### AMUSEMENTS.

meeting of the school board was held last night, with Mr. Miller the only absentee. M. H. Costello, the present member who was re-elected, and the new member, P. J. Murray, presented their certificates of election and cashed their office. The committee all reported the work entrusted to them during the past year had been completed. It was reported that the tax duplicate for the years 1898-99 had been settled in full by Mr. Correll. The Memorial Day collection, taken at the different schools netted \$27.91. Superintendent Royce reported an enrollment for the month of 2,225, with an average attendance of 82 per cent. He informed the board that more stringent measures must be adopted to compel the attendance of children between the ages of 9 and 14 years, as the law directs. In the course of his remarks he left some parting thoughts for the consideration of the board upon several subjects of vital interest and dwelt upon the demoralizing effects such things had upon the schools. The special matters he referred to were bringing politics and religion into the school affairs, accepted campaign funds from teachers and superintendents, exacting a price from applicants for positions, and not keeping promises made to applicants for positions as teachers or superintendents. The advice elicited no response from the members, and at its close Mr. Flannely moved it be filed. Miscellaneous bills amounting to \$70 were approved, and the janitors' pay for the month of May was approved. President Irwin and Secretary Haggerty were unanimously re-elected for the ensuing year. The secretary's salary was fixed at \$900 per year. The board will meet at No. 1 building on Wednesday morning at 9 o'clock for the purpose of visiting the various schools in the borough.
