Minnie Loper who kept a bakery on the bank of the creek, was drowned early in the day. The downpour and the cloudburst above the village turned the creek into a torrent. The water rose very rapidly and was several feet deep on the lowlands before anyone realized the danger. Miss Loper's bake shop was swept out into the stream but it had not gone far before it fell apart. Miss Loper's body was recovered.

There were many narrow escapes. A Yorkshire, two miles below Arcade, the approaches to the bridge were washed away but the bridge is standing. The triumph of Gold Heels, winner of the Suburban Handicap and now a fair rival for Kinley Mack, the only other American horse that ever won a double victory in two handicaps, was earned in splendid style, the gallant colt, ridden by Odom, taking his ton weight to the front on the back stretch and racing all the way, winning at the finish, with something in hand, though Odom kept him going to the end and took no chances. Gold Heels finished first by a safe half length before Blues and Argregor, who fought out a neck apart for the second money.

The time of the race clipped a fifth of a second from the werld's record for a mile and a quarter run on a circular track, Gold Heels winning in 2.03 4-5, while Charentus, with twenty pounds less weight, ran the distance in 2.04 at the Empire City track in 1900. The only other performance at the distance that can b ed as rivaling the triumph of Gold Heels was the mile and a quarter on the straightaway track at Monmouth park at Long Branch in 1890, the year the new track there was opened, when Banquet, then a three-year-old, with 198 pounds, ran the distance as timed officially in 2.03%, or one-twentieth of a second faster than Gold Heels ran, the great difference between the performances, however, being that Banquet had no turns to make, while Gold Heels negotiated five turns practically on a mile course where the stretch is hardly more than a furlong in length. The winner has been beaten but one this season, when in his first race of the year he failed to concede a big weight illowance to Colonel Bill and finished sec nd at the Gravesend track. He won the Suburban handicap and the stakes at the Sheepshead Bay track, and on performance, leaving out of consideration the time of yesterday's race, has been declared the best horse of the year. C. McLewee and James Brady for \$7,500, and in Trainer Allen's hands has become what he is. Yesterday's race was worth \$8.245 to the winner, this victory swelling the total of Gold Heels' earnings this see

AGUINALDO RELEASED

The Filipino Leader Seems to Fear the Vengeance of Luna's Friends.

By Exclusive Wire from The Associated Press. Manila, July 6.-As a result of the proclamation of amnesty, July 4, the guard of American soldiers has been withdrawn from the house where Aguinaldo lived in Manila, and Lieutenant Johnson, Aguinaldo's custodian brought the Filipino today to see General Chaffee. It was the first meeting between the American general and the leader of the Filipino revolution. Lieutenant William E. McKinley, of the

Ninth cavalry, acted as interpreter. Aguinaldo was told that he was free to go anywhere he pleased, and General cup of happiness overflowed at the Chaffee asked him if he had any complaint to make of American discourtesy or harshness. VATICAN PREFERS SHOW OF FORCE

Shrinks from Appearing as Direct Party to Friars' Withdrawal.

May Prefer Expulsion.

By Exclusive Wire from The Associated Press. Rome, July 6 .- After an examination note submitted by Judge William H. Taft, civil governor of the Philippine islands, regarding the friars

ands in the archipelago, the vatican finds one very great obstacle to the withdrawal of the friars. The vatican would not object if the expulsion of the friars were arranged and carried out by another power, so that the holy see would only have to recognize the accomplished fact; but it shrinks from appearing as a direct party to their withdrawal, especially since the religious orders are powerful

in Rome and, above all others, in the sacred college. The efforts of the vatican are directed oward finding a way to consent to the withdrawal of the friars from the islands without appearing to do so. In fact, the vatican, it is believed. welcome a show of force to which it

could submit. It would much prefer, however, a compromise prohibiting the friars from returning to the parishes they left in 1898, but allowing them to remain where they now are or where there is no local opposition to their ministrations.

The committee of cardinals appointed to discuss Judge Taft's propositions was to meet July 10, but a requiem mass for the late King Albert of Saxony, to be celebrated in the Sistine hapel, at which the pope and the cardinal will- assist, has necessitated a postponement of the meeting of the

By Exclusive Wire from The Associated Press. Walker, Minn., July 6.—Chief Flat-mouth, of the Pillager Chippewa Indians bitterly assailed the Morris bill in a speech at the Fourth of July celebration at the Leech Lake agency.

I have been to see the great father in Washington five times, to col-lect annuities and back pay, and each time I came away without a cent. The people that passed the Morris bill are not conest. Arrangements Are Concluded for the Establishment of Headquarters.

THE PRESIDENT'S PLANS FOR A BRIEF REST

Only Business of Greatest Importance Will Be Considered During the President's Vacation-No Delegations Will Be Received-Scant Hotel Accommodations Will Probably Keep Crowds Away-Presence of the Secnet Service Men Resented.

By Exclusive Wire from The Associated Press. Oyster, Bay, N. Y., July 6.-In discussing the president's stay in Oyster Bay, Secretary Cortelyou today said that there seemed to be considerable misapprehension as to some features of it. He stated that there would be no elaborate office established and that the only clerical force maintained would consist of two stenographers. Arrangements have about been concluded for its use for two rooms in the bank building for office purposes, and it will be there that the president will transact most of his business when he comes into town. Both the president and his secretary have planned to make their brief holiday as restful as possible, and to that end will transact in Oyster Bay only the most immediate public business. Everything else will be transmitted to Washington for attention there, either by the regular white house force, or, in cases where other action is required, by the various departments. This is in accordance withe the practice which has been folsummers. The president will not remost pressing importance, submitted

by correspondence. Mr. Cortelyou will spend most of the summer at Oyster Bay, or within easy reach of that place. Some time during the season, he hopes to put aside work entirely for a short vacation, leaving Assistant Sceretary Loeb in charge during his absence.

Meagre Hotel Accommodations.

The meagre hotel accommodations here will go far toward giving the President that rest and freedom from unnecessary official cares which he has made it plain to everyone he desires What scant accommodations there are provided are already taken and persons arriving here from this time on during the president's stay will probably find themselves without a place to sleep.

The president spent a restful night at Sagamore Hill. Even the howling of the family dog, which was kept up continuously, did not disturb his slumbers. He rose early and attended service at Christ Episcopal church. In his carriage was Miss Carew, his son, Archie, and Lieutenant Ferguson, of the Rough Riders, who is his guest. While waiting for Mrs. Roosevelt and the rest of the family, the president stood outside the church and greeted his friends. To a newspaper man he laughingly marked that Mrs. Roosevelt and the children were coming along in an express wagon.

The people of Oyster Bay seem to resent the presence of the secret service nien, as they believe the president is perfectly safe from bodily harm. The strictest surveillance is maintained, however, despite these protestations.

SAIL BOAT CAPSIZED.

Two Women and a Child Are Drowned in Sandy Hook Bay.

By Exclusive Wire from The Associated Press. New York, July 6 .- The wife of Captain Tiemann N. Horn, of the 95th company Seacoast Artillery, his daughter, Frances, aged 5, and Miss Alice Mc-Mahon, of Nyack, N. Y., were drowned in Sandy Hook bay today. Captain Horn is stationed at Fort Hancock on Sandy Hook.

Captain Horn had made up a sailing party to go out on the bay in his small cat-rigged yacht. Those aboard were, in addition to the captain, Mrs. Horn, with their two children; Miss Horn, sister; Dr. Waterhouse, his wife and Miss Alice McMahon, a sister of Mrs. Waterhouse. At a point about half mile out the little vessel capsized, throwing all hands into the water. Captain Horn and Dr. Waterhouse mad every effort to save the women and children, but a strong tide quickly swept them by beyond reach and before any other help could be had Mrs. Horn, Frances and Miss McMahon were drowned. The others clung to the mast of the capsized vessel and were

rescued by other boats. A sailboat containing W. B. Tait, of Atlantic Heights, N. J., and Walter Tubbs, of this city, came up and rescued Mrs. Waterhouse. At the same time Captain Hortung with his launch Edna May, of Newark, N. J., rescued Captain Horn and his baby boy, Miss Horn and Dr. Waterhouse, and brought

President of the Miners' Union Silps Away from Wilkes-Barre and Goes to New York.

HIS DEPARTURE IS UNEXPECTED

Purpose of His Visit Not Known. The Third Month of the Great Coal Strike Will Begin Today-Operators Say That the Number of Men Applying for Work Is Growing Larger Every Day-Labor Leaders Are Confident That the Strike Will Still Be on in September.

By Exclusive Wire from The Associated Press Wilkes-Barre, Pa., July 6 .- President Mitchell, of the Miner's Union, left here at noon today for New York. He slipped out of town so unexpectedly and so quietly that only two or three persons around strike headquarters knew of his departure. As he did not announce he was going to New York, there is an element of mystery about his journey, but the Associated Press learned on trustworthy authority that he went to the metropolis for the purpose of meeting leaders of other labor organizations. The purpose of the meeting is not definitely known here, but it is understood to have a direct bearing on the question of labor organizations affiliated with the American Federation of Labor assisting the miners' union financially. It is known be transferred to the royal yacht in that some of these organizations, through their national officers, have expressed their willingness to help the mine workers in this way. Mr. Mitchell while in New York may meet the officials of railroad unions or other organizations that can assist his people by other than financial means. The miners' president, it is expected, will return here tomorrow. He has an engagement for Tuesday to address the delegates of district No. 1 which opens its annual convention in Nanticoke tomorrow morning.

Third Month of Strike

Tomorrow will open the third month of the great coal strike. There have been many rumors and opinions published that certain coal companies would in a few days attempt to start up one or more collieries. The officials of the big companies who are willing to talk deny all knowledge of any attempt of their respective companies to start work. They say, however, that the number of men applying for work is growing larger each week. Many of the men are given employment and the names of the others are placed on the

waiting list. The correspondent of the Associated Press today sought the opinion of strikers' officials as to how long they expected the strike to last and those of mining superintendents as to whether the price of coal will go up or down during the coming fall. The labor leaders were unanimous in the belief that the strike will still be on on September I, if the operators make no concessions, and the company officials who were seen were of the opinion that the price of coal during the remainder of this year will not go below the present figures, but on the other hand might go higher. One superintendent was quite emphatic in his reply, he saving:

"I do not think that the price of coal will go down under any condition dur ing this year."

Mitchell's Statement.

New York, July 6.-President John Mitchell, of the United Mine Workers, arrived in New York tonight. He said he was in the city not on strike business, but to see some friends off to Europe tomorrow. He said he will see no one while in New York, on strike matters, nor would he talk about the coming national meeting of the mine workers in Indianapolis. As to the anthracite strike, Mr. Mitchell said:

"The strike is going on all right and in our favor. We are not discouraged by our work since the beginning of the strike. We will win. No men have gone back at all."
