DRUG STORE RAIDED.

Albert Schultz Charged with Selling

Intoxicants at His Pharmacy.

His Manager Arrested.

The first raid ever conducted upon a

city drug store occurred yesterday, when Captain of Police Williams ar-

rested Charles H. Johnston, of 1306

Mulberry street, manager of Albert Schultz's drug store, at Webster ave-

nue and Mulberry street, on the charge

The only circumstance which saved the proprietor of the place from arrest

was the simple fact that he was at At-

lantic City. The police have received

numerous complaints of late that both

vhiskey and beer were being sold at

homes evenings with the avowed inten-

intoxicants were drawn from the soda

Superintendent Day sent out two of

his trusty sleuths, and they returned

smacking their lips, and corroborating

all reports. Johnston was given a

hearing yesterday afternoon and fined

\$25 and the costs, which amounted to

an additional \$10. Part of the evidence

produced against him was a darkish

fluid in a small medicine bottle. Cap-

tain Williams had drawn it from the

soda faucet marked "chocolate," but

despite this fact, competent judges at

police headquarters yesterday declared

that it bore far, far more of a resem-

blance to old Kentucky rye, than to

the harmless beverage whose place it

When Johnston was arrigned before

Magistrate Howe, he immediately

The astonished sleuths paused, and

looked surprised at any implied doubt

as to their ability to tell the liquor

when they drank it, but Magistrate

"Oh, that will do. You've plead

He showed Johnston the little bottle

"If this isn't whiskey, I'd like to

"Ich weis nicht. I certainly don't

know," Johnston answered, a trifle

flippantly, and then proceeded to cross-

"I haven't any recollection of any

such bottle as this in the store," he re-

marked, "and, furthermore, are you

certain this is whiskey in the bottle?"

myself," Superintendent Day inter-

rupted, angrily, and Magistrate Howe

Johnston emphatically denied ever

having sold anything to the two detectives, or to any strangers, but de-

clared he had only ocasionally served regular customers. "Thank you, thank

you," he remarked when he heard his

fine, and this witticism led Superin-

"You might have got off a little

easier, young man, if you hadn't acted

TWO COUNTER CASES.

Mrs. Ratchford and Mrs. Hopkins

Cause Each Other's Arrest.

Ratchford, of Linden street, had each

other arrested and arraigned before

Magistrate John T. Howe yesterday afternoon, accused of disorderly con-

peared for Mrs. Hopkins, and Attorney

Mrs. Hopkins claimed that she and

her husband had been called scabs, and

vile names. A small son of Mrs. Ratch-

ford, clad in a white Fauntleroy suit,

who was very conspicuous at the hear-

ing, had been struck by Mrs. Hopkins.

according to the mother's testimony.

Both cases were held under advise-

STARTED WORK YESTERDAY.

New Sewer Now Being Laid in South Scranton.

Work was started by the city yesterday on the new Stone avenue sewer, the construction of which is to cost between nine and ten thousand dollars. Work was begun at the intersection of Stone avenue and Willow street.

Traffic on the Bellevue-Stone avenue line of the Scranton Railway company will be considerably interfered with by the work. Yesterday the cars could not run any farther than Alder street. The new sewer will cover a good deal of territory, as pipe is to be laid on Stone South Webster avenue, Hickory, Birch, Alder and River streets, and Hertz court. The pipe lines will extend over five blocks of each of the avenues, and one block of each of the streets. Pipes will be laid from Willow to River streets in Hertz court. Gib-bons & Co. are the contractors.

Griffin Art Co. Still at 209 Wyoming

SOCOCOCOCO I AM READY TO PROVE IT

STRONG STATEMENT OF COUN-CILMAN MERRIMAN.

Just Before the Consumers' Gas Company's Franchise Ordinance Was Passed by Select Council He Said the Last Ordinance of That Company Was Passed by the Use of Money and He Could Prove It. He Was Not Asked for the Proof. Old Gong Received.

The ordinance granting a franchise to the Consumers' Gas company was passed by select council last night on second and third readings, as amended, It will now go back to common council for concurrence in the amendments. Senator Coleman, of the Sixteenth yard, called up the ordinance, and when it was on third reading Mr. Mer-

iman objected to its passage. "I don't imagine it will do much good to say anything concerning this ordimance at this time, but I want to put the members of this body on record, said Mr. Merriman. "The last fran-chise granted to this company was passed by the use of money, and I stand ready to prove it."

"Me, too," broke in Mr. Clemons, but no one asked them for the proof. A vote was taken and resulted as follows: Yeas-Von Bergen, Costello, D. B Evans, Morgan, Regan, Maloney, Neagli Schroeder, Quinnan, Co-grove, Coleman, O'Boyle, Coyne, McAndrew-11. Nays-Melvin, Chittenden, Merriman, Clemons, Vaughan-5.

Other ordinances that passed on third reading provide for the purchase of a lot of land on Lackawanna avenue for a site for a fire house for Chemical company No. 1; transferring \$133 from appropriation for printing and stationery in the department of public safety, bureau of police, year 1901, to the corresponding appropriation for the year 1902; establishing grade of an alley south of Green's place; for narrowing roadway of Gibson street from Quincy to Taylor avenues.

NEW MEASURES.

The following new resolutions were adopted: For crosswalks on Washburn street at Everett avenue; for plans for a sewer along Phelps street, Capouse avenue and Green's place and thence to Lackawanna river, to relieve Fourth district main sewer; to investigate the cause of drainage to property of Dominick Healey, at Ninth and West Linden streets, by a sewer basin,

A resolution directing that work on Providence road pave be stopped until the proper width of the street is street is fifty feet, but it is only to be paved for a width of forty feet. It was sent to committee.

The following ordinances were introduced: Providing for flagstone sidewalks on westerly side of River street. from Kirst court to Pittston avenue; providing for transfer of \$1,835 of appropriation to create bunk and call men, year 1901, to other fire department purposes; authorizing J. U. Hope-well to print 500 copies of council manual; narrowing the roadway of Capouse avenue, between Green Ridge and Delaware streets; establishing grade on Linden street, between Monroe avenue and Arthur avenue, and granting permission to owners of prop erty on said portion of Linden street to grade, pave gutter and curb the same at their private expense; providing for the construction of a sewer system, Section E, in the Seventeenth district, in the Nineteenth ward; for remodeling building at Prospect avenue and Willow street, for the uses of the bureaus of fire and police; regulating construction, alteration and removal of buildings in the city of Scranton; lateral sewer in the Twenty-first ward; for paving of Scranton street, from the gas house bridge to the Delaware, Lackawanna and Western rail-

oad crossing. In response to a request from counils as to the advisability of having the nydrants now supplied by the Spring Brook Water company connected with the mains of the Scranton Gas and Water company, Director of Public Safety Wormser reported that he had tests made of the pressure at all the hydrants in question and found it too low in the Scranton company's mains to be of any service. He advised against a change. The report was referred to the fire department commit-

A communication from the recorder, oncerning the appointment of police matrons, was reported favorably from committee, as was an ordinance creating the office of police matron and appropriating \$1,500 to arrange quarters for women and children in the basement of the city hall.

Recorder Connell sent in a communiation informing council that the old last furnace gong had been presented to the city by the Lackawanna Iron and Steel company, through Rev. S. C. ogan, D. D. A resolution was adopted hanking Dr. Logan and President Walter Scranton, of the Lackawanna Iron and Steel company, for the gift.

IN COMMON COUNCIL.

By an informal agreement of the commoners at their special meeting, last night, the celebrated Norton ordinance providing for a second permanent man at the Keyser Valley hose house, was resurrected and allowed to stand on the calendar, until a settlement has been reached in the dispute regarding transfering balances.

The ordinance provides for the payment of the new man out of unexpended balances. Controller Costello delines to transfer balances until provision has been made for the raft of deficiency bills now in his office. Solicitor Watson says the council can ransfer balances without waiting for the deficiencies to be cared for,

Mr. Keller thought it best to let the ordinance die as it was uscless, he said, o equip a hose company in a locality that has practically no water pressure. Mr. Norton contended that there is forty-two pounds pressure on the hy-drants in Keyser Valley, and that this is effective for fire fighting purposes. Mr. Paine and Mr. Keller didn't think

The building committee's recommendation that the proposed new fire and police headquarters, in rear of city hall, be built of stone and three stories high, instead of being built of brick, two stories high, was received and filed. The ordinance will be brought up for amendment at the next meeting:

CLAIMS REFERRED. On recommendation of the judiciary committee, the claim of Ann and Catherine McGuire for damages done their property by the opening of Wyoming

A Brief and Comprehensive Method

Mr. J. Alfred Pennington:

Dear Sir:-Results from the Faelten System which have come under my observation are highly satisfactory. The great principles which constitute the foundation of al music can be made intelligible to very young minds, proof of which is seen in the fact that the youngest pupils are able to transpose into, and execute in any scale any piece

of music which they know. Thus is gained in a brief period and with the least effort, a comprehensive knowledge of music, such for instance, as the relations of tones and the relations of scales,

which must require years of toil to acquire by other methods. Yours very truly. W. G. WATKINS. Surveyor in The International Correspondence Schools.

Send for the New Prospectus.

avenue, was referred to the director of public works and the city solicitor for adjudication. New measures were in

troduced as follows: Mr. Clarke-A resolution directing the city solicitor to satisfy the liens against property holders along the line of the proposed sewer in Section D of the Fifth Sewer district, no bids having been received for the construction of the sewer.

Mr. Jones-A resolution forbidding the Scranton Illuminating Heat and Power company from dumping ashes into the river.

Albert Lewis-An ordinance for three electric lights in the Fifth ward, one at the corner of Sadie place and Deckr's court, one on Tenth street, in front of the Margaret Williams property, and one on Main avenue, in front of the Blair property. Also a resolu tion changing an electric light from the corner of Tenth and Jackson the drug store, and that many young men of the neighborhood had left their streets to the corner of Jackson street and McNichols court. The resolution was adopted.

William Lewis—A resolution granting return home in maudiin condition. The William Gleason, of Luzerne street permission to connect his property with the faucets. city sewer. Adopted.

ON TWO READINGS.

The following ordinances passed first and second readings: Providing for repairs to Hollow street bridge; for a Consolidated Telephone Company switchboard in city hall: for sidewalks on Lincoln avenue, between Jackson and Washburn streets; for a lateral sewer on Meridian street: for sidewalks on Twelfth street, between Lulearned, was introduced by Mr. Mc-Andrew, who said the width of the bination fire and police station in South Scranton; for the establishment of grades on Fifteenth ward streets,

On third reading the following ordinances were passed: Providing for the improvement of Bloom avenue culvert ind its approaches; for flagstone sidewalks on Price street, between Bromley and Garfield avenues; for repairs to Engine houses No. 2 and No. 3; for repairs to the crematory building, at a cost of \$1,700.
