

SECRETARY MULLAHY ARRESTED FOR LIBEL

Accused of Printing Circulars Designating Neighbors as "Unfair Workmen."

25 COMPLAINTS ARE LODGED AGAINST HIM

His Bail Piece Amounts to \$12,500. Sheriff Jacobs Called to Duryea to Disperse Mob Which Had Gathered to Prevent Men from Working at the Warnke Washery—The Work of Distributing Relief Began in the Wyoming Region Yesterday—Many Miners Leave for Bituminous Regions.

By Exclusive Wire from The Associated Press. Wilkes-Barre, Pa., July 28.—J. F. Mullahy, secretary of the Stationary Firemen's association of Pennsylvania, was arrested here this afternoon charged with libel. Twenty-five complaints had been lodged against him by men who are now employed in various capacities by the coal companies in this section. It was alleged that Mullahy had printed a circular containing the names of the prosecutors. He classified them under the head of "unfair workmen," and then so it was claimed, posted them in conspicuous places throughout the region. Two women testified that they saw a man who looked like the defendant put up the circulars on telegraph poles near their homes. Magistrate Pollock held Mullahy in the sum of \$500 on each charge, which made the bail piece \$12,500. The bail was promptly furnished by friends of the accused. Secretary Mullahy has been very active in the strike. It is said that through his influence he has held 95 per cent. of the striking firemen firm. Engineers and pumpmen have gone back to work in large numbers since the strike began, but the firemen have remained out with the mining men almost to a man. At strike headquarters Mullahy's arrest, on so many warrants, is termed an outrage. Sheriff Jacobs was called to Duryea today to disperse a mob which had gathered in the vicinity of the Warnke washery and prevented some men from going to work. When the sheriff arrived on the scene the crowd left. The work of distributing relief among the strikers of the Wyoming region began today. The most needy cases will receive aid at once.

RECEIVING THE CONTRIBUTIONS. Mine Workers' Headquarters at Indianapolis Turned Into a Banking Room.

By Exclusive Wire from The Associated Press. Indianapolis, July 28.—Mine workers' headquarters in this city have been turned into a banking room and every inch of space is required to accommodate the extra force that has been put to work to handle the contributions since the voting of the assessment of the miners and the appeal for funds was made. The business has risen to such an extent that Secretary Wilson has been obliged to move out of his rooms and occupy President Mitchell's offices, while the office force has taken possession of his former quarters. Secretary Wilson smiled at a report from New York that the coal trust has 1,200,000 tons of anthracite coal in reserve within one day's haul of the metropolis. "I have not been East recently and do not know where this coal can be hidden," said Mr. Wilson, "but if the operators have got it, they will show it pretty soon. It would be a shame to keep us waiting too long to find out where this great supply is." Mr. Wilson declared that the usual amount of contributions were received at the headquarters today, but no operators have got it, the total amount, owing to the changes being made in the arrangements of the headquarters. A check from the Alabama district for \$1,000 as its donation to the defense fund was one of the large contributions received. The auditing committee of the organization which has been in session since the recent convention, reviewing the books of Secretary-treasurer Wilson, completed its work. The figures were found to be correct. The books are examined quarterly. The auditing committee consists of John J. Boston, of Ohio, Patrick Fitzsimmons and Michael McCullough, of Pennsylvania. All the members left the city today.

ONE MAN KILLED SEVERAL WOUNDED. "Joe" Goddard, the Well-Known Heavy Weight, Is Probably Fatally Shot—It Is Alleged That He Begun the Quarrel with a Colored Officer—Another Serious Affray, Number of Persons Badly Beaten.

By Exclusive Wire from The Associated Press. Camden, N. J., July 28.—The primary election for delegates to the convention of the First Congressional district of New Jersey was held this afternoon and evening in Camden, Gloucester and Salem counties, which comprise the district. The candidates for the nomination are Henry C. Loudenslager, the present congressman, and J. Alpheus Van Sant. The contest has been one of the most bitter ever held in Southern New Jersey. The polls were open from 5 p. m. to 8 p. m. and the three hours were marked with serious fighting. One man was killed in this city, and "Joe" Goddard, the well-known heavyweight pugilist, of Philadelphia, was probably fatally shot, while elocuting in Pensauken township. Another man was dangerously stabbed in this city, and a fourth man received stab wounds at a "dog corner," near Merchantville. Goddard was at a voting place in Pensauken township when he was shot. He was with a number of men who were traveling from one polling place to another. They all got into a quarrel with a colored constable named Robert Washington. It is alleged that Goddard assaulted the constable with a base ball bat and the colored man, in self-defense, shot Goddard in the head. The constable surrendered himself to the police. The wounded pugilist was brought to a hospital here, where the physicians say he may die. Near the same polling place, Constable Isaac Fowler, while in a fight, was stabbed twice. His wounds, though painful are not considered serious. A considerable trouble in Pensauken township and at Merchantville, and a number of persons were badly beaten. The most serious affray occurred at Third and Beckett streets, in this city. Each side had a crowd at the polling place. A general riot was started. When it was all over, it was found that a man whose identity is not yet known had been shot through the heart by some unknown person and a policeman, not in uniform named Harry Miller, had received two cuts on the head and a probably fatal stab wound in the left lung. There were a number of other persons in the fight hurt, but not seriously so. At midnight both sides claimed the election, but the returns up to that time from the three counties indicated that Van Sant had secured a majority of the delegates. The delegates of Loudenslager and Van Sant are charging each other with fraud and with bringing large numbers of repeaters from Philadelphia. The convention will be held at Woodbury on Wednesday.

Five others of their fellow-workers were severely injured, but will recover. Throughout the city and suburbs the storm inflicted considerable damage in the way of overflowing sewers, flooding cellars, etc. In Hazelwood the Presbyterian church was struck by lightning and the steeple thrown over, but no one was injured. Quite a number of residents had to flee for their lives, so quickly did the rise come. So far as known, all escaped injury. It is safe to say that twenty-five buildings, residences, stables and outhouses were struck by lightning in this district during the twenty-five minutes the storm prevailed.
