

WEST SCRANTON

Constable John Lance Assaulted—South Main Avenue Pave—Social Gatherings. Other Events of Interest.

Constable John Lance, of the Fifteenth ward, and Constable Timothy Jones, of the Fifth ward, had an exciting encounter yesterday in Keyser Valley, which they will soon forget. A warrant was issued a few days ago for the arrest of John Loftus and James McDowney, charging them with maintaining a hole-in-the-wall, and the warrant was placed in the hands of Constable McGinty, of the Twenty-first ward, to serve.

McGinty served the warrant all right, but in return received a severe punishment, which rendered him incapable of bringing in the accused. He then placed the warrant in the hands of Lance and Jones, who are famous for their fearlessness and courage in critical times.

The stalwart constables reached the scene of the alleged violations, and read the warrants to the accused, and succeeded in placing Loftus under arrest, and just as they started away with him, Lance was set upon by Loftus and his friends and received a pair of black eyes, and was otherwise maltreated.

In the excitement of the fracas the prisoner escaped, and was still under cover at a late hour last night. Jones then assisted Lance to D. M. Jones' drug store, where he was attended by a physician, and afterwards went to his home, where he is now confined.

Some doctors called it eczema and others dry tetter, but no one was ever able to cure me until I took a course of treatment with Doctor Byers. I took numerous blood medicines and sarsaparilla without relief."

LUNG TROUBLE.

M. H. Fine, 888 Union St., Petersburg (City): "I would like to add my testimony to the many others who speak of your success in treating those who have made such wonderful improvement since being treated by you that I feel it would be an injustice to you if I did not acknowledge it to the public. You are an effort to ease off that burden of life, that dreaded disease, Asthma, Catarrh or Bronchitis, and I had tried many advertised remedies, but failed to receive benefit in every case and have fully made up my mind not to be deceived any more, believing that all advertised remedies to cure chronic disease was a fake and was just robbing the afflicted. Your treatment has put new life in me. I begin to feel that the distress of the shortness of breath is a thing of the past. In December, 1901, I was taken with the grippe and ever since I have been troubled with a shortness of breath and had given up all hopes of ever getting rid of this distress, but I thank the good Lord that I have found one doctor whose treatment is within reach of all who have been afflicted to do. I can honestly say from personal experience that Dr. Churchman Byers is no fake."

DISEASE OF BOWELS

Mrs. Barbara Dickson, Parker street, Providence, Rhode Island, who has suffered for fourteen years, which caused violent bearing down and dragging pains in my abdomen, and which made me scream in one day. The straining finally brought about severe protruding piles. These caused me much misery. When I went to Doctor Byers' office I was so weak from my suffering that I could hardly drag myself along. The first treatment he gave me drove all the pains out of my hips and legs. My bowels were more regular by once a day, and the piles have ceased troubling me. God bless the good Quaker doctor for what he has done for me.

HER GREAT SUFFERING

Mrs. M. Queenie, Avoca, Pa.: "I had been troubled with pain in the small of my back for 15 years, was confined to my bed for two months this winter, the pain at times being so severe it made me scream. I had tried every medicine I could get, but it did me no good. I was so weak and my head would go like such dizzy spells I was afraid to go any place without taking some one with me. My stomach also troubled me so I could not eat anything without great distress. Doctor Byers' treatment was relieved me of all these distressing symptoms and I want to recommend this good Quaker doctor, who is so kind and sympathetic with all his skill."
