THE CITY ENGINEER NUMBERING HOUSES

Jnnumbered Houses and / Those Which Have a Duplicate Number Given the Right Number-City

Engineer Asks That Property Own-

ers Accept These Numbers.

City Engineer Kupp is about at the end of a work, which should have been carried out long ago, but which was delayed by the backwardness of councils in dealing with the necessity. He is giving out numbers for houses which either have no numbers or which have a duplicate number, or is so numbered

as to be misleading or confusing. This work is the last of the street system, which was woefully lacking a year ago, but which was absolutely necessary for Carbondale to secure to

mail service to which it was entitled, but which it was persistently denied by the postal department at Washington solely because there was no intelligent street system in this city. There were unnamed streets, there were two or more streets named alike, and there were houses galore which had no num-

bers, or numbers chosen by the propowners themselves, because of a lack of any other means of determining a number. It was a curious condition, but it was one which councils could readily remedy if they cared to. The Tribune earnestly urged councils to take action, and after several weeks of constant directing of attention to the matter, the initiative was taken, led by Dr. Fletcher, of select council, chair man of the streets committee, who fathered the project to the end. Mr. Stone, in common, looked after the

resolution for street signs. The work, therefore, that City Engineer Kupp is doing these days, in placing numbers for the unnumbered houses, is the last of the details connected with the establishment of an intelligent system of streets. Mr. Kupp, Evans' thoughtfulness, were delighted

trict. His chances of remuneration and of advancement would be increased by going to Philadelphia; hence his acceptance. He will leave this field on Thursday next, but will not go to Philadelphia until about August 1. The month of July he will devote to regimental work. Two weeks will be spent at the head of his company, during the encampment at Gettysburg. He is captain of Company C, Thirteenth regiment. The bal-ance of the month will be spent in

cleaning up the details of the afterwork of an encampment. It is needless to add that the wellwishes of Captain Murphy's multitude of Carbondale friends will accompany

him into his new field. Captain Murphy's successor will probably be Mr. Gelatt, of Uniondale, Mr. Gelatt's brother is conspicuous among the hustlers in the Correspondence schools' field force. He is located in

Scranton

ANOTHER CASE OF SMALL-POX DISCOVERED

It Is Believed That Mrs. Joseph Evans, of Dundaff Street, Is the Last Victim-Will Know Today.

Mrs. Joseph Evans, who resides on bundaff street, above Forty-third street, in a house owned by Dominick

McGowan, has been ill since Sunday. Last night the physician who called to see her pronounced her symptoms those of smallpox. Mrs. Evans is related to the Thompson family, whose members have been afflicted with the disease.

and had visited them frequently before they were stricken. For a reasonable time she had been in quarantine and it was thought that the danger had passed. The physician has made preptrations for caring for a case of smallpox, and will know today whether the symptoms were those of the dreaded

lisense. Mrs. Evans has a husband and three children.

MISS FAHEY'S RECITAL.

A Highly Appreciative Audience Captivated by Her Work.

Fully appreciative of the treat that vas assured by Prof. Haydn Evans, an attendance of music-lovers that filled that is expected. The disease is prohis residence, on Laurel street, last night listened with keen delight and pleasure to the numbers of the planovarioloid. forte recital of Miss Loretta Fahey, of Scranton, a pupil in Mr. Evans' conservatory. It seemed almost extravagant to

name the references to Miss Fahey's playing which preceded her; but those who heard her last night, marveled at he confidence, the expression and the finish of the young miss, characteristics that are usually looked for in a planiste of mature years, and which follow years devoted to the planoforte. Every one was most profoundly impressed by Miss Fahey's work, and there was no one

but who assented to the opinion that wonderful accomplishments might be truly predicted of her. W. A. Roberts delighted the assem-

blage with his truly artistic singing. "The Plains of Peace," which he gave in response to an encore, was regarded as his best number.

Masons. together with James Powderly, the with the musical treat he provided. Father Carew Branch, Catholic

obliged to visit this city once or twice in the meantime. TWENTY-THREE FOUND CARP.

Caught in Lake Quinsigamond by Warrie Swingle, of Park Street. The biggest fish, so far as can be recalled, that has ever been caught in this vicinity is the prized trophy of Warrie Swingle, son of Merchant T. K. Swingle, of Park street.

The big fish is a German carp. I weighs just twenty-three pounds, and is calculated to bulge with wonderment one's eyes at seeing a fish of such extraordinary size and weight from on of the ponds hereabouts. The carp is three feet, thirty-four inches nearly long, and is two feet in circumference It was caught in Lake Quinsigamond formerly known as Swingle's pond, and located in Canaan. It was speared by young Mr. Swingle, while near shore

n a small creek outlet. Mr. Carp was quite a curiosity at the Swingle store last night, and it went a good way to supply the many friends of the merchant, each with a generous portion.

ANOTHER CAVE-IN.

Roadway Sinks in Front of the Coogan Property, Cottage Street. There was another cave-in yesterday n the southern part of the city, which has become celebrated for its earth settlings and one-sided base ball games. The disturbance was in front of the Coogan property on Cottage street. onsiderable distance from where the ecent settlings took place, though long the same thoroughfare. The roadway for its full width has

gone down for several feet. The distur-bance was sufficient to twist and break the water mains, a feature that seems to be an indispensable feature, recentlf, of a cave-in. There was no damag noticeable about any of the properties. The chief annoyance was the deprivation of water of residents in the vicin ity.

THE SMALLPOX PATIENTS.

No Developments in Any of the

There were no developments in smallpox situation yesterday. There was no change reported in any of the three patients. The first patient continues to make progress toward recovery and is getting along well. The second son, the one who was so low, continues to show signs of his recovery, though he is not out of danger, as yet. The third and oldest son, who was taken down Monday, is in the condition gressing, as is characteristic. It appears to be of the milder type, namely,

HOMAN-LUNNEY NUPTIALS.

Took Place Monday Evening with

Simple Ceremony. The marriage of Mrs. Josephine Homan and Patrick Lunney took place Monday night, in the parochial residence of St. Rose church. Rev. Walter Gorman officiated. Miss Mary McAndrew was bridesmaid, and Joseph Hansen was best man.

The groom is a well-known young man and is a member of one of the oldest families in Carbondale. Mrs. Lunney formerly lived in Scranton. Both have many sincere wishes for wedded happiness.

Mothers' Meeting Today.

THE PASSING THRONG.

PAIN IN THE BACK.

A Sure Sign of Kidney Trouble. Dr. Kennedy's Favorite Remedy will cure you.

Pain in the back is a never failing sign of kidney disease ; another sure sign is the condition of the urine ; if you have a pain in the back then look to the condition of your urine. Take a glass tumbler and fill it with urine ; after it has stood 24 hours, if it has a sediment, if it is milky or cloudy, pale or discolored, stringy or ropy, your kidneys and bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal. F. C. Wilcox of 559 New Britain ave., Hartford, Conn., says :

"I had a frightful pain in my back, the result of kidney trouble. My physician seemed powerless to relieve me. I determined to try Dr. David Kennedy's Favorite Remedy; it helped me wonderfully, and in a short time cured me completely."

Dr. David Kennedy's Favorite Remedy is the one medicine that really cures all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation. It is wonderful how it makes that pain in the back disappear, how it relieves the desire to urinate often, especially at night, and drives away that scalding pain in passing water and makes you well and strong.

It is for sale by all druggists in the **New 50 Cont Size** and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle-enough for trial, free by mail. Dr. David Kennedy Corporation, Rondout, N. Y. Dr. David Kennedy's Rose Jelly radical cure Catarrh, Hay Fever and Cold in Head. 50c.

OLYPHANT

The funeral of the late Samuel Cole-man was held at the family home on Dunmore street yesterday afternoon at 2.30 o'clock. A brief service was held at the house, after which the remains were conveyed to the Primitive Methodist church. The edifice was thronged with friends of the deceased. Rev. James lley, the paster, officiated and preached an imthe pastor, officiated and preached an im pressive and eulogistic sermon. During the service the choir touchingly rendered "Lead Kindly Light," "Abide with Me," "Shall We Meet Beyond the River" and "Sweet Peace." There was a number of beautiful floral offerings from sympathiz-ing friends. At the close of the service, the remains were taken to Union cemetery and laid at rest. The Sons of St. George, Priceburg; Ancient Order of Foresters, Dunmore, attended in a body. The pall bearers were Thomas Allen, Martin Kenny, Dunmore; John Grey, Frank Simms, Priceburg; Patricx Mackeral and

Thomas Powell. The flower bearers were Ace Dailey, William Longmire, Louis Ace Dailey, William Longmire, Louis Egeroff, Elijah Hoyes, Mr. Coleman is survived by his mother, two brothers and one sister, in England; one sister, Mrs.

Frank Nichols, of this place; also his wife and two daughters, Mrs. John Crooms and Mrs. Charles Taylor. In a poorly played game yesterday, the Browns were defeated by the Hickories, of Jermyn. Patten pitched the first inning for the locals. He was relieved by Cleary, who pitched two innings. Mahon

succeeded Cleary and proved very effec-tive. Score, 15 to 9. Miss Agnes Hull gave a delightful house party to a number of friends at her home on the West Side Monday evening, in honor of her guest, Miss Rose Van De

Hugh, of Port Allegheny. Miss Lillian Patten, of Carbondale, is visiting relatives at this place.

Miss Minnle Hoban has accepted a posi-tion in the Globe Warehouse at Scranton, The young son of School Director Thomas Weaver is scriously ill. Miss Lizzie Reese is spending the week with Greenileld relatives.

Will you do your buying this week before the 4th? Remember we will be closed Friday and Saturday.

Fourth of July week-Business crowded into first four days. Saturday closings thereafter during July and August will be 12 o'clock.

Men's \$3.50 Oxfords

Three Cases.

this week completed the work of tacking the signs on houses at the street corners. Their mission was not all sunshine, as many a property owner objected to having his house placarded. An incident out of the ordinary took

place when the city engineer and his assistants endeavored to nail a sign a man who happens to be among the men who are still at work. Instantly the union supporters in the vicinity were up in arms, and in manifesting their opposition they made it decidedly unpleasant for the unsuspecting sign

In giving out the numbers for the houses, City Engineer Kupp requests that property owners change the numbers on their houses to the new one This has not been done in every case. Some property owners seem to object to buying another number, after already having one that is attempting to do state politics he has a close acquaintservice. It is absolutely necessary, however, to have a general obedience to the request of the engineer, otherwise tional campaigns. Mr. Woellner is even the system of numbering he has devised will be of little value. Councils have directed the work, which was an abso- owner, of an immense distillery, which lutely crying necessity; the city engineer has carried out the work, and it is now up to the property-owner to do wedded the daughter of B. Moses, of his part and bring the system up to the Scranton, and was on a visit with this point which was intended when it was devised.

It might be mentioned that among the benefits that followed the establishing of this system of streets, was the granting to Carbondale of an additional mailcarrier, who was needed

to supply the city's wants, but who was withheld, despite the protests of Postmaster Thomas, because of the absence of street names and house numbers.

The signs which the city accepted and which are now in place, are quite credable, and no more acceptably neat treat placand will be found in any city the country.

CAPTAIN MURPHY TO LEAVE.

Correspondence Schools' Representative to Go to Philadelphia, August 1.

The announcement that Captain Thomas P. Murphy, resident represenative of the International Correspond ce schools, is to leave the city will be egretful news to the wide circle of riends whom he has claimed since cating in Carbondale, less than a year go, a circle exceptionally large for one surround himself within such a comratively brief acquaintance. Captain Murphy severs his connec-ion in Carbondale to accept a more

Complete Outfitters

We are not going to give you any of the threadbare reasons for this reduction of price on Men's Oxfords. It's not what you would call a regular Shoe Sale-just a special on a line of \$3.50 Oxfords. We've dropped the price \$1.00.

Here's what our shoe buyer says: "I have a lot of \$3.50 Oxfords and I would like to clear them out. While I have sold lots of Oxfords at \$4 and \$3, the price \$3.50 doesn't seem to be popular this season. So to increase my shoe sales for this week the \$3.50 Oxfords will be sold at \$2.50." That's the whole story in a nutshell. If you expect to wear this style of shoe this summer, the opportunity presents itself here and now. All the swell dressers wear Oxfords this season-"It's the proper thing."

Blucher Cut Velour Calf

Here's a Special on
