MINE CAVE-IN WRECKS TWO WEST SIDE HOUSES

Surfaces Drops from Under Homes of Thomas Gallagher and Patrick Moran—Roadway Is Involved, a Depression of Several Feet Remaining—Gallagher House Is Ruined. First Serious Cave-in in This Locality in Years.

What old residents unhesitatingly pronounce as the most disastrous cave-in on the West Side in a score of years, took place late Thursday afternoon. It continued during the night and yesterday morning, until one house was practically wrecked and another was loosened from its foundations and partitions were pulled apart.

The properties affected belong to Thomas Gallagher and a Mrs. Scott, who lives in New York. The Gallaghers occupy their building and the family of Patrick Moran is the tenant of the Scott dwelling.

The affected area is on Nielsen street, which is south of Scott street, paralleling it as far as the old Nielsen property, where it ends. The cave-in is a few hundred feet south of the junction at Scott street.

The disturbance first manifested itself Thursday afternoon by a crack in the roadway, which admitted of one's hand. Towards evening the Gallagher family was startled and terrified by the front cellarway falling away. It made such a noise and the house was shaken in a manner calculated to frighten even the most stout-hearted. Those who were in the house fearful of disaster hastily took themselves to the open. From the time of the giving away of the cellar wall, the settling continued and by midnight there was a noticeable depression in the roadway for about 100 feet.

The front yard of the Gallagher and Hoban properties, which skirts the roadway, also went down and by yesterday morning the disturbance was so great that the floors were torn in places from their fastenings, and the houses were fairly wrecked. The depression in the roadway was between two and three feet.

The front cellar wall of the Gallagher property had collapsed, taking with it three or four feet of the yard for half the distance along the house, leaving a hole in the yard through which three or four persons abreast could enter the cellar. The settling caused uneven disturbances that raised the floors of the house in one place and lowered them in another. Every door in the house is out of plumb; some cannot be moved an inch. The heavy strain on the house has manifested itself in pulled-apart partitions and cracked ceilings. The kitchen is separated from the dwelling by an inch or more. Thursday night the Gallagher house was unsafe, the family being compelled to take refuge with neighboring relatives.

The home of the Hoban family is affected principally about the kitchen. The foundation has dropped about an inch. Strange to relate, the water supply was not affected by the settling, except a small house supply pipe, which was broken.

As mentioned before, this is the first cave-in which occurred on the east side of the Fullbrook river, in the West Side of the city, for at least a score of years. The last cave-in was when the Creen and adjoining properties were damaged. Disturbances, a succession of them, have occurred recently on the west side of the river, close to the mountain, but none on this side.

The workings which have gone down in this settling have long since been abandoned. Miners estimate that the cave-in covers about two chambers.

NO HIGH SCHOOL TEAM.

Failed to Meet the Belmont Crackerjacks—St. Aloysius Team Victorious.

There wasn't a more disappointed or disgusted team in the season than the Belmont Crackerjacks yesterday afternoon. All of the players assembled to meet the High School team, but nary a student showed up, despite the fact that the game, the place and the hour were all announced in all the papers of the vicinity. There was a good-sized crowd present, and there was some unfavorable criticism of the students for their non-appearance.

The St. Aloysius team redeemed itself yesterday afternoon by pitching in and defeating the Belmont team, the same ladies who whipped the total abstainers.

COST OF FOOD.

Grape-Nuts vs. White Bread, etc.

A family figured carefully on the cost of food, taking into consideration the strength and health that Grape-Nuts furnished. The report is interesting.

"We first took up Grape-Nuts because it agreed with me so well. I was suffering from dyspepsia, that medicine did not relieve. I frequently laughed at the idea when some of my friends told of the use of Grape-Nuts; however, one day wife bought a package, and we found it good and it agreed with me. We were accustomed to using white bread and oats, wheat or barley mushes boiled from two to four hours. We considered Grape-Nuts too expensive, but I noticed that when I had a breakfast of Grape-Nuts I felt fine, and other days when white bread and other cereals were used I felt weak and bloated."

"One day about six months ago I said to wife: 'I am satisfied that Grape-Nuts is the thing that makes me feel better in the blue spells. Then we sat down and figured while on the cost of living and came to the conclusion that we could live better and happier on fifteen cents worth of Grape-Nuts than on twenty-five cents worth of white bread or 'cooked at home' cereals. You see, four teaspoonfuls of Grape-Nuts furnish more strength to work on than large quantities of other food, so we started on Grape-Nuts in earnest, using it every morning, and a wonderful change has come over me."

"I am gaining in weight every day. Never have any of the old bloated feelings. Feel strong and well and can endure more hard work than I could on the old diet, and this result is all without any doctor or drugs at all, but directly from using Grape-Nuts." Name given by Postum Co., Battle Creek, Mich.

on Saturday last. The score yesterday was 10-6. Devanney was in the box for the St. Aloysius team, and as he was absent last Saturday, during the other game, he can rightly claim a heap of credit for yesterday's victory.

A NEW COMPANY HERE IN SCRANTON

Arrangements Made to Lend Money on Furniture at Astonishingly Low Rates.

OFFERS GREAT ADVANTAGES TO THE POOR

Anybody Can Get from \$10 to \$300 on Household Furniture Two Hours After Application Is Made—Not Even the Borrower's Own Family Need Know of the Loan.

Company Will Let You Arrange Payments to Suit Yourself.

There is no longer any need for the people of this city to be without ready cash in their pockets.

There is no longer any need for you to humiliate yourself by asking your friends to lend you money as an act of charity.

Those who have too much self-respect to let their friends know that they are hard up can now pay all their bills and keep out of a good appearance and look prosperous before their neighbors and acquaintances.

This is a great advantage to most people, and the beauty of this new plan which makes all this possible is that it costs so little.

At 207 Wyoming avenue the Scranton Loan Guarantee company now has offices where anybody can get from \$10 to \$300 on household furniture. The loan may be had for one month or for a whole year, and those who apply will be told at first exactly what it would cost for any amount for any length of time. Naturally, a great many would expect that they would be charged compound interest under these circumstances. But the manager of this new company is particularly anxious that the public should know that no compound interest is charged

its propagation throughout all the world, worthy to sacrifice body and soul in pursuing that end.

There shall be one fold and one Shepherd. All are welcome. Rev. F. Ehinger, pastor.

BOYS FIRE A BARN.

Their Carelessness and Mischievousness End in Disaster.

A combination of carelessness and mischievousness on the part of a number of lads, scholars of the South Main street school, was responsible for the loss by fire of the barn at the rear of the property of P. F. Moran, on the brow of the Main street hill.

The lads made their way into the barn, early yesterday afternoon, and were there only a short time when the barn was found to be ablaze. The fire was, presumably, started by the lads smoking in the barn, which was filled with lumber, household goods and the like. By the time the Columbus responded and had a stream on the barn beyond saving. Everything it contained was destroyed. The loss was several hundred dollars.

The boys have been in the habit of entering the barn, despite repeated warnings to keep off the premises.

RAIN AND LIGHTNING.

Wild Storm of Last Night—Several Places Struck.

It was a brief, but wild storm that visited Carbondale between 7 and 8 o'clock last evening, the most severe disturbance of the summer. The lightning flashed with fearful vividness, the rain poured down as in a cloudburst and the wind blew with the force of a mild tornado.

Lightning struck a number of places, though no serious damage was done. Several telephones on one of the Carbondale Telephone company's switchboards were burned out. The roof of Male's grocery store, in the Keystone block, was struck and a number of bricks torn out. Oliver's grocery store, on Darte avenue, was also struck. The telephone was put out of service and the lightning sent its bolts through the house, scaring the occupants, but doing no damage.

POOR BOARD.

The meeting last night was enlivened by a letter Attorney Butler received from the steward of the Cambria county almshouse at Ebensburg, to the effect that Patrick Grier, aged 54 years, had been admitted to that institution. The steward in his letter said that Grier was suffering from lumbago, and expressed his thanks that Grier was not a charge on them. He concluded by requesting advice at once what they should do in the case. Grier continues to claim Carbondale as his home.

Attorney Butler was instructed to write and deny that Grier has a residence in this city. Attorney Butler was instructed to wait on Poor Tax Collector Barrett and try and effect a settlement of the old duplicate he has in hand, the time of which expired several months ago. Secretary Williams made a report of the appearance before council in reference to securing the vacant room on the second floor to hold their meetings in. Instead of their present quarters on the third floor.

The usual collection of bills were ordered paid. The bill sent in from Emergency hospital was advertised to, but nothing was done with it except to again lay it on the table. Secretary Williams was instructed to send a bill to the Forest City item, and for expense incurred by the board in the case of Mr. Monroe recently.

at all. He says, further, that there are no charges to be paid in advance, and hopes that no one who needs a small temporary loan will hesitate to take advantage of the company's offer because of any fear that the rates might be too high. They have been made so low that even the poorest can easily afford to get a loan.

The furniture is left with the borrower, and there is absolutely no publicity, for the company realizes that that is just what the public are most anxious to avoid.

As for the payments, each borrower is permitted to say just when it would be most convenient to pay. Most of those who have taken out loans so far have preferred to pay in small monthly installments. Some pay by the week, but in no case is the borrower compelled to pay all at once.

It will be noticed at once how much better it is to get a loan this way than by pawning things. With this plan you have the use of the goods while you also have the money.

The company intends to make loans anywhere within twenty-five miles of Scranton. All applications should be made to the Scranton Loan Guarantee Co., 207 Wyoming avenue, near Spruce street.

JERMYN AND MAYFIELD.

The funeral of the late Mrs. John Roberts, of Fourth street, who died Monday night of congestion of the lungs, took place yesterday afternoon. The funeral services were held at the house at 2 o'clock by Rev. M. D. Fuller, assisted by Rev. M. R. Thompson. At the conclusion of the services, the clerkmen paid a beautiful tribute to the upright life led by the deceased. Interment was made in Shady-side cemetery. The pall-bearers were: Messrs. John Avery, Davis, P. Walker, William Eastlake, George Cudlip, John Smith.

The Retail Merchants' Protective Association of Jermy and Mayfield held a special meeting on Thursday evening to take action regarding the request of the local mine workers to boycott the men remaining at work at the collieries. From the discussion that ensued it was evident that while the merchants sympathized with the miners in their struggle for rights they would not be justified in refusing to accommodate patrons of long business relations. The subject was discussed at considerable length after which the following resolution was unanimously adopted: "That it be the sense of this association that we continue to sell to all our regular trade, and not sell to imported men. (Signed) Retail Merchants' Protective Association of Jermy and Mayfield."

Professor and Mrs. H. N. Barrett entertained the members of the graduating class at their home on Second street Thursday evening. The class had an ex-
