This one man, this bright and refresh--ing exception, is W. F. Suydam, one of the foremost citizens of Honesdale and an ardent supporter of the Maple city team. Mr. Suydam's honesty and fairness are exhibited in his frank statement that our "Pets" are a super-

In answer, to begin with, we beg to advise Mr. Suydam that another such effort on his part to figuratively sit upon The Tribune man will surely result in a decided loss to the silk industry of the country; nervous prostration is likely to follow another such expense of nervous energy in harpoon ing and flagging us.

He has lived on Grape-Nuts since he was a year old, and is the stoutest little fellow you nearly ever saw.

"Nearly everyone asks what I feed the children, for they are so big and healthy,

"Our twelve-year-old daughter began to have headaches about last Christ-mas, and we put glasses on her. She got some better, but was still very poorly. Until Monday for an Answer.

The machinists of the Delaware and Hudson company in this city are askment of wages, so as to correspond with the money received by the company's men in the shops at Onconta, and Green Island, N. Y. The men sent a committee to Master

Mechanic Ennis on Thursday, with the request. Monday was named as the time by which an answer was expected. Mr. Ennis informed the committee he would do what was within his power to bring about what was asked.

Superintendent Manville said last night to The Tribune reporter that he had no knowledge of the men's request. Ultimately it would reach him, provided Superintendent of Motive Power Slack, of Albany, should feel he could not dispose of the matter. It could be assured. Mr. Manville said, that the company would deal justly and equitably with their men and that they would be given a full hearing, if they believed there was anything that need-
