EVERYBODY GOES TO HONESDALE

Carbondale Will Have a Characteristic Representation in the Maple City on Saturday-Hundreds to Accompany "Our Pets" and Cheer Them to Victory-Special Rate via

All roads on Saturday will lead to Honesdale. Under ordinary circumstances all roads might lead out from the Chestnut borough, and the trains running out of there might go like sixty to reach Carbondale, but fortune favors the Honesdalians for once, at least, and so on tomorrow the compass will point to the Maple city and will guide a representation of Carbondalians that any town might feel proud to

As yet, nothing has been heard here of how the Maple cityltes propose to show their appreciation of the honor of this visit, but as this is one of the hon-ors which comes to the town over the Moosics but a few times in a lifetime, the way of a reception. Manager Tappan's securing a sixtycent rate will be appreciated, and extra presented at a joint meeting of councoaches will be the order on the 11.95 cils on Monday night, when it is extrain from Carbondale.

The Stripplings and all the others will be in the push.

No Port Jervis Men.

It reached the ears of Manager Tap- follows: pan, of the Crescents, last night that Honesdale intended or had aiready imported several members of the Port Jervis team, who have played professional ball and are still classed as such. Notable among these was Miller, the muscular colored pitcher, formerly of the Cuban Giants, who was engaged to go in the box against our "Pets."

On receiving this information, Man ager Tappan immediately communi cated with Manager Dittrich, of the Honesdale team, and had a heart-toheart talk with him through the 'phone during which he insisted upon fair play, claiming the right to play against a strictly Honesdale team. If there was any justice to Honesdale importing writers. professionals, the Crescents had the same right to go to Scranton and tote over one of the crack pitchers who are home from college, whose curves would terrorize any batter from the observatory in Farview all the way down to the Giants' ground in Harlem. Mr Dittrich repudiated the suggestion that he had a line on the Port Jervis professionals, and promised that there would be no man on the Honesdale team who is not a Honesdalian. As Mr. Dittrich's word has heretofore meant what it was given for, Carbondale can expect the fair treatment that it has looked for from Honesdale, and which will be accorded it by Carbon-

Manager Dittrich has had the batting order of the Crescents forwarded to him, and he can rely absolutely upon it that not a player thereon has been imported. They are Carbondale players, all of them; they have played with Carbondale this season, and only one is not from within the city limits. Me-Andrew, against whom there was a question raised as to being a Carbondale man, the claim being made that he belongs to Avoca, has been a Carbondale resident for four years. He earns his dally wages here, he pays his taxes here, he votes here and, lastly, he is going to remain here.

We take the pains to point these things out to Honesdale, to prove that Carbondale is going to be fair, absolutely fair, and will play on honor,

Do You Know Your Neighbors.? In a city a man may not know his next door neighbor. It is quite different in the country. In some sections a man may know every man, woman and child in the county and be able to give the family history of all his neighbors for crisis as three generations back. In such a community a man who sees a neighbor in trouble is as quick to help him out as he would be to aid one of his own children. An instance of this is related by H. H. Seal, a well known merchant of Fortner, Tenn. His neighbor's wife was taken with a severe attack of colic. On hearing of it he ran to his store, got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took it to the sick woman and gave her three doses of it, and he thinks saved her life. This was witnessed by all of his neighbors. This remedy is for sale by all druggists. Keep it in your home. It will save you
