

ARE TAKING BEERS' CULM

HE ASKS THE COURT FOR AN INJUNCTION.

Jefferson Township Farmer Says That C. E. Woodruff, Edward Foster and Emory Woodruff Are Carrying Away the Old Roadbed of the Pennsylvania Coal Company's Gravity Road Which Was Given to Him—Treasurer's Sale of Land for Taxes—Orphans' Court Matters.

Peter C. Beers, who owns 150 acres of land in Jefferson township, yesterday through Attorney C. Cornegy, filed papers in an equity suit against C. E. Woodruff, Edward Foster and Emory Woodruff. Beers has owned the land for forty years. In 1849 the Pennsylvania Coal company obtained a right of way over the land for its gravity road and subsequently built the road, using coal and culm for the roadbed.

Judge Kelly, to whom the papers in the case were presented, granted a rule to show cause why an injunction should not be granted and made it returnable next Saturday.

Land Sold for Taxes.

In the grand jury room yesterday morning the treasurer's sale of sealed and unsealed lands, on which taxes have not been paid, was conducted by Deputy Treasurers David Jones and George Long. Clerk Fred Francis represented the commissioners.

There were about 800 pieces of property sold and most of them were purchased by the county commissioners to secure the taxes.

Orphans' Court Matters.

Judge A. A. Vosburg yesterday handed down an opinion in the estate of Matilda Swingle, deceased, in which application was made for the removal of the executors. It is stated in the opinion that as the matters set forth by the executors as a defense against this proceeding have already been passed upon adversely to their contentions, they are now res adjudicate, and cannot be again considered. It is held that under the decision already made, as well as the record, the executors are subject to removal under the provisions of the acts of 1832 and 1861. It is ordered and decreed that the letters testamentary be vacated, and that the register issue new letters to a suitable person, who is required to give a bond in the sum of five thousand dollars.

TIRED OUT.

There's many a farmer's wife sits on the porch in the growing shadows of a summer evening, knowing to the full what it is to feel tired out; as if there was not another ounce of effort left in her. But she knows how sound her slumber will be and how refreshed the morning will find her. That's the tiredness of a healthy woman. But it's another thing for the sick woman to feel tired out. Rest only seems to increase her suffering. Just as in profound silence a discord jars the ear. More forcibly, so now that she has stopped moving about, this tired woman feels more acutely the aching back and throbbing nerves.

Sick women, hundreds of thousands of them, have been made well by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. "I could not tell what it suffered for these years with uterine trouble and dragging down pains through my hips and back," writes Mrs. John DeLoach, of Great Falls, Minnesota. "I tried Dr. Pierce's Favorite Prescription and it was like a new woman. I could eat and sleep and do all my work." The Common Sense Medical Adviser, in the same issue of stamps to pay expense of mailing only. Send at once cent stamps for the book in paper covers, or 31 stamps for the volume bound in cloth. Address Dr. Pierce, Buffalo, N.Y.

THE MARKETS

Wall Street Review.

New York, June 30.—The stock market reflected the recent prevailing tendency of speculative sentiment to buy greatest stocks upon encouraging developments and to ignore what appears to be unfavorable with an invincible cheerfulness. The money market became quite active today and call loan rates ran up to 7 per cent under the pressure of the month-end demand for funds. This had the effect of curtailing operations in stocks to some extent, but forced no appreciable liquidation. The special stocks which have been chosen as leaders of the market by the speculative party which has made itself the guardian of values showed points of strength at various times during the day. The market also responded to the expressions of confidence on the part of the operators that the coal strike is disintegrating. There is a belief in the field that the coal operators have been deferring active steps towards a resumption of mining until after the July 4 holidays in the belief that holiday period might aggravate a tendency to disorder. A buoyant recovery from recent depression in Colorado-Fuel was attributed to manipulation or to a struggle for control among disinterested insiders. Sugar also made an unexplained rise, but the industrial generally were heavy. United States steel stocks dropped back a fraction. Over capitalization, insufficient provision for working capital and exorbitant allowances to newer syndicates and the continually developing necessity for bond issues by the industrial combinations are subjects under constant discussion in Wall Street. The market closed almost inanimate and steady. Total sales today, \$14,000,000. There was an active market for Burlington joint 4s in connection with the closing up of the syndicate. The understanding that the syndicate holdings were disposed of in connection with the settlement made the bonds strong. The market for the market was quiet and firm. Total shares, par value, \$4,000,000. United States bonds were all unchanged on the last call.

CONTRACT FOR FIRE HOSE

Orders Placed with the Fabric Hose Company and the Eureka Hose Company.

Director of Public Safety F. L. Wormser yesterday afternoon awarded the contracts for \$4,000 worth of hose for the city's fire department. Recently \$5,000 was appropriated by council for this purpose. Two thousand feet of hose at \$1 per foot was ordered from the Eureka Hose company, of New York, and the same amount at the same price from the Fabric Hose company. The contract for the remaining \$1,000 worth of hose will be awarded this morning, and Director Wormser last night remarked to a Tribune man that a portion of this will go to one of the companies represented by C. M. Florey, of this city. The bids of the Eureka and Fabric companies were as follows: Eureka company—"Best" brand, \$1 per foot; "Paragon" brand, 90 cents per foot. Fabric Fire Hose company—"Unique" brand, \$1 per foot; "Keystone" brand, 90 cents per foot.
