MEMBERS WERE ABSENT. Meeting of Transfer Committee of Councils Was Postponed. Chairman J. T. Schneider, Select Councilman J. E. Bagan and Common Councilman J. J. Henry were the only members of the special committee of councils, which conferred with General Manager Frank Silliman, Jr., of the Scranton Railway company, regarding the South Scranton-Bellefonte line transfers, who were present at last night's meeting.

The session was called suddenly, and as no cards had been sent out notifying the members, neither Clerk Evan Morris nor the remaining committee-men were present. Chairman Schneider decided to call another meeting of the committee for 7 o'clock Thursday night. City Solicitor George M. Watson will then be consulted, and the advisability discussed of framing a resolution directing the Scranton Railway company to comply with the provisions of the transfer ordinance, and grant transfers on the lines in question.

ACCUSED OF PERJURY. John Lucas Arrested on Charge Preferred by Michael Chucura. John Lucas, of Brinslin's patch, North Scranton, was held in \$300 bail yesterday by Alderman M. J. Ruddy, on the charge of perjury, preferred by Michael Chucura. The case was the outcome of the arrest of Joseph Garrits last week. The latter was arraigned before Alderman Otto Myers, and committed to the county jail in default of bail, imposed on the charge of disorderly conduct, preferred by Lucas. Chucura is a friend of Garrits, and yesterday had several witnesses present at the hearing in Alderman Ruddy's office, who swore that Lucas had perjured himself in swearing that Garrits had been guilty of conduct which was, in the least, disorderly. Lucas furnished bail.

OPINION IN JENKINS CASE. COURT DOES NOT AGREE WHOLLY WITH REFEREE. Believes with the Referee That the Profit of \$92,050 Which Jenkins Received from Dr. Rice for Securing the Property for Him Was Not Lawful—Directs That Judgment Be Entered on the Report of the Referee for \$10,161.55—Full Text of the Opinion.

In the case of John S. Jenkins against the Tushbrooke Coal company, exceptions to report of referee, the following is the opinion of Judge Edwards in the case handed down Monday:

The testimony and the report of the referee in this case are voluminous and the exceptions on both sides are numerous. The referee is to be commended for the concise and clear manner in which he arranges and disposes of the various items of the plaintiff's claim. His work has been of material assistance to the court in the consideration of the exceptions.

The action is in assumpsit. Plaintiff was president, director and manager of the defendant company. His claim is for services and for money advanced to the company amounting to over \$22,000. Several of the 157 items constituting the claim are withdrawn by the plaintiff during the trial and many of the other items are also withdrawn by the plaintiff.

The nature of this set-off is explained by the referee in the following language: "During the negotiations which resulted in the leasing of the company's property to Dr. N. Rice, who in turn leased the same to the Blue Ridge Coal company, Mr. Coray, who claimed to own about all of the stock of the company, and who is conceded to have been the owner of the material part of it, objected to the making of such lease upon conditions substantially the same as those finally agreed upon, claiming that Dr. Rice should give more favorable terms for the property. It was understood between Dr. Rice and Mr. Jenkins that Mr. Jenkins was, if possible, to induce Mr. Coray to make the lease to Dr. Rice upon terms acceptable to the doctor, for which services Dr. Rice was to pay and did pay to Mr. Jenkins certain stocks and other property of material value.

THE VETERAN BOWLERS. Veteran bowlers who will act as ball-ast to the younger bowling element will be found scattered in profusion throughout the circuit, and while one of the youngsters is just as likely as not to draw the \$5, which will reward the high score of the season, still it is the men like Hopkins, Meister, Roll, Riehl, Moore, Coons, Wharton, Anderegg, and other of the older hands, who are looked upon as the men to whom the high average contest is practically limited.

AT WORK ON NEW SCHEDULE. Secretary Standing and Captain Hopkins of the Backus Team Are the Committee in Charge of Preparation of Schedule for Coming Season—Some of the Veteran Bowlers Who Will Again Take Part in the League Work—Memories of Old League.

Secretary James M. Standing, of the City Bowling league, and Captain William Hopkins, of the Backus team, are engaged in arranging a schedule for the coming season, which starts in October. They were appointed a schedule committee at the last meeting of the league, and have been working industriously since to get together a schedule which will prove satisfactory to all the clubs.

The result of their labors will be submitted to the officers and directors of the league within the next few days. It will provide for a total of ninety-six games, or twelve games for each team. A prominent local bowler last night called the attention of a Tribune man to the fact that this league will be the most thoroughly representative city bowling league which has ever done any local rolling.

Not only will the central city be represented, but also North Scranton, West Scranton and South Scranton. As the teams will all be formidable ones, the rolling is expected to be highly superior to that furnished by the City league last year. The league will have on its roster the best bowlers of the county to be found outside of wheelmen's and other private clubs, and the competition for the high average prize will be keen and exciting.

THE VETERAN BOWLERS. Veteran bowlers who will act as ball-ast to the younger bowling element will be found scattered in profusion throughout the circuit, and while one of the youngsters is just as likely as not to draw the \$5, which will reward the high score of the season, still it is the men like Hopkins, Meister, Roll, Riehl, Moore, Coons, Wharton, Anderegg, and other of the older hands, who are looked upon as the men to whom the high average contest is practically limited.

John Taylor, of the Green Ridge Wheelmen, still holds the record for the highest score ever rolled in these parts in a match game. Two hundred and fifty-two is a pretty good bowling, but still the City leaguers claim that more than one attempt will be made to break down the barrier and pass the mark.

Individual prizes are an excellent thing for a league, inasmuch as they encourage individual excellence, and result in enlarged team scores. On one of the last occasions in which private prizes thus rewarded the premier bowlers, the most exciting close to a league season occurred which has ever been seen in the city.

IT WAS EXCITING. It looked pretty much as though the Wilkes-Barre team was going to win in a walk, but George Phillips, of the Elks, gave him a rousing run for his money by shooting strike after strike down the alley and piling up 234 in his last game.

It looked for awhile as though the Scranton man was going to win out and take the high average prize, and the big crowd which had gathered to witness the game cheered and roared itself hoarse in, alas! futile efforts to encourage the Scranton man into capturing the trophy.

TAYLOR. A very pretty wedding took place at high noon at the parsonage of the Calvary Baptist church yesterday. The contracting parties were Miss Gladys Samuels, an accomplished young lady of this town, and J. W. Robinson, a popular young man of North Scranton.

Rev. Dr. H. H. Harris, pastor of the church, was the officiating clergyman. The bride looked very attractive, dressed in a neat suite of mull chiffon, trimmed with lace and ribbon. He attended, Miss Sarah Samuels and Miss Carrie Ellis, of Hazelton, wore Persian lawn trimmed with lace and ribbon. Miss Henrietta Harris played the wedding march. Mr. and Mrs. Robinson are popular young people and have a host of admiring friends. They will reside on Edna avenue, North Scranton.

The Taylor Orioles defeated the Providence Nonpariels in a one-sided contest on the Riverside grounds yesterday, to the tune of 13 to 7. The local team hit the sphere hard, as the score will show:

Taylor... 13 0 1 2 1 1 1 4 - 33 Providence... 7 0 0 1 4 1 0 - 7
