Policeman Ringheiser States That When He Called for Aid from a Member He Was Given the "Laugh"—During the Riot Shots Were Fired at the Officers from the Doors and Windows of Saloons. Many Witnesses Identify the Men Under Arrest, Charged with Killing of Beddall—Brigade Has a Quiet Day.

By Exclusive Wire from The Associated Press. Shenandoah, Aug. 7.—The coroner's jury which has been investigating the death of Joseph Beddall, who received his fatal injuries in the riot last week, concluded its inquiry today and rendered a verdict holding "Joseph Paluwicz, a butcher; Matthew Paularkas, a one-armed saloonkeeper, and many other rioters, unknown to the jury," responsible for the killing. The men named in the verdict are now locked up, and other arrests will follow. The two men were taken into custody this afternoon by two constables who were protected by a platoon of soldiers from Company K, of the Twelfth regiment. A large number of witnesses were examined, including the three workmen and Deputy Sheriff Thomas Beddall, who were first attacked by the mob; the six policemen who were subsequently set upon and some of them shot, and several eye-witnesses of the riot. Some of the testimony was considered very important by the coroner and the jury. Paluwicz was identified by three boys, who testified they saw him in the crowd with a club, and Paul Arkas is alleged by another witness to have injured Joseph Beddall. The policemen testified that as they ran up the street, pursued by the mob, firing pistols, men standing at the nearby saloon door shot at them as they passed. At one point three men stood blazing away at them from an upper window of a building three other men were shooting down on them. The drinking places referred to are all owned by foreigners.

REIGN OF TERROR AT SUMMIT HILL

Will Ask for Pardon of the West Virginia Miners Now in Prison. Washery War at Pittston.

By Exclusive Wire from The Associated Press. Tamaqua, Aug. 7.—Today about three hundred strikers, mostly foreigners, patrolled the streets of Summit Hill and made an effort to force all workmen to return to their jobs. For a time the town was in a riotous state. Non-union men were compelled to flee for safety, while those who were captured were roughly handled. Sheriff Gombert, of Carbon county, says he is unable to prevent these frequent outbreaks and General Gobin, the commander of the detachment of the National Guard stationed at Shenandoah, has been advised of the situation. The Lehigh Coal and Navigation company is now running coal through its No. 12 and No. 4 breakers, and is shipping a train of coal a day to the market. On Monday it is said the company will commence cutting coal at the No. 12 mine.

FATHER O'REILLY EXPLAINS REMARKS

Holds the United Mine Workers Responsible for the Death of Joseph Beddall.

By Exclusive Wire from The Associated Press. Wilkes-Barre, Aug. 7.—The Times this evening prints the following: Rev. H. P. O'Reilly, of Shenandoah, who delivered a rather sensational sermon against the Mine Workers on Sunday last, was interviewed by a reporter, to whom he explained his remarks. He was asked: "You are being severely criticized for some of the statements you made in your sermon on Sunday morning. Have you anything to say in reply thereto?" "I am aware that I am being harshly criticized in some quarters, but here at home I feel confident that I have the confidence and sympathy of the law-abiding people. I have no desire to pose as a guide for this entire community, and my remarks on Sunday were directed to my own people more particularly in the hope that my words might cause them to be guided by their own sober judgment. My words can have little effect upon the criminally inclined, of whom there are many in this community, but they may fall as seed upon fertile ground to the large number of people in my flock who are not possessed of the spirit of devilry, but who are misguided by irresponsible leaders. "What did you mean when you said the Mine Workers is a blood-stained organization, and that it will be bloodily stained until it ceases to exist; that it was formed to promote crime and protect criminals?" "That statement was overdrawn, I admit, and yet the death of Joseph Beddall must be laid at the door of the organization. The moral responsibility for it cannot be removed from the shoulders of the leaders by an explanation. Has the organization given utterance to a single expression of condemnation? The crime was committed by members of the organization under unlawful conditions tolerated by the organization; an organization made up of a mixture of races and tongues, that prosecutes its business in the darkness,

SYMPATHY FOR FRIARS

Resolutions Adopted by the Federated Catholic Societies at Chicago.

By Exclusive Wire from The Associated Press. Chicago, Aug. 7.—The temper of the convention of the Federated Catholic Societies relative to the Philippine question was put to the test at the closing session today. John T. Keating, a national officer of the Hibernians offered a substitute resolution. Mr. Keating proposed that the delegates dismiss the friar and the Philippine school question with an expression of satisfaction with the manner in which the subject is being handled by the vatican and the government. When a motion on the subject was put there was but one affirmative vote and that one was Mr. Keating's. The following resolution on the subject: "We hereby express confidence that the Hon. Theodore Roosevelt president of the United States, will perform his duty under the constitution and laws and our firm belief that he will institute rigid judicial inquiry into any abuses or territorial possessions and the Philippine school abuses. We are especially confident that in his dealings with the serious problems arising in the Philippine islands, property and personal rights guaranteed by treaty, laws and legislation will be faithfully safeguarded and protected. Resolved, That we extend to the friars in the Philippine islands our fullest sympathy in their hours of trial; that we appreciate the value of their services in the cause of religion and humanity; that we pledge our support as American citizens in upholding the rights of our government in its determination to see that they are treated with that common justice that belongs to all who enjoy the protection of the American flag. Resolved, That this federation congratulate the vatican and the American government on the position attained in the negotiations regarding the questions which have arisen in the Philippines and we express our full confidence that these negotiations will be continued until a just and amicable solution shall be obtained. Other resolutions regretted the present circumstances surrounding the Indian schools and pledged active and moral support in remedying the conditions. The establishment of Catholic high schools, wherever practicable, was advocated; sympathy was expressed for the Catholics of France in their present troubles and suitable recognition was taken of the deaths of Archbishop Feehan and Corrigan. Atlantic City was chosen as the meeting of the convention in the third week of July, 1903. The election of officers resulted in few changes. The officers are: T. B. Minahan, Columbus, O., president; Louis W. Kaufmann, New York, first vice president; F. B. Pierce, San Francisco, second vice president; Daniel Duffy, Pennsylvania, third vice president; Anthony F. Matro, Cincinnati, secretary; H. J. Fries, Erie, Pa., treasurer; Chris O'Brien, Chicago, marshal; board of directors: M. P. Mooney, Ohio; Nicholas Connor, Iowa; J. H. Riordan, Indiana; Thomas Cannon, Chicago; Dr. Fowler, Kentucky; E. Imbus, Penn. and D. P. Galvin, Vermont.

ZIONIST MOVEMENT WITHOUT RESULTS

The Sultan of Turkey, While Expressing Sympathy, Refuses to Grant Required Concessions.

By Exclusive Wire from The Associated Press. Vienna, Aug. 7.—Dr. Theodore Herzl, founder of the Zionist movement and head of the Palestine association and Dr. Wolfson, president of the Jewish colonial trust, have returned here from Constantinople. They report that their conferences with representatives of the sultan with reference to the proposed settlement of Zionists in Palestine have been without result. In reply to Dr. Herzl's written statements on the subject the sultan expressed sympathy with the Jews in their purposes and named certain concessions which he would grant. These, however, did not meet with the requirements of the Zionists. Dr. Herzl says he still has hopes of being able to convince the sultan of the beneficial results which would result from the settlement of the Jews in Palestine.

MR. MORGAN'S OFFER TAKEN

It Is Reported That Government Accepts Ship Trust.

By Exclusive Wire from The Associated Press. London, Aug. 7.—Replying in the house of commons today to a request of Lord Charles Beresford for assurance that no binding agreement would be concluded between the government and the shipping combination without the agreement being approved by parliament, the premier, A. J. Balfour, said: "I do not think it possible to negotiate on this or any other subject if the proposed terms are to be publicly discussed before the government has agreed to them. The government, however, is most anxious to take the house into its confidence at the earliest possible moment." Mr. Balfour's reply has particular interest, as Balfour dispatches today announce that the government accepted J. Pierpont Morgan's offer to give the admiralty a claim on the combination's ships. As evidence of the acceptance, it is said that the government has chartered the Corinthia, the first ship built by the trust and which has just been completed at the Harland-Woif shipyards. Responses to inquiries made here show that the belief is general that J. Pierpont Morgan's offer practically has been accepted by the government. The technical details of the agreement, or may not allow for changes inserted since the offer was made originally, but there appears to be little doubt that the spirit of the scheme is acceptable to the cabinet. Mr. Morgan & Co., when asked concerning the reported agreement, adopted the same non-committal attitude as the premier, Mr. Balfour, in the house of commons.

ARRESTED FOR MURDER OF DANIEL SWEENEY

Three Companions of the Murdered Man Are Accused of the Crime. Plenty of Evidence.

By Exclusive Wire from The Associated Press. Wilkes-Barre, Aug. 7.—Three men have been arrested in connection with the murder of Watchman Daniel J. Sweeney, of Nanticoke. Those in custody are Ignatz Shakis, Michael Yushko and Joseph Smith. The latter is a Pole, while the other two are Lithuanians. After a hearing before Squire Kutski they were brought to this city and placed in the county jail. There is more than mere suspicion of their guilt, in fact, from the developments since last evening's hearing it looks as if the men arrested are the parties that committed the terrible deed. County Detective Jones and Chief Adanson, of the Delaware, Lackawanna and Western detective force, who went to work on the case shortly after Sweeney's death, were found, made the arrest and it is believed have testimony in their possession very damaging to the accused. Squire Kutski, in order to avoid a crowd and possibility of a demonstration, gave the prisoners a hearing in an open field. Only the detectives and a few witnesses were present. What was developed at this hearing has not yet been made public, but it was later learned that the men deny participating in the crime, although they admit being in Melarie saloon with Sweeney during the evening. The detectives have witnesses to prove that the men left the place with Sweeney and another witness, Charles Gomer, will swear that he saw three men running from a point near Krisley's house in front of which the dead body was found.
