ONE SMALL-POX PATIENT DANGEROUS

Thomas Thompson, the Second Victim, is Having a Hard Time of It. The Other Patient, His Brother, is Getting Well—Councils Will Take Effective Action This Week—No New Cases.

The development since Saturday in the small-pox situation in this city affects Thomas Thompson, the second of the two patients in the Stricken family. The disease has a firm hold on him and his condition now is so dangerous that the opinion is he will have a hard time to rally through the siege. He is the younger of the two, about 15 years of age.

The indications in the case of the first patient are exceedingly favorable. He has reached the stage where the eruptions are healing and beginning to scale. His recovery seems assured.

In the case of the other brother, though the same faithful treatment has been followed, the attack is more virulent and the prognosis is not so bright. There is some portion of his body that is not disfigured by an eruption. The physician in charge is doing everything within his power and means to carry the sufferer through. None of the other two members of the family has shown the least symptom of the disease, and are in good spirits under the circumstances.

Councils will meet some night this week to adopt means of dealing with the situation. There is no alarm over the two cases that exist, but the experience of nearby towns demands that every precaution be taken. A joint meeting of councils will be called by Mayor O'Neill, who will probably make certain recommendations.

Among the things to be considered will be fixing the remuneration of the physician who will be authorized to care for such cases. No action in this respect has been taken as yet. The physician who is looking after the Thompsons is doing so only from a sense of duty.

With respect to his charge of them, it can be said assuredly that he is taking absolutely no chances. Every precaution and safeguard have been employed since he was called into the case. An idea of how he protects himself and those who come in contact with him can be gained when it is mentioned that he devotes about four hours each day to disinfecting, using the most effective of modern antiseptics. He is scrupulously careful, and, as suggested before, takes no chances whatever.

A MAN'S HEAVY LOSS.

\$300 Taken from Him, but Recovered by Constable Neary.

A well-known citizen is missing \$300, and, incidentally, Constable Edward Neary, that he is not today the loser of \$200.

Yesterday forenoon, while the Erie excursion train was standing at the Seventh avenue station, he had occasion to use the lavatory of the depot. While he was washing, he left his wallet nearby and walked away without it. He returned in only a few minutes, and discovering his loss, but the wallet and contents—\$300—were gone; he could get no trace of it. Constable Neary was sought. In a few minutes, he had a clue, which he followed until he located the man on the excursion train. The wallet was in his inside coat pocket and bulging out clearly showed its outlines. When approached by the constable, the man's face took on a crestfallen look. He handed over the wallet, with a word, and before he could make any explanation the train pulled out for Binghamton with the man a passenger.

It is not known whether or not the purposes of the man who took the money were honest or otherwise, as he had no time to explain. An investigation is likely to follow. The loser was overjoyed at the recovery of the money and has since been singing the praises of Constable Neary.

POSTMASTER THOMAS.

What an Admiring, Conservative Scranton Writer Says of Our Esteemed Townsman.

The following merited tribute to Postmaster J. H. Thomas, our esteemed townsman, was penned by P. A. Barrett, in his "Men as They Pass" column, in yesterday's Elmira Telegram: "Postmaster John H. Thomas, of Carbondale, was in town this week looking quite as fresh and cheery as ever, although he celebrated the fifty-fourth anniversary of his birth on April 1. Mr. Thomas was born in Carbondale and at the age of ten was a stamper at the Frogtown breaker, receiving thirty-five cents a day and walking two miles to and two miles from work each day. At thirteen he was a mule driver; at seventeen a coal loader, and at twenty a miner. Later he became a stone mason, got into politics and secured a position on the police force of Carbondale as 'one of the finest.' In 1888 he was elected clerk of the courts, which position he held nine years. He is now entering upon his second term as postmaster and residing on Easy street. He knows the book of politics better than any other Republican in the county."

A DAY OF OUTINGS.

Multitude of Carbondallians Spend the Sabbath Amid Rural Scenes.

Yesterday was a close approach to one of those perfect days of June, the only drawback was a slight coolness, which, however, was all the more acceptable to some. It was the best Sunday which blessed this community in a long time.

THE BLUE AND THE GRAY.

Mail Carriers Are After the Policemen for a Game of Ball.

There will be a union, reunion or disunion of the blue and the gray on the afternoon of July 4, or some morning between 4 and 6, if the Carbondale policemen dare accept the challenge that is hereby issued at them by the mail carriers of the Carbondale postoffice.

The carriers have a team, be it known, and a few to spare. The carriers know the national game, be it known, and are cutting across lots in hustling over their routes. They counter-charge or games of "one, two, and three-old cat" to teach the fine points of the national sport to the policemen.

As suggested earlier, the game needs to be played either July 4, afternoon, or some summer morning between 4 and 6 o'clock. After 4 o'clock the important hours of sleep are ahead of the Carbondale policemen, and the carriers are too considerate to ask the men in blue to overwork. On the contrary, the carriers are willing to make the sacrifice of rising ten or fifteen minutes earlier in order to accommodate the "coppers" and then rub in a defeat.

A guess at the make-up of both teams is something like this: Carbondale—Willie Chase, catcher, to play and scoup the high ones; P. E. Foxe, pitcher, who is onto the curves of the sphere as he is on the curves of the country's railroads; P. E. Carroll, the short man in short field; David Walsh, another long fellow, first base, to pull down the short man's sky socks; George Davis, second base, who has spent the past week sizing up Brother Chase's throwing arm; Martin L. Oliver, third base, who will be good company for the short man; William Fox, right field, captain of the field force; John Neaton, centre field, where he will have no questions to answer, and Frank Smith, substitute carrier, left field, the best place for the fat men, as no blue-coat will ever knock a fly that far.

Follicleman—Chief McAndrew, catcher; another long fellow in the right place, who is supposed to catch base balls as readily as he catches thieves; Patrolman Carden, pitcher, the Fallbrook man, where at the soul throwers come from; Patrolman Huddy, the Belmont short man; Patrolman McAndrew, first base, another long fellow; Patrolman Bell, second base, with "Policeman Jack" to catch the chief's lightning throw; Park Policeman William Kilgus, third base, where he can divide his time chasing sparrows; Special Policeman Clark Hetzel in right field as aide-de-camp to First Baseman McAndrew; Special Archie Gurney, in centre field, where there will be nothing to do; Special Patrick Mallia in left field, close to home.

Mail-wagon Drivers P. A. Walker and Fred Sheridan will transport the bats, shin pads, breast protectors, etc., to the field of battle; and Constable Edward Neary will be the chief coacher, taking his stand near Chief McAndrew. Constable Moran will have a roll of long green to take all odds on the men in blue and Constable Emmett will put himself in communication by wireless telegraphy with Steve Gilly for pointers on how they play the game in Cherry Ridge.

This will be "the" game of the season. ENTERTAINED MR. O'BOYLE.

Guest of School Director Hughes and Carbondale Press Club.

Attorney P. A. O'Boyle of West Pittston, who delivered the baccalaureate address at the High school commencement Friday, was entertained at luncheon afterwards by School Director P. P. Hughes and the members of the Carbondale Press club.

A delightful hour that the party spent. There was a social intercourse and an exchange of cordial, good feeling that will make the evening a pleasant one to recall for all present. It was Mr. O'Boyle's first real acquaintance with the warm-hearted hospitality of Carbondale, and he left for home loudly confirming what he had heard of the hospitable spirit of the anthracite city.

Mr. O'Boyle has the assurance of always being accorded a hearty welcome to Carbondale.

IT MATTERS NOT How Sick You Are or How Many Physicians Have Failed to Help You.

Dr. David Kennedy's Favorite Remedy will Cure You if a Cure is Possible.

Doctors are not infallible and there are many instances where they have decided a case was hopeless and then the patients astonished everyone by getting well and the cause of their cure was Dr. David Kennedy's Favorite Remedy. A case in point is that of James Lettuce of Canajoharie, N. Y., who writes:

"Some years ago I was attacked with pains in my back and side that were fearful in the extreme. I could not control my bowels at all and what came from them was mucous and slimy. I was in a terrible state of distress. A prominent physician of Albany, N. Y., decided that an operation was all that would save me. I dreaded that and commenced to take Dr. David Kennedy's Favorite Remedy. I had taken about two bottles, the flow from the bladder was much clearer, the pain stopped, and I was saved from the surgeon's knife and an awful end."

Dr. W. H. Morse, the famous physician of Westfield, N. J., has this to say of this great medicine: "I have known it to cure chronic inflammation of the kidneys, where the attending physician pronounced the case incurable. No form of kidney, liver, bladder or blood disease, or the distressing weakness so common to women, can long withstand the great curative power of this famous specific. Its record of cures has made it famous in medical circles everywhere."

It is for sale by all druggists in the West at 50¢ per bottle and the regular \$1.00 size bottles less than a cent a day. Sample bottle—enough for trial, free, by mail. Dr. David Kennedy Corporation, Rondout, N. Y.

SUNDAY AT POYNTELLE.

Popularity of the Lake on the Mountain Increases Each Week.

The appreciation of Lake Poynelle as a spot to enjoy an outing, particularly a day of rest, amid mountain breezes and scenery on Sunday, seems to be growing not only each year, but each week.

Though the Ontario and Western ran its first Sunday train last week, a good-sized crowd was attracted; and yesterday's train was appreciably larger. The train leaving here at 8:10 carried a good-sized delegation from Carbondale. Among those who spent the day on the mountain: Common Councilman E. S. Clark and Mrs. Clark, Miss Alice L. Hathaway, Mamie Early and Alice O'Malley, Scranton, who is visiting here; Joseph Reardon, Joseph Clark, Honesdale; W. B. Gritman, and M. E. Sanders and Mr. and Mrs. W. R. Hughes, of Scranton.

Total Abstinence Societies to Honor Memory of St. John the Baptist.

Tomorrow will be the feast of St. John the Baptist, a day of more than passing importance in the Catholic Church.

John the Baptist is the patron saint of the Total Abstinence societies, and in observance of this fact the Carbondale societies will honor the memory of their patron and attest their devotion to him by going to Holy Communion in a body next Sunday at the 8 o'clock mass in St. Rose church.

CRESCENTS DEFEATED.

The Half Moons Fell Before Scranton's Team.

The pets were defeated yesterday afternoon on Duffy's field by the central city team of Scranton in so decisive a manner that removed any doubt that might exist in the minds of the crank relative to the merits of both teams. It was an overwhelming defeat, and the best team won. The Crescents for seven innings played a great game, but at that point of the contest they weakened and the Scranton boys bore them to the earth. McAndrew had, until the fatal seventh inning, the Scranton team completely at his mercy, but when they began to get on to his curves they certainly made the most of their time and energy, and before they had ceased in their efforts, seventeen runs were marked to their account. Fox was an enigma to the pets and all they could realize from his shots was four runs. The score was as follows:
