pair
from which I had been suffering that I alread
feel like a new woman. My nervous system had
become entirely broken down as the result of
these severe agonizing pains. I was week; every
little noise startled me and I felt I was fast becoming a nervous wreck. This good Quaker doctor has placed me on the road to health, and I
feel certain his treatment will restore my health
completely."

RESTORING LOST HEARING

Mr. John Provines, Hanlon, Pa.1
"I am 63 years of age, and several years age my hearing began to fall me, first in one ear and then in the other. I had awful noises i my head, and I tried to avoid my friends, neve going to church or any other public place, as was made miscrable because I could not hear. People had to put their faces right up to mine and speak very loud to make me hear. Every person discouraged me when I spoke of trying to be cured, and I had no hope until one day read of Dr. Byers, and the methods he used for restoring lost hearing. Something told me that I ought to go to him, and three months ago I went and placed myself under his care. It is with great pleasure I can now tell of my recovery. It was only a month when suddenly I heard the noise of cars, wagons, everything, and it seemed so loud it startled me; even the clock seemed to tick four times as loud as it should. Since then I have improved, until now I am perfectly well and can hear perfectly. I meet and converse with my friends, go to public meetings and enjoy life again. Any one who has a similar affliction misses a great opportunity if they fail to consult Dr. Byers, the most successful specialist in this work." Mr. John Provines, Hanlon, Pa.1

Diseases Due to Cell Disorganization

The different tissues of the body are made up of minute cells, and when these cells become disarranged, disease is the result. By supplying the proper nutriment to the cells, perfect health can be obtained. All diseases, no matter how chronic, can be cured by bringing the cells back to their normal condition. The treatment used by Doctor Byers is not allopathic or homeopathic. It is a treatment based upon an exact science and cured with the certainty of a fixed law.

FREE X-RAY EXAMINATION

Doctor Byers never accepts a case unless he knows to a certainty the cause of the trouble, and this can only be determined by a scientific X-Ray examination. His X-Ray outht is the most claborate and complete in this country. By his special Fluoroscopic attachment he is able to examine all parts of the body and find out to an absolute certainty the cause of the patient's affection. Come and be examined; it is absolutely free. He will not charge you one cent. Come and find out what your trouble is and he will advise you in reference to a cure. It is all free. He asks no compensation.

THE PLAIN FACTS

THERE are always some persons who do not believe what is said in an advertisement, no matter how careful the advertiser may be to say absolutely nothing that would not stand the strictest investigation. This is because the reader does not take the trouble to find out just why a company like this, for instance, should make offers to the public which are such an advantage to them when compared with the offers made by its competitors.

ABOUT OUR BUSINESS

This is a new company started here in Scranton. We thought that by doing away with several of the more expensive and disagreeable features of the old-fashioned concerns, we should be able to lend money on household furniture at such moderate rates that even the very poorest people could easily afford to get a small loan to help them over some

MONEY TO LOAN ON HOUSEHOLD FURNITURE.

THIS company asks for your patronage on the distinct understanding that our new methods give you a positive advantage. Every word here is absolutely true. You will notice that we do not print tricky sentenceswords which say one thing and really mean something else.

Here are the reasons why yoou should come here if you are in debt and need a loan-if you want new clothes or anything else and need ready cash to get them in order to keep up a good appearance before your friends. No other security is demanded here There can be no publicity with this

except the furniture. That means that you will not have to get someone to endorse papers for you. Our rates are the lowest in Lackawanna county. We do not charge compound interest

We charge no interest on the paid-up principal. And the furniture is left with you.

Even your own family need not know. Our expenses are less per loan. Therefore, our terms can be more liberal, and are so. You pay in small, easy instalments.
