## THE GAME CALLED.

### Crescents and Susquehanna Teams Vanquished by Jupiter Pluvius, at Susquehanna, on Saturday—Two Innings Played—Other Ball Games.

Jupiter Pluvius' mood on Saturday broke up the game between the Crescents and the Susquehanna team at Susquehanna.

The game was abruptly ended in the second inning, with the score 2-1. The Crescents easily made two runs in the first inning. In the next the rain interfered with the Crescents' handling of the ball and the time from the captain of the Erie's Jefferson division succeeded in getting one run—a sort of present from his majesty, the storm king.

It was worse than a shame, after our "Pete" journeying to Susquehanna and a victory in sight, to be prevented from finishing the game. Better luck is hoped for next time, as Susquehanna looks like "easy money."

O'Garra, formerly of this city, pitched against Carbondale. He showed much of his old-time cleverness. The Susquehanna people have won the everlasting respect and admiration of the Crescents for their sportmanlike methods during the hot game and their kind hospitality afterwards. Nothing was too good for the Carbondale boys, and it is hoped that another opportunity to finish the contest for base ball supremacy may present itself soon.

### Cycle Men's Scorching Game.

If anyone should inquire, you can say that the Carbondale Cycle members are some "stunks" as ball players. For proof, first read the score of the game on Saturday and then ask the Ontario and Western Ironmen, clerks and "Railroad Jack," alias, "Pollockman Jack," the mascot, about it.

The "it" happened on Saturday afternoon on historic Duffy's field, when the Cycle club made a scorching run and when it was over the score was 12-3. The firemen thought they were switching cuts and that the "a" came on the scorer's card.

The game was a warm one, and the crowd had much to make noise about, even though "Railroad Jack" was down in the mouth and refused to eat a yard of sod for Tom Duffy.

Smith and Dugan were the Cycle men's crack battery, and Drum and Robinson stood for the compliments of the railroad men for not winning. After the game, Bates bought the soda water for the crowd. He was scolding over his lack; he made a three-base hit.

Smith, Smith of the mighty arm and lightning speed, pitched a splendid game, and struck out so many men that the other players had no work to do.

### St. Aloysius' Team Walloped.

An interesting game of base ball, despite the one-sided score, took place on Sunday's field Saturday afternoon, when the Excelsiors, of Welsh Hill, walloped the St. Aloysius team by a score of 29 to 3.

The Excelsiors played fast ball all through the game, and the St. Aloysius did not have a show of coming out ahead of the game.

John Conarton of the Excelsiors, especially distinguished himself with the stick, hitting the ball for one three-base hit and a home run.

John Barrett and Thomas O'Connell played the best game for the St. Aloysius.

The score by innings was: St. Aloysius ..... 0 1 1 0 0 0 0—3  
Excelsiors ..... 2 1 4 2 1 3 0—29

The Excelsiors' team was as follows: John Barrett, c.; Dugan, p.; John Conarton, s.; Joseph Conarton, 1b.; Edward Fox, 2b.; Edward Conarton, 3b.; Barney Brennan, l.f.; Walsh, c.f.; Murphy, r.f.; Conarton, s.c.

The St. Aloysius: Edward Golden, c.; Conroy, p.; Hart, s.; Joseph McManion, 1b.; Moran, 2b.; Mohr, 3b.; Tucker, l.f.; Barrett, c.f.; T. Hart, r.f.

The East Side Crackerjacks walloped the South Side base ball team on Sunday's field, Saturday afternoon, by a score of 21-5. Harry McAnney and Ceady were the battery for the South Side, and Carroll and Moffit for the "Crackerjacks."

The Peach Hill Rushers sent the Excelsiors home in sorrow. The score was 7-5. The game was played on the brick-yard grounds, and furnished plenty of excitement for the crowd. Courtney and Dugan were the Rushers' battery, and Conarton and Murphy acted in the same capacity for the Excelsiors.

The Centennial Social club, which was made up of well known young men and conducted several of the smartest socials in Carbondale the past season, has disbanded.

### The Centennial Club Vacates Rooms for the Summer Months.

The Centennial Social club, which was made up of well known young men and conducted several of the smartest socials in Carbondale the past season, has disbanded.

The quarters which were in the Leader building were vacated on Saturday. The furnishings were stored away until the fall, when an effort will be made to reorganize the club.

The strike was primarily responsible for the disbandment of this successful organization. Most of the members were affected from different sources when the miners ceased work, and the club became so depleted through members leaving town that the club ceased to be self-supporting. The few who remained regretfully decided to disband.

### SODALITY RECEPTION AT ST. ROSE CHURCH

Beautifully Impressive Ceremonies Mark One of the Most Significant Events in Sodality's History—Sermon by Rev. P. J. Boland of Scranton.

One of the most significant events in the history of the Blessed Virgin Mary's Sodality of St. Rose church took place last night when 250 candidates were received into full membership with the beautifully impressive ceremonies that mark a sodality reception.

Just prior to the services the sodality members and the candidates marched in a procession from the church basement to the places assigned them in the beautiful edifice. The remainder of the pews were occupied by the congregation which crowded the unreserved seats.

Very Rev. T. F. Coffey, V. G., pastor of St. Rose, conducted the ceremonies. While the candidates were receiving the blue ribbon, the livery of the confraternity, the sodality, with Miss Alice Bridgett at the organ, sang a number of hymns.

The altar of the Blessed Virgin had been converted into a beautiful shrine, and was radiant with flowers, glowing sanctuary lamps and blazing tapers.

The sermon was delivered by Rev. P. J. Boland, assistant priest at St. John's church, South Scranton. It was an eloquent discourse, that prayerfully urged the sodalists' devotion to the Blessed Virgin Mary, their patron and protectress.

The reception was highly gratifying to the pastor, Very Rev. T. F. Coffey, and the assistant priests of St. Rose, for the number received, 250, was as large as admitted at any one time since the sodality was organized, and the largest in a number of years. The fruit of the labors of the three priests and the effects of the recent mission were happily manifested.

### ALDERMAN MORRISON LOW.

He is Hardly Expected to Survive Another Day.

Alderman William Morrison, who has been a victim of grip for three weeks, pneumonia developing in the meantime, is in a dying condition. Late last night it was announced by Dr. William Morrison that his father's condition was so low it was feared he could not recover; it was even doubtful if he could survive more than a day, perhaps not through the night.

The change that indicated that dissolution was approaching, came at noon yesterday. The temperature rose despite repeated applications of ice packs by Dr. Morrison, himself, who has looked over his father with the heroic devotion of a son for the past week. The pulsations increased so that they could not be counted and the respiration went up to seventy. Every heroic remedy known to science has been employed by Dr. Morrison; oxygen, injections of salt solutions and the most powerful heart stimulants, but to no avail; the pneumonia has increased until there is no hope of a rally.

This will be extremely depressing to the legion of friends of the patient, who is one of the most prominent citizens of Carbondale, who were filled with the hope of his recovery.

## PRESIDENT NICHOLLS HERE.

### Addressed the United Mine Workers in Their Quarters, Saturday Night.

District President Nicholls, of the United Mine Workers, was in Carbondale on Saturday evening, in company with District Vice-President Adam Riscavage, of Plymouth.

President Nicholls was at the Harrison house early in the evening, and later he addressed a meeting of the United Mine Workers in their headquarters in the Leader building. He said that his visit concerned the four Delaware and Hudson engineers who have remained at work, but he would not say what phase of the situation was dealt with or discussed.

The local unions, or members of them, appear to be greatly concerned over the action of the four men who are all at work, and committees have been active in the past week in their endeavors to have the quartette desert their posts. So far they have been unsuccessful, though various influences have been put to work to effect this purpose.

## SERIOUS CHARGE AGAINST BONNETTI

### Mrs. Joseph Heap, of Park Street, Says He Broke Into Her House for Purpose of Assaulting Her—Bonnetti in Jail.

"Mike" Bonnetti, the Italian fruit dealer, whose market is in the Anthracite building, is in the city jail, and will be given a trial before Alderman Atkinson at 10 o'clock this forenoon, on serious charges made by Mrs. Joseph Heap, of Park street, who alleges he broke into her house for the purpose of assaulting her.

Bonnetti's arrest, which took place early last evening, was somewhat sensational. He came to the Heap residence about 6.30 o'clock, and after he made his way into the house Mrs. Heap engaged him in conversation until her niece could telephone to Constable Moran, who has had a warrant for Bonnetti's arrest since last Tuesday night. On that night, according to Mrs. Heap, or shortly after midnight, Bonnetti broke into her residence, or at least attempted to enter the house. He broke a window, but was frightened or driven off by Mrs. Heap and her niece.

The next day a warrant was sworn out before Alderman Atkinson by Mrs. Heap. Bonnetti was not taken in the meantime. Last night, about 6.30, he re-appeared at the Heap residence and it was while he was in conversation with his accuser that Constable Moran was called to the scene to serve the warrant.

Two charges are against Bonnetti—attempt assault and burglary. Bonnetti or Bonnetti, as he is called, has been conspicuous in police and aldermanic circles ever since his locating in the town. Aside from the charge of Mrs. Heap, his record is not unblemished. He has a wife and six children, with whom he lived in the Italian settlement on Belmont street.

Mrs. Heap is a widow, her husband having died recently.

### Will Meet Tuesday Night.

It is earnestly hoped that the members of the High School Alumni association will meet on Tuesday night at a meeting in the center received, 250, was as large as admitted at any one time since the sodality was organized, and the largest in a number of years. The fruit of the labors of the three priests and the effects of the recent mission were happily manifested.

## DON'T DELAY.

### It is "Putting Off" Till Some Other Day that Causes so Many Sudden Deaths.

If its for the kidneys, liver, bladder or blood, rheumatism, dyspepsia, chronic constipation, or the weaknesses peculiar to women, the most efficient medicine known to the medical profession is Dr. David Kennedy's Favorite Remedy, and a very simple way to find out if you need it, is to put some urine in a glass tumbler and let it stand 24 hours; if it has a sediment or a milky, cloudy appearance, if it is ropy or stringy, pale or discolored, you do not need a physician to tell you that your kidneys and bladder are badly affected.

The Rev. Theodore Hunter, pastor of the Presbyterian Church, Greensburg, Ky., writes us the following:

"It gives me much pleasure to state that I have received great benefit from the use of Dr. David Kennedy's Favorite Remedy. Some time ago I had a severe attack of kidney trouble, but a few bottles of 'Favorite Remedy' have entirely removed the malady."

"Favorite Remedy" speedily cures such dangerous symptoms as pain in the back, frequent desire to urinate, especially at night, burning scalding pain in passing water, the staining of linen by your urine.

It is for sale by all druggists in the New 50 Cent Size and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle—enough for trial, free by mail. Dr. David Kennedy's Favorite Remedy, Rindout, N. Y.

## Scranton's Shopping Center

### Announcement

During the months of July and August Connolly & Wallace will follow the custom established by them two years ago, and will close their store at noon on Saturdays.

WILL YOU share with us the privilege of inaugurating in Scranton shorter hours for business? During the hot months of July and August shopping in the morning will help very much. Will you bear this in mind? Besides, the store service is better then. The most willing hands become tired by the end of the week, the clearest heads grow heavy. It is, then, not what salespeople would like to do do, but what they can do.

If a Saturday half holiday (which is virtually a full day, from 12 noon to 9.30 p. m., our usual business hours on Saturday), of rest and recreation will bring our people back on Monday morning to the store fresher and stronger, we shall be fully repaid for the day of business we give up each week.

We have closed in this manner now for two years, and so far we have heard no criticism of the move, plenty of endorsement.

Our effort to bring about a shorter working week during the hot months for the thousands of people employed in stores, must soon bear fruit. Other stores are beginning to fall in line and it is only a question of time before it will be general. It means so little to the women who shop. It means so much, so very much to those who work.

The women of Scranton can do much by helping the earlier closing movement. It now depends on them. The merchants are willing. All you have to do is to stop shopping at 12 o'clock noon on Saturday. Is this a hardship? Would not a little thoughtfulness in planning your day's work accomplish it? And is it not worth while?

Think what it means in the way of simple pleasure to the women and men who serve you and supply your needs in the thousand and one calls you make on them. In the simple matter of every-day living, just consider what this small act of thoughtful consideration from you means. At home at noon on Saturday. A whole day in which to freshen themselves, to throw off the cares of the day, to prepare in leisure for any little festivity they may have on hand.

You, who have all your time at your own disposal, can hardly realize all that this half holiday means. But try to imagine yourself in their place. Picture yourself as going through their routine for one day. Then you will know. Cannot we instantly bring about a general early closing movement by all stores? What a fine thing it would be if every store were actually deserted of shoppers at the magic hour of 12 noon on Saturdays during July and August.

Some customers, conversing in the store a few days ago on the Saturday half-holiday subject, remarked that "Connolly & Wallace lead and the others follow."

It matters little who leads in the early closing, the big thing is that a store can close nowadays at noon on Saturday and lose none of its business.

We are glad that some other stores have decided to close, because we believe it is the right thing to do—that customers are as much benefitted in the better service they receive from the salespeople as the salespeople are benefitted in a physical and mental way.
