

The News of Carbondale.

ANTHRACITE PARK IS ALMOST EMPTY

The Immense Storage Yard of D. & H. Believed of Thousands of Tons of Coal Since Strikes Set In.

The immense coal storage plant of the Delaware and Hudson company, at Anthracite park, just north of the city, will be a revelation to one who might pass there these days.

The coal has been removed and shipped steadily since shortly after the strike began, eleven weeks ago, and it is remarkable how quickly the mounds of coal have dwindled, until the yard is almost as empty as the day it was thrown open for the reception of black diamonds, three years or more ago.

The coal is being shipped daily to points north on the Delaware and Hudson. Four or five trains, long ones, go out daily. There still remains thousands of tons in the yard in this city, but it is likely that this will be moved gradually until only what is absolutely necessary for the company's local needs for an indefinite period remain.

PAID OUT MANY DOLLARS.

County Commissioners Through Paying Election Contest Witnesses.

The county commissioners yesterday finished paying the witnesses in the Langstaff-Kelly election contest case in this city and vicinity.

The last of the voters received their fees yesterday afternoon. None of them was from Carbondale, but Carbondale, Fell and Greenfield townships. The last of the Carbondale voters were paid on Thursday.

The commissioners paid out about \$25 each day, which would leave them disbursing over \$2,000 in this city. The money, which was not much more than a dollar in most instances, was the first received by the majority since the coal strike began, eleven weeks ago. There were evidences about the street the past four days that the money had been left here.

The commissioners will pay the witnesses at Jermy and Mayfield on Monday.

The clerks who assisted in the payments of the fees renewed old acquaintances and made many new friends during their stay in Carbondale. Besides the three commissioners, the work was carried on by W. G. Daniels, ex-clerk of the courts, now chief clerk in commissioners' office; John P. Mahon and John Van Bergen.

WAS UNFORTUNATE.

John Breese, Formerly of This City, Shot While Stopping a Fight.

John Breese, who was employed before the strike by the Ontario and Western as a fireman at the Scranton Division, was shot at Lushall, Cameron county, where he has been working since the strike began.

Mr. Breese, it is said, was shot while trying to quell a fight between some fellow workmen, the ball entering his chest just above the heart and inflicting an injury which it was at first thought would prove fatal. He was at once taken to the hospital at Rustin, Toga county, and is now on his way to recovery.

THE LIGHT ORDINANCE.

Passes Two Readings in Council. The License Ordinance.

The ordinance awarding the lighting contract for the city building and the hose houses passed first and second readings, without debate, in select council last night.

The vendors' license ordinance is now ready for the mayor's signature, having passed final reading last night. Select council will meet at 7 o'clock Monday night to pass finally the light ordinance, so as to have them acted upon the same night by common council.

Misses Yarrington Entertain.

Misses Yarrington entertained a number of their friends last evening at their home on Wayne street, in honor of their cousin, Miss Best. A high-class musical programme was rendered, and a very enjoyable evening.

JURT THINK.

You Can Think When the Food Makes Your Brain Work.

The mind does not work properly unless the right kind of food is furnished. A young man studying telegraphy said that his progress was very slow. It seemed impossible for him to pick up the art and understand it.

He suffered continually with stomach trouble and could not digest his food properly, and he finally got so he could do but little work, and was tempted to give up his studies altogether.

About that time some one told him about the brain food, Grape-Nuts and he went in for it. In a short time he very remarkably changed took place. His stomach recovered and he became free from headaches. His hand was no longer nervous and trembling when he held the key, and the whole mystery of telegraphy untangled itself, for, as he says, "I had the mental power to master it, and the understanding came easy when the mind was in poise and strong."

He is now holding a responsible position as an operator. This is but one of the many illustrations of the advantage of using food purposely manufactured for rebuilding the broken down gray matter in the brain and nerve centers throughout the body. The facts are there and can be proven to anyone making the trial. Don't overlook the recipe book in each package of Grape-Nuts.

was spent by those who were there. Among those present were the following: Misses Emma Kohl, Grace Hall, Mina Frank, Josephine Best, of Port Jervis, and Messrs. John Morgan, Edward Yarrington, William Swigert and Maxwell Shepherd.

BEREAN BAPTIST CHURCH.

Rev. Thomas De Gruchy, D. D., Will Conduct Tomorrow's Services.

The Berean Baptist congregation will have the privilege of enjoying the services of Dr. De Gruchy tomorrow, who will conduct the men's prayer meeting at 9.45, teach the young men's Bible class and preach both morning and evening. The well-known Scranton pastor is so much appreciated here that doubtless large congregations will attend all the services.

LIGHTNING POWER.

Strikingly Shown in the Bolt That Shattered the Dwelling Owned by ex-Select Councilman Thomas M. Nealon.

The sharp flash of lightning, followed by a roll of thunder which fairly shook the city during the storm of early yesterday morning, left destruction in its wake. The bolt struck the store and dwelling on South Main street hill, owned by ex-Select Councilman Thomas M. Nealon, and occupied by the family of Michael Kerins. The destructive power of the lightning wrecked the rear portion of the house, and gave the occupants an experience from which they emerged without injury, though by the closest margin.

The lightning struck the chimney, and following it down, ripped out a corner of the house and tore away a part of the roof. The plaster was stripped off and fell down on the occupants of the beds, which Mrs. Kerins and her daughters occupied. Fortunately none of them were injured, but they were fearfully terrified. Mrs. Kerins became almost hysterical, because she felt the shock most. Her cries were heard by Mr. Nealon, who came to the family's assistance. They were removed to the home of Mrs. Schoff, where their fears subsided.

No fire resulted, though the air was heavy with sulphurous fumes. The damage that was done was a forcible illustration of the destructive power of lightning. Pieces of the building were torn out and hauled high into the air. A door was ripped from its fastenings, plaster was stripped from the ceilings and walls, lamps were splintered and the glasses in the windows were broken and crushed as if pounded under a hammer. The house was disturbed throughout and not a door can be closed. The force of the shock extended to the Nicol home, 150 feet away, shattering several windows.

OBITUARY.

MRS. FALETHA HOGAN CAMP died at the home of her son, No. 40 Mill street, Wednesday evening. A general breaking down, due to her extreme old age, was the cause.

The funeral services were held yesterday morning at the home of her son. They were conducted at 8 o'clock by Rev. A. F. Chaffee, pastor of the Methodist Episcopal church. The deceased was then taken to Salem, Wayne county, and interment made in the afternoon.

Mrs. Hogan camp was a woman who was generally liked in this city, and leaves a vast circle of friends who will miss her loving ways very much. She was a member of the Methodist Episcopal church of this city and attended the services whenever it was possible for her to do so.

She is survived by one son, John Hogan camp, of this city, and one sister, Amanda Belcher, of Susquehanna.

Mrs. T. A. Kirkwood, of this city, has received the sad news of the death of her father, Owen Harrington, at Ledgedale, Wayne county, which was his home. Deceased was 74 years of age, an upright citizen, who was highly respected by all who knew him. He was well known in this city, and he will be missed by all who knew his sterling qualities. The funeral will take place this morning at Ledgedale, with a high mass of requiem.

An Inspection Tour.

City Engineer Kupp and James Solomon, J. D. Davis and T. F. Barrett, of the select council, and E. H. Stone, A. J. Kennedy and W. H. Masters, common council, were on an inspection tour around the city yesterday. They had special instructions to investigate the claims made for damages at Monday night's meeting of council, and also viewed Fallbrook creek, in order to suggest to the councils some plan to relieve the people of Brooklyn street from further damage by the overflow of the stream. Their report promises to be an interesting one.

WORDS OF WOMEN. A plain woman takes pride in her friends, a beautiful woman in her enemies. A woman will often say no, when she means yes; but never yes, when she means no. The normal woman is capable of one love and fifty affairs. A woman's fidelity sometimes begins away from home, and then remains there. A young girl is the nearest approach to an angel that we have—and the most expiring.
