## DEATH OF JOHN CARROLL.

End Came Suddenly at Midnight at His Home, 422 Madison Avenue.

John Carroll, for forty years superintendent of the gas-making plant of the Scranton Gas and Water company, died about midnight at his home, 422 Madison avenue. He had been ill for some weeks, but his condition was not deemed serious and his death last night was sad surprise to the members of his family, who believed he was being won back to renewed health.

Mr. Carroll came to Scranton when it was in its infancy and saw the city grow and develop through the efforts of just such substantial, earnest mer he was, who gave unsparingly of their faith and energy to make Scran ton the city it is today. He was a Godfearing man, of liberal views, who enjoyed the confidence and high esteem of the host of people he met in business and social life, and his death will be a matter of genuine regret to all who en-Joyed his acquaintance.

Surviving him are the following children: Mrs. Mary Connolly, wife of the late Judge John F. Connolly; Mrs. P. J. Gilroy, Miss Jennie Carroll, Miss Lucy Carroll and Thomas Carroll.

## AT LACKAWANNA

ANOTHER OUTBREAK AT WIL-LIAM A. COLLIERY.

Deputy Sheriff Gaffney and District Committeeman Courtright Leave the Preservation of Peace in the Hands of a Committee of Fifteen Strikers-Last Evening Coal and Iron Police Who Were Being Taken to the William A. Colliery Were Fired Upon-Soft Coal in Use. .

Deputy Sheriff John E. Gaffney, accompanied by District Committeeman Robert N. Courtright, of the United Mine Workers, were at Lackawanna, yesterday morning, to prevent threatened repetitions of the disorder there of the day and night before.

Trouble was brewing again, but the arrival of the deputy sheriff and the committeeman put a stop to it. The rowd which had been making trouble it the William A. colliery of the Lehigh Valley Coal company assembled, early in the morning, near the breaker, determined to prevent the engineers pumpmen and firemen from continuing work. The workmen were accosted as they drew near the breaker and asked to turn back. All except one of the eleven men who had ignored the strike order were won over by the crowd and returned to their homes. The eleventh man held out against the persuasions of the crowd for some time, but finally, at the solicitation of his sister, agreed to turn back. He was escorted to his home by Deputy Sheriff Gaffney. This left the mine with only the bosses and coal and iron police to look after its safety.

MEETING OF STRIKERS.

The strikers were called together by Committeeman Courtright and given a talking to by him. After some discussion they agreed to desist from any more assemblages, and a committee of fifteen of their number was selected by Committeeeman Courtright to be responsible for the preservation of order Yesterday's rain was scarcely of such volume as to-cause any noticeable increase in the work the pumps will have to do, but it had the effect of displayng very plainly the very general use that is being made here of bituminous coal. The black smoke of the soft coal from hundreds of locomotives, factory himneys and the like hung low over the city as a result of the dampness ollowing the shower, and for the first time it was realized that anthracite is already very largely supplanted by soft coal, right in the metropolis of the anthracite region. Unwashed culm and soft coal in equal parts is used in some

furnaces, The Lackawanna, Jersey Central and Delaware and Hudson railroads are using an even mixture of washery culm and soft coal in their locomotives. Several industries, according to local coal dealers and the appearance of the smoke issuing from their chimneys, are using pure, unadulterated bituminous.

### MORE SHOOTING.

Deputy Sheriff Gaffney and Organizer Courtright returned to Scranton at 4 p. m., leaving the situation in charge of the committee of fifteen. At 5 p. m. a Lehigh Valley engine ran up to the col-Hery with five coal and iron police to relieve the day shift.

The strikers attacked them as they left the engine and a running fight re-sulted, in which there was more shooting. No one was hit, as far as could e learned. The committee of fifteen will likely be increased today by the addition of a few deputy sheriffs.

ADMITTED HER GUILT.

Mrs. Phillips Said She Interfered with an Engineer Because He Had No Right to Work.

Mrs. Catherine Phillips, the wife of a striking mine worker, attempted to justify her action in interfering with, and intimidating an engineer employed by the Delaware, Lackawanna and Western company at a hearing conductnary interest in church circles in this ed before Magistrate Millar yesterday morning.

Mrs. Phillips, who lives near the Cenborn in Freemansburg, Northampton tral mine, was arrested at the instance county, Pa., May 22, 1869, and is now of Henry May, jr., an engineer who has 33 years of age. He attended the schools been working at that colliery since the of his native borough and received his present strike began. As he was going preliminary education there. At the sto his work yesterday morning he was age of thirteen he entered the prepara-stopped by a crowd headed by Mrs. tory department of Muhlenberg college, Phillips and was greeted with a chorus of voices calling "scab," Mrs. Phillips, member, was graduated in 1888, as the he alleges, was the moving spirit of this second-honor man of his class. He was crowd, and she threatened him with all manner of dire things if he continued Berks county, for one year and also at work. The aspect of the crowd was threatening but May finally managed to get away.

He went before Magistrate Millar and swore out a warrant for Mrs. Phillips' of theology in the Lutheran Theological arrest on charges of disorderly conduct seminary at Mt. Airy, Philadelphia. He and inciting to riot. A warrant was continued his studies there for two also issued for the arrest of her husyears and a half, but was obliged, on band who was charged with being an account of eye troubles, to relinquish accessory. Both husband and wife were arrested and given a hearing. Mrs. Phillips freely acknowledged that she was guilty of the charges

against her. "I called him scab," she said, "and I've been calling him "scab" for three days because he is one. Indeed, you years old. ## WALLACE THE MAN-EATER.

Will Be an Attraction of the Elk's Carnival.

Everybody in Christendom has heard and read about Wallace, the fierce maneating lion which escaped from his cage in New York some few years ago and page of The Tribune will tell how this held the city in a reign of terror for sixty hours, when he was finally found in a stable where he had killed and partly devoured a horse. The authorities wanted to shoot him, but the darng Captain Bocaccio, of the Bostock-Ferari force of trainers, begged to be allowed to attempt his capture, and finally succeeded by means of rope lassoes.

Three weeks later he entered his cage n an attempt to train him, and was torn to pieces. Since then three other trainers have perished beneath his mighty paws. It is said he killed four men before he was brought to this country. He is, without question, the most feroclous and bloodthirsty of his kind ever seen in captivity, but at the same time the handsomest specimen of the black-maned African lion ever captured. Time and time again he has been doomed to death, but each and appearance has saved him. He will be Carnival, during the week commencing

## PAINE'SCELERY COMPOUND

MAKES AND KEEPS THE CHILD-REN WELL AND STRONG.

Mothers Make It the Home Medicine For the Little Ones.

The children, God bless them, are the buds and flowers of our homes. With-out their prattle and hearty laughter, our homes would be desolate. They should ever be carefully tended in childhood and youth, if we expect them to ripen into perfect men and women In the home and at school, the children have their times of ill-health and suffering. We often note the pallid and bloodless cheeks, heavy eyes, nervous movements and twitchings of limbs and muscles. They complain of headache, drowsiness, weariness, dyspepsia, and indigestion. All such symptoms and ailments mean that the seeds of disease will have a fast and firm hold unless proper measures are taken to restore a perfect condition of health.

Thousands of wise and prudent parents have made their children happy, healthy, and vigorous by giving them nature's medicine, Paine's Celery Compound. In many severe and complicated cases, Paine's Celery Compound has restored health when the little ones were given up by physicians. If your dear ones are not as hearty,
