THE MARKETS. Wall Street Review. New York, Aug. 15.—The solitude felt over the possible stringency of money was exemplified by the effect upon the stock market of a flurry in the money rate to 6 per cent. The fact that stock exchange loans made on Friday carry over until the following Monday makes the customary demand on Friday somewhat more urgent than on other days. As was to be expected the selling pressure was not so heavy as most common stocks which have advanced most conspicuously of late. Missouri Pacific fell a full two points below last night and the other Gould stocks and the Grangers and Pacific generally were affected in sympathy. Southern Pacific resisted the demand but yielded its opening gain, reentering again to about the best in the closing rally upon enormous dealings. St. Louis Northwestern preferred also moved up 2 points over last night just at the close. Pennsylvania, Louisville and Rock Island had periods of strength. The new favorites in the rumors of deals were the Toledo, St. Louis and Western stocks, which were bought in a demonstrative way by the western speculative party, closing at the top. The market generally closed firm. Total sales, 627,900 shares. The bond market was generally easier. The 4 per cent. U. S. bonds, 104 1/2. States refunding 2's advanced 1/4, the old fours registered and is registered 1/4 and 5s coupon 1/2 per cent. on the last call.
