THE SCRANTON TRIBUNE-TUESDAY, JUNE 17, 1902.

TO PROVIDE WORK FOR STRIKING MINERS

Select Council Hustles Ordinance Providing for One-third of a Mile

of Sewer, in Order to Help Idle Men-Will Meet Again This EveningComplaining Citizens Given a ingComplaining Citizens Given a stream to leap over the embankment Hearing-Other Matters in Coun- and flood the abutting properties. He cil.

As a means of providing work for some of the hundreds of idle miners in Carbondale, select council last evening hustled through two readings the liobbs ordinance from common council providing for the construction of over a third of a mile of surface sewers in various parts of the city.

Select council, will meet again this evening to pass the ordinance on final reading, in order to expedite its journey to the mayor for his signature. After this, bids will be advertised for, to as follows: be followed by the letting of the contract, the commencement of the work and the employment of the miners whom the contractor may choose to employ. books to school board. Concurred.

The ordinance was passed through its two readings on motion of Mr. Mannion, seconded by Mr. Humphrey. Mr. Humphrey, however, wanted to

be certain that there were founds to carry out the proposed improvements. "You know," he said, "we have been

paying a lot of bilsl on wind; and it would be well for us to know what we're dooing." He suggested that the city engineer furnish an estimate of the cost of the work, and to present it at tonight's meeting. On motion of Mr. Mannion, to overcome any technicality, this was directed to be done.

The sewers, which are a part of the year's schedule, are located as follows:

On Ninth avenue, from Wyoming to Terrace street, 15 inch pipe, 140 feet. On Terrace street, from Ninth to Eighth avenue, 15 inche pipe; 425 feet. On Belmont street, surface sewer ex-On Belmont street, surface avenue to point tending from Maple avenue to point near E. T. Corby's property, 8 inch near E. T. Corby's property, 8 inch

plpe. From Belmont street, extending through or along land of Watt Bros. and Scurry; 15 inch pipe, 135 feet . On Belmont street, from Clark to Reynolds avenue: 15 inch pipe, 635 feet. From Belmont street, near cityline, to Lackawanna river; 24 inch pipe, 150 feet.

Through Porter property, on Birkett street, to Atkinson property, on Belment street: 12 inch pipe, 150 feet. On Archbald street, from near Tenth avenue to Eighth avenue; 12 inch pipe, 4%5 feet.

Complaints of Taxpayers.

This seemed to be citizens' night in council, for the greater part of the evening was given over to listening to complaints from taxpayers. Owen H. Loftus, of Seventh avenue, by his presentation of the droubles which property owners on Seventh aveaue, between Main and Church street, suffer from, succeeded in having the matter referred to City Engineer Kupp, with instructions that he

Mrs. Patrick Bergen, of Mayfield, and Hon, P. E. Timlin, of Jermyn, were in attendance at the funeral of the late Mrs. B. J. Murphy this morning.

TAYLOR.

Abner Griffiths, a resident of West Grove street, met with a serious accident yesterday. He fell from one of the cher-ry trees in his garden, falling on his head, which rendered him unconscious. For awhile it was feared that he would not survive, but after hard work on the part of the physician summoned, he was again restored to consciousness, and hopes are entertained for his recovery. Mr. and Mrs. W. H. Davenport, of South Taylor, attended the obsequies of the last Christopher Matthewson, at Factorvville.

Children's Day was most fittingly ob-served at the First English Congregational church on Sunday last. The ex-ercises took the place of the regular evening service, and an excellent pro-gramme consisting of singing, recitations, etc., was delightfully rendered, much to the delight of the large audience present. The decoration of the pulpit platform was very elaborate. During the exer-cises the pastor, Rev. Butland, gave a few remarks, which were instructive to

the young and the old. The Taylor Hose company and Century

Hose company No. 2, will play the second game of their series the latter part of this week. The former company has won one game, and one more is all that is necessary to win the championship. The Centurys claim that it was a streak of

luck that their opponents won and that they will turn the tide the next time. Misses Dalsy Sweet and Margaret Williams spent the Sabbath as guests of friends in Moscow.

Mrs. Thomas Peacock, of Paxton, Ill., is visiting her brother, W. H. Davenport, and family, of South Main street. Misses Grace Davenport and Margaret Jenkins visited friends in West Pittston vesterday. Patrick Deigman and family, of North

special committee had previously been appointed, who made the favorable report. The franchise provides for the building of a trolley line through the principal streets within the bor-ough limits. The construction shall begin on or before July 1, 1902. Several Athens people are interested with the Towandians in the proposed road, and t is stated that plans are to connect with the trolley road at Athens, and

This

lars are dampt for weeks, and this dampness has been the cause of sickness in his family.

City Engineer Kupp explained to the council that the trouble was due to two causes: Seventh avenue, at this point, is the lowest place in the city, causing water to be backed from Main street; and the drain pipe, which was an old one, was too small to carry off the water. The remedy he proposed was the extension of an 18-inch pipe to the sewer basins. This council left to the tare of the city engineer, who will take up the work at once.

School Controller P. F. Hughes, who was a spectator at the meeting, took occasion to make an carnest appeal to council to make a crossing over the Delaware and Hudson tracks between the Lookout crossing and the Powderly line. This was for the accommodation and safety of the children who attended No. 4 school, and who are now obliged to cross the tracks, between these points, often being obliged to go over and between trains of coal cars that

fill the yard at this point. Mr. Hughes suggested that the crossing he established near McDonough's store. The property owners at this point, he said, were willing to surren-

der enough land to make an open roadway, provided councils stand the expense of grading, etc. It developed that this improvement was included in this year's schedule

though it was not at the place suggested by Mr. Hughes, Mr. Hughest recommendation was re-

ferred to the street committee in conjunction with the city engineer. In the next complaint that was heard there was an echo of the disastrous flood of February 28, last, when the

Fallbrook creek overleaped its banks and swept several properties Among who suffered severely were Henry Collins and Patrick Toolan.

20

Bettor health comes with less meat and fat during the warm weather. By proper and pleasant diet you can prepare the body for summer and feel from ten to twenty degrees cooler than

your neighbor. Grape-Nuts and cream, a little fruit and possibly a couple of soft boiled eggs, is sufficient for the breakfast. An

ordinary portion of Grape-Nuts con-tains sufficient nourishment to fully sustain the body until the noonday meal; being a pre-digested food, it does not orestax the stomach and contains none of the heat supplied by the heavy

carbonaceous foods. Fully cooked at the factory by food experts, brings it to you ready to serve. and does away with the heat of cooking and the time necessary to prepare ordinarg food and its crisp daintiness is pleasing to the palate of young and old. Many delicious recipes are found in each Grape-Nuts package, so that the form of eating this wholesome food can be changed to suit the user.

These suggestions, if followed for ten days, will convince the most skeptical that a cool body, an active brain and an energy hitherto unknown will prevall and the general lassitude peculiar

Efforts of Ladies' Guild Promise to Be Quite Successful.

Interest is increasing in the baby how which will be held at Trinity parish house from 3 until 6 o'clock Thursday evening. It is certain that a rare opportunity will be provided to see and admire all the cutest and most interesting babes in Carbondale: and it is certain, too, that a multitude will take advantage of this opportunity. The admission will be but 10 cents.

The babes eligible are all those under two years. Mesdames Stephen Whitmore, W. J. Baker and J. D. Stocker, all of Jermyn, will be the judges. No resident of Carbondale will have any will in the awarding of the prizes. This removes any possibility of interest or partiality.

How the prizes will be awarded is Laurel street, as follows:

On Thursday, June nineteenth, From three to six p. m., A baby show is planned for you, And prizes cute for them.

One for the fattest baby. Our scales are good and true. And one for the prettiest sweetheart,

Does it not belong to you? A prize for twins will be given,

The mother should be proud. While for each little darling present, A souvenir is allowed.

"Tis all to be in the parish house, Admittance but one dime. Two years or under the bables must be, We promise you a good time.
