Miners Adopt Resolutions.

The following resolutions were adopted at the joint mass meeting of all returned fro locals of United Mine Workers, which land states. was held in St. Mary's hall last Saturday, concerning the statement made by Benjamin Griffiths at Hughestown, Pa.:

Sub-headquarters of United Mine Workers of America, North Scranton, Whereas, it was brought to our notice that a man named Benjamin Griffiths tried to injure our cause by stating at Hughestown, Pa., June 27, 1902, that a meeting of 1,200 miners held at Provi-dence, Pa., said that they were going to work if they had to break away from the

union; that their families were starving and that they had stayed out as long as they could and that they were dissalis-fied because the coming convention was put off to such a late date and that he, the said Griffiths, would do the same. We wish to state that there was never

such a meeting hold in Providence nor the said words uttered at any time in this section of the district, by any body of miners in any meeting held. But at a meeting held a motion was carried by all present, that we, the 1.200 miners of the North End head in the section of

North End, have implicit trust in our of-ficers and that we stand shoulder to shoulder to win this strike if it takes all summer and winter to win.

Y. W. C. A. Notes.

The Outing club thoroughly enjoyed ts trip to Lake Scranton. Miss the president of the club, Shires, carried her camera and took a number of snapshots of the young women, as they grouped in picturesque positions on the rocks along the boulevard. The lunch room looks very cool and inviting, with its immaculate tablecloth and pretty flowers. A number of

young women have taken advantage of his place, in which they partake of their luncheons, but there is still room for more. Those who attend find the ice water a very refreshing addition to their luncheons.
