> There is no longer any need for the at all. He says, further, that there people of this city to be without ready

eash in their pockets. There is no longer any need for you to humiliate yourself by asking your friends to lend you money as an act of charity.

Those who have too much selfrespect to let their friends know that they are hard up can now pay all their bills and keep up a good appearance and look prosperous before their neighbors and acquaintances.

This is a great advantage to most people, and the beauty of this new plan which makes all this possible is that it costs so little. At 207 Wyoming avenue the Scran-

ton Loan Guarantee company now has offices where anybody can get from \$10 to \$300 on household furniture. The loan may be had for one month or for a whole year, and those who

apply will be told at first exactly what it would cost for any amount for any length of time. Naturally a great many would expect that they would be charged compound interest under these circumstances. But the manager of this new company is particularly anxious that the public should know that no compound interest is charged street.

are no charges to be paid in advance, and hopes that no one who needs a small temporary loan will hesitate to take advantage of the company's offer because of any fear that the rates might be too high. They have been made so low that even the poorest can easily afford to get a loan.

The furniture is left with the borrower, and there is absolutely no publicity, for the company realizes that that is just what the public are most anxlous to avold.

As for the payments, each borrower s permitted to say just when it would be most convenient to pay. Most of those who have taken out loans so far have preferred to pay in small monthly instalments. Some pay by the week, but in no case is the borrower compelled to pay all at once.

It will be noticed at once how much better it is to get a loan this way than by pawning things. With this plan you have the use of the goods while you also have the money.

The company intends to make loans anywhere within twenty-five miles of Scranton, All applications should be made to the Scranton Loan Guarantee Co., 207 Wyoming avenue, near Spruce
