THE DILLON INQUEST.

Testimony of a Number of Witnesses. Was Heard Last Night in the Court House.

Coroner Saltry conducted an inquest ast evening in the court house in the case of Marcus Dillon, the 4-year-old child who was killed at the Parker street crossing of the Delaware & Hudson railroad on the evening of July while out riding with Mr. and Mrs. Henry Daver, of 842 Capouse avenue. The jurors empanelled were Owen Barrett, Edward Morris, Thomas Rafter, John Devaney, John J. Watt and P. J. Gillogely. The Delaware & Hudson company was represented by Atorney J. H. Torrey.

The first witness called was Robert Copeland, engineer of the train. He testified that the train passed the Parker street crossing about 8.30 o'clock, and he did not see the carriage until the horse was struck. The engine struck the horse on the shoulder and knocked him to one side of the track. The signals were given as the engine approached the crossing.

John McCawley, the fireman, testified

to having sounded the signals, but did not see the horse until after the accident occurred. John M. Harvey, the conductor of the train, was on the platform of the last car when he heard the brakes applied, and knew something was wrong.

He went to the crossing and learned what had happened, and immediately sent for an ambulance. He also picked up the child, which died shortly afterwards. He testified to having heard the signals sounded.

R. F. Mason, civil engineer for the Delaware & Huson company, made an examination of the crossing, and testified that 30 or 40 feet from the crossing on the right hand side is a house, and that a person passing toward the crossing can see a distance of 415 feet down the track after getting beyond the

BEAUTIES OF FOREST HILL. A Drive Through the Cemetery Is a

Revelation. Not many Scrantonians, it is safe to say, are aware of the beauties of Forest Hill cemetery whose fifty acres of hill and dell in the northern part of the city contain the dust of many of Scranton's most distinguished citizens. A drive through the cemetery is a revela-

tion to the average person. The winding well kent roads, the green of the foliage and the closely clipped grass, the white monuments peeping through the follage here and there, the sacred silence, all combined to impress one with beauty and fitness as a lasting place for those who have

and will "pass beyond." It is doubtful if any cemetery in the country has a location of greater natural beauty and the original projectors of it had the rare judgment before deciding definitely on plans for the development and management of the cemetery to visit and obtain ideas from Greenwood at Brooklyn, Mount Auburn and Forest Hill cemeteries at Boston with the the pleasing results that are seen today at Forest Hill which is now clothed in its most beautiful summer

TRIED TO SHOOT DAVIS.

Man Engaged in Digging Pole Holes for Scranton Electric Light Company Is Fired Upon.

A crowd of young men who congre gate daily in what is known as "Hobo park," a patch of woods in the Keyser Valley, opened fire yesterday morning on Enoch Davis, an employe of the Scranton Electric Light company, and he had a narrow escape from being riddled with bullets.

The company's employes were at work digging holes for poles in that locality, and Davis, who was some distance away from the other men, was singled out as a "scab." The crowd proceeded to show their wrath by calling him names and discharging fireurms. Seven or eight shots were fired fence near by, and others plowed up the dirt in front of him. Davis recently served three years in the Philippine islands, where he underwent similar experiences, and he stood his ground like the soldier that he was. When the shooting had subsided, he went to the foreman of the gang and told him what had happened. Meantime the assailants had gone some dis-

tance away and lay down in a field, When several of the men working with Davis started in pursuit they jumped wards the Cayuga yard. Davis went before Alderman Saltry, Third ward, and had warrants issued for the arrest of several of his assailants. Constable McDonough, was given the instruments and arrested Thomas Malloy and Patrick McGrath. At the hearing Malloy admitted hav-

ing been in the crowd, but denied firing any shots. He refused to give the names of his companions. He was held in \$300 bail for a further hearing. McGrath convinced the alderman that he was not implicated in the shooting

made to learn who the offenders are. Davis was seen by a Tribune mar last evening and related the circumstances as given above. He said it was the closest call he ever had. He is a well known resident of West Scranton, a former mine worker.

FRANCIS IS AT LIBERTY

APPEAL ALLOWED BY JUDGE EDWARDS IN HIS CASE.

It Is Alleged That Alderman Ruddy Did Not Give Him a Hearing Before He Found Him Guilty and Fined Him-Two North Scranton Property Owners Want Damages from the City of Scranton-William Bishop Sues Frederick Linde for Defamation of Character.

John Francis, who was committed to he county jail Monday by Alderman M. J. Ruddy was yesterday released, his attorney, John J. Murphy, securing from Judge H. M. Edwards an appeal from the summary conviction before

the alderman. Francis was arrested on information lodged by Fred Reynolds, of Lincoln Heights, who is employed as an engineer at the Bellevue mine. Francis l a striker, and when Reynolds refused to quit work it is charged that Francis annoyed and made threats against him. At the hearing Francis was fined \$10 for disorderly conduct; \$10 for discharging firearms and \$5 for trespassing on the property of another. He refused to pay the fines and was com-

mitted to jail. In the petition for an appeal it is set forth that Alderman Ruddy did not give the defendant a hearing and refused to allow him or his witnesses Elmer Jenkins, John Stevens, Gethin Jones and William Dagger, to testify Thomas W. Jones became his bondsman in the sum of \$200 for the appeal.

Two Suits Against City.

Martin Murphy and Lawrence Moran yesterday began actions against the city of Scranton to recover damages in the sum of \$5,000. The plaintiffs are represented by Attorneys C. B. Little

and I. H. Burns. Murphy owns a property at 325 Warren street in the Second ward of this city. Near it was a water course into which the surface water of the vicinity drained and was carried off. Some six years ago the city built a sewer from Putnam to Genet streets and filled up this natural water course with the result, so Murphy alleges, that during heavy rain storms and freshets great quantities of water are thrown upon his lot, tearing up the soil, flooding his house and making it almost uninhab-Itable. Moran's house is at 329 Putnam street, and his cause for action is the same as Murphy's except that he complains of the sewer between Putnam and Warren streets.

Called Bishop a Thief.

William Bishop, a prominent business man of Archbald yesterday began an action against Frederick Linde, also directly at him. Several lodged in the of Archbald, asking damages in the sum of \$5,000 for defamation of character. The papers in the case were filed for him by Attorney H. D. Carey. It is alleged by Bishop that on June 28 last Linde declared in the presence of a number of persons that Bishor was a thief and that he could prove it Bishop proposes to give him a chance to make good his word or settle for the injury done him.

Taylor School District.

An account of the indebtedness and resources of the school district of Tay lor borough was filed with Clerk of the Courts Daniels yesterday by Attorney necessary because the school district is about to increase its indebtedness by the issue of \$4,000 worth of bonds. The statement filed was as follows:

First-The actual indebtedness of the school district of the borough of Taylor at the present time, to wit, July 11, 1902,

Second-The amount of the last preceding assessed valuation of the taxable property in the said school district is \$1.125.262.

curred is \$4,000. The bonds are to be issued for the purpose of funding the present floating debt of the district, and to meet prospective liabilities. The bonds are to be four in number, of the denomination of \$1,000 each. They will be numbered as follows: 1, 2, 3 and4, and will be redeemed re-spectively on July 11, 1903, and each year thereafter on the same date until the series are retired.
