THE SCRANTON TRIBUNE-WEDNESDAY, JULY 2, 1902.

ANOTHER **ONE OF THE** SCHOLARSHIPS

[Concluded from Page 5.]

foing good work, but it is evident that one after another several of these will drop as new and more active contestants take their places. Any boy or girl, with a little deter-

mination, firmly resolved not to be easily discouraged, can easily make a good start in the table within the week. and by the close of another month should be half way up the ladder. There are 100 days yet before the contest closes, and there is a great opportunity for those who desire to secure advanced educations. Read what The Tribune is offering in this great contest to the young people who work for it during the summer months, and if you do not fully understand the offer, write a postal card to "Contest Editor, Scranton Tribune," and you will receive fullest particulars by return mail.

The Special July Prizes.

The Tribune has on exhibition in one of its windows the handsome bird's-eye maple writing desk which is to be presented to the contestant scoring the largest number of points during the month of July. This desk is a little beauty and is suitable for either a boy or girl, or for a contestant who might consider that they are too old to be classed as either. It is very nicely finished, with carved front, curved legs, and is one of the newest shapes. As a second prize, to be given to the one scoring the second largest number of points during the month, will be give en a Waterman fountain pen, with gold nibbs. Such a pen will last a life time and can be pointed to with pride in after years.

FOUR CONTESTANTS **AFTER JULY PRIZE**

Kellerman in Third Place-Shepherd Goes Up One Position-Miss Yeager Made Big Gain.

Standing of Contestants 1. Charles Burns, Vandling. 439 2. Oscar H. Kipp, Elmhurst. 328 3. A. J. Kellerman, Scranton. 303

Page, at the Revere; Mr. and Mrs. Jones, at the Sothern; Mrs. E. Smyth, at the Westminster. Kingston people here include Mr. and Mrs. J. B. Ranney, L. H. Miller and J. Col. Tom Leslie. E. King.

INDUSTRIAL JOTTINGS.

Fast Run Made by a Train on the Lackawanna Road Last Saturday-The Board.

Some fast runs were made on the Lackawanna railroad by a special train, onsisting of two Pullman cars, a private car, and a combination baggage and smoking car, which went up to the Pocono mountains with a party of newspaper men on Saturday and Sun-

day last. On the outbound trip the distance of twenty-six miles between Washington and Mount Arlington, N. J., was made in twenty-four minutes, and on this stretch a speed of seventy-six and a half miles an hour was maintained for a distance of ten miles. The engine used was of the "Mother Hubbard" type. On the return trip the train achieved a speed of eighty miles an hour, which was maintained for nearly fifteen miles. The distance of sixtyseven miles from Washington to Hoboken was covered in eighty minutes, including five stops because of engines or trains on the track ahead and a slow run on the new bridge over the Passaic river. This was considered an especially gratifying performance by the railroad officials, in view of the unfavorable weather conditions, the rails having been made very slippery by the continued downpour of Sunday.

The occasion on which these fast runs were made was a special excursion for representatives of New York, Brooklyn, Jersey City, and Newark newspapers, arranged by the passenger department of the Lackawanna railroad under the personal supervision of General Passenger Agent Lee and Advertising Agent Colton. Stops were made at Lake Hopatcong and the Delaware Water Gap, and the night was spent at Mount Pocono, amid the odors of the mountain forests and the blooming laurel and rhododendron. The Lackawanna railroad is making special efforts to bring this region of fine mountain resorts closer to New York, and has put on special fast trains for the "over-Sunday" contingent.

Today's D., L. & W. Board. Following is the make-up of the Delaware, Lackawanna and Western board for today:

WEDNESDAY, JULY 2. Summits West-6 a. m., Carrigg, Pushers-7 a. m., C. Bartholomew; 1145 a. m., Moran; 7.30 p. m., Murphy; 9 p. m.,
 W. H. Bartholomew,
 Helpers-1.59 a. m., McGovern; 7 a. m., Gaffney; 10 a. m., Secor; 4.30 p. m., Stan-NOTICE.

J. L. Ross, with Peckens' crew, will go out on No. 61 Wednesday, July 2, and until further notice. Conductors and flagmen will please call watch certificates.

MOSCOW.

LIKE A BURGLAR

Disease creeps into the house of the body like a burglar, silently and subtly. The best thing to do is to keep the burglar, disease, out of the body. The next best thing is to drive him out if he has obtained entrance. The greatest safeguard against disease is pure blood. The purity and richness of the blood depend upon the number of red corpuscles it contains. These are the policemen of the blood, and when strong enough promptly seek to eject the intruding microbe of disease. It is when they are numerically weak that disease gains a foothold. Whatever will purify the blood and enrich*it with the red corpuscles of health will resist the progress of disease in the body and gradually drive disease from the blood.

Dr. Pierce's Golden Medical Discovery purifies and enriches the blood. It increases the activity of the blood-making glands so that the body is abundantly supplied with the red corpuscles of health. "Golden Medical Discovery" cures scrofula, erysipelas, eczema, salt-rheum, boils, pimples, sores, and other diseases which are caused by the impurity of the blood. It purifies the blood and keeps it pure, and so strengthens the body to resist disease.

"I feel greatly thankful for what your medicine has done for me," writes Mrs. Chas. Hood, of Kalkaska, Mich. "I suffered with scrofula of the head for twelve years. Tried every kind of medicine that I heard of but found no cure. Every one that looked at my head said they never saw anything like it. The last doctor I doctored with before applying to you I got worse every day. Was so miserable that I was unable to do any work at all. After taking two or three bottles of your 'Golden Medical Discovery' and using the local treatment you prescribed for me, I was cured and my head was entirely free from scrofula."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good " for diseases of the stomach and blood.

THE BURGLAR ALARMS of the body are the symptoms of disease. These symptoms are taught and explained In Dr. Pierce's Common Sense Medical Adviser, containing over one thousand large pages of valuable medical Instruction. This great work is sent FREE on receipt of stamps to pay expense of maliing ONLY. Send only 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. PIERDE, Buffalo, N. Y.

Four contestants made a start yesterday toward winning the Special Honor Reward for July offered in connection with The Tribune's Educational Contest. Each one of the four, by so doing, improved their positions,

A. J. Kellerman advanced from fourth place to third, leading Fred Gunster now by six points and being twentyfive points behind Oscar Kipp for second place, where Mr. Kellerman sojourned all of last month.

Once more the two Carbondalians are united, for Maxwell Shepherd passed Albert Freedman as the result of his return yesterday and is now in seventh place, twenty-six points behind his fellow townsman.

Miss Mary Yeager is on the bottom of the main list this morning, having gone up from forty-first place yesterday, and Miss Vivian Mikle, of Scranton, although her name is not on the published list, made a gain of two places. With only a few more points Miss Mikle will be in the table printed daily.

The following are the leaders, so far, for the two Special Honor Rewards for July:

large part to the heavy speculative com December

less account of as it was attributed in part to sympathy with wheat and in harge part to the heavy speculative com-mittments which are supposed to threat-en a corner in corn. The damage wrought by wet weather to wheat is supposed to be balanced by the advantage of cotton and there were signs of strength amongst the cotton carriers. This helped Missouri Pachie also. There were fears this morn-ing that yesterday's money flurry would be repeated today and decline in the call rate after opening at 8 per cent. helped the recovery in stocks. The ac-tion of the Rock Island directors in giv-ing their stockholders the right to sub-scribe at par for new stock to the amount of 12% per cent. of their holdings caused a spurt in that stock and helped the Grangers generally. St. Paul recovering its one point loss and Chicago and Northwestern rallying from a point loss to a point gain. Chicago and Eastern Hinois rose 6% points to 201 without a solution of the mostery of the ultimate disposition of the road. The New York public utilities were advanced during the day and Sugar had another upward move-ment. The coal carriers were neglected or easy, especially the soft coal roads. The strike of the Union Pachie machin-ists and the threat of the Chicago freight handlers to go on strike had a depressing effect during the morning. The effect of the repeal of the war taxes is a favorable influence in Wall street from every point of view. A long list of raliroad bonds sold ex-interest today, but it is probable that much of the large disbursement on that account found its way directly back into the money market. An important influence in the immediate case of today's market was the increase in capital of the available an increase of loanable re-sources today of about \$18,000,000. The market was the increase in capital of the induced is and rather irregular. Total sales, 275,000 shares. The bond market was quiet and rather irregular. Total sales, 275,000 shares.
