The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to care in all its stages and that is Catarrh Fure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and nucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it falls.

#### JERMYN AND MAYFIELD.

The condition of C. D. Winter, who was taken so suddenly ill, Wednesday evening, as mentioned in yesterday's Tribune, had not improved up to last vening, and he is still in the same unconscious state. At times yesterday he was taken with sinking spells from which he would rally. Dr. Fulton, of Scranton was called yesterday in consultation with the local physicians, and although everything possible has been done, there is hardly a chance for his recovery. All day yesterday the house was besieged with callers, and on every hand expressions of regret for the family in their sudden misfortune were to be heard. The Jermyn and Mayfield business mer met in Fowler's park yesterday after-noon to play a friendly game of base ball. Long before the time announced for the game hundreds of people were upon the grounds, and from the first to the ninth innings considerable enthusiasm was manifested, especially by the Mayfield admirers. Tommy Williams was the principal rooter for Jermyn, and he rooted well. The visitors, contrary to expectations, proved much too strong for the local men, whom they ran away with in the first inning, and ultimately finished the game by a score of 17 to 4. Mendelson and Tallet were the Mayfield battery, and Hendricks and Stocker did similar duty for Jermyn. The Marine band was present and helped to make the occasion an enjoyable one.
The funeral of the late Mrs. Elizabeth

Duffy's field, on Wednesday afternoon, was the scene of the fastest base ball conflict in the history of that diamond. For some time past the management of the Archbald team had made fruitless efforts to secure a grant of the scene of the scene of the secure of the se the Archbald team had made fruitless efforts to secure a game with the much-lauded Crescents of Carbondale, and finally Manager Tappan allowed his "Pets" to engage in a contest with the "Kids" just merely as a practice game, to get them in shape for next Sunday's game. Before many innings had been played it became evident to every one on the diamond that they were witnessing a battle between teams of equal merit, and as the game proceeded, it became and as the game proceeded, it became more snappy and exciting. Both sides seemed to be in good spirits, and the many close decisions which were invariably awarded in Carbondale's favor, were received without a murmur of protest, until the ninth inning, when the "Pets" realized that, with only one man out and two on bases Archbald was about the two on bases, Archbald was almost cer-tain to score. At this time they started in to win the game by fair means or foul, and it turned out to be the latter bell, of Church street, left yesterday for a week's visit with Miss Kittle Boland, of Scranton.

The same applied to Boland, who was running from third base to home, when he was blocked and forcibly detained by McAndrew, directly in front of the reporters' bench. Aside from this he ball that was thrown from Rosler to Murray, and which was lost in the crowd, was thrown into the diamond by an outsider, constituting a blocked ball, as per rule 26, section 3. According to merit and according to the rules of the game, Archbald was entitled to victory and that they were deliberately cheated out of the game was manifestly evident to all present who understand the rules of the game. If the Carbondale sports are still of the opinion that they really defeated Archbald, and think they can do it again, they would do well to communicate with the manager of the Sun set base ball team, who will immediately deposit a forfeit for a game for \$100 a side, to be played on any grounds and on any date; Labor day preferred.
