TINUMMOD SXXXXXXXX **OF INTERESTS**

TWO BANKING INSTITUTIONS ENTER INTO IT.

The Title Guaranty and Trust Company Has Obtained Control of the Majority of the Stock of the County Savings Bank and Trust Company and Hereafter They Will Be Conducted So as to Aid One Another. Hon. L. A. Watres President of Both Banks.

A community of interests between two of our leading banking institutions is now, for the first time, officially announced. At a meeting of the board of directors of the Title Guaranty and Trust company, held on Saturday last, the following report of the executive committee was unanimously approved:

Scranton, Penna., August 15th, 1902.
To the Board of Directors of the Title
Guaranty and Trust Company.
In view of the close relations which
have existed between the County Savings Bank and Trust company and the Title Guaranty and Trust company, your ex-ecutive committee has thought it wise and advantageous to purchase from time

HON. L. A. WATRES. President of Both Institutions.

to time stock of the County Savings Bank and Trust company, and the committee beg leave to report that it has purchased for the Title company 546 shares of County Bank stock at the price of four hundred (\$400) dollars per share. This it did under authority of a resolu-tion of your board passed on the 3rd day

FOUR HUNDRED PER SHARE. In the purchase of this stock, the committee has agreed to purchase any nummittee has agreed to purenase any number of shares of County bank stock which may be offered before October 1, 1902, at the price paid for its present holdings of sald stock, to wit: \$400 per share.

The County Savings Bank and Trust company is one of the most conserva-tively and successfully managed banking institutions in Northeastern Pennsylvania. During its long years of business, it has built up a character for careful but

mended itself strongly to the public.

As is well known, all of the directors of the County bank are also directors of the Title Guaranty and Trust company, so that the title company will have the benefit of the business ability which has crowned the County bank with success.
The County bank will continue under management, and the two institutions—by reason of a strong com-munity of interests—will each be enabled

broad-guaged methods which has com-

to help the other. When the County bank's new safe de-posit vault building and the Title company's new building adjoining it shall have been completed, both of these in-stitutions will present to the business and financial interests of Northeastern Pennsylvania unequalled facilities for the transaction—all under one roof—of all business relating to banking, whether it be of a general character-savings ac-counts, trusteeship, suretyship, invest-

ment or safe deposit vaults.

The new and substantial buildings are so arranged and constructed as to afford the business community every facility along the line suggested.

MUTUAL BENEFIT. The County bank will be enabled to give business to the Title company, and the Title company will be in a position to add to the strength of the County bank. Taking it all together, the move-ment is in line with the trend and spirit of the times, and the committee is firm in the opinion that the reported action will not only inure to the distinct benefit of both institutions, but that the two institutions, by working in harmony and accord, will give the public such service as will be a credit to all concerned. It is proper to add that some sales of stock of the County Savings Bank and Trust company are being made at \$425 per share, and that the committee feel justified in purchasing all the stock that may be offered at the price above named, to wit: \$400 per share. Respectfully submitted by executive

committee. Signed—Abram Nesbitt, L. A. Watres, W. F. Hallstead, T. H. Watkins, Thomas E. Jones, O. S. Johnson, executive committee.

The County Savings Bank and Trust company was organized in 1873, and has a capital stock of \$100,000; it has been eminently successful from the begin-ning: and besides paying substantial dividends to its stockholders, it has accumulated a cash surplus and undivided profits of \$175,000.

The Title Guaranty and Trust company was organized and began busi-ness on April 1, 1901, with a capital stock of \$150,000. It soon became evident that a larger capital was necessary in order to carry on its rapidly increasing business. In October, 1901, the capital was increased to \$300,000, and again in May, 1902, by a unanimous vote of the stockholders the capital was made \$750,000. Every share of the 4,500 increase was subscribed by the former stockholders at \$150 per share, the premium on the stock going to create a surplus amounting to \$225,000.

PRESIDENT OF BOTH.

Each institution will be conducted as heretofore. Hon, L. A. Watres is president of both institutions, which insures that which has characterized the history of each, viz: intelligent, able and conservative management. The busi-ness will be hereafter conducted so as to conserve the best interests of each under the following separate departments, viz: General banking, title, surety, trust, bond and safe deposit, under the management of competent men especially selected for the different branches of the business to which they have been assigned. safe deposit vault will be of the most modern construction, absolutely burglar and fireproof, with inside dimen-sions of 27x9 feet, built of harveyized armor plate steel of the finest quality. The door is a consummation of the highest art in mechanical science, beng perfectly round, weighing 14 tons, and so finely adjusted that it can be opened or closed by the touch of the

Scranton Conservatory of Music.

THE COURSES combine the advantages of private and class instruction in Planoforte under an efficient corps of teachers especially qualified for this work by training and experience.

Superior opportunities are provided in the form of club meetings, recitals and playing tests, for students to acquire ease and confidence in playing before others.

Careful attention given to backward pupils and to those who are discouraged in consequence of improper training. CHILDREN'S DEPARTMENT.

ittle finger. It will be equipped with DEATH OF S. W. ROBERTS.

He Served Two Terms as Commis-Also Served in City Council.

Former County Commissioner Samuel W. Roberts died rather suddenly at an early hour yesterday morning at the family residence, 640 North Washington

Mr. Roberts had suffered for the last year from angina pectoris but his condition was not considered serious and he was around the house on Saturday and was not confined to his bed until Sunday afternoon. The deceased had been a resident of this city for many years and took an active part in publie life. He served as common councilman from the Sixteenth ward and was later elected as county commissioner on the Republican ticket a position which he filled with credit for two

He is survived by a wife, one son, Louis D., and the following brothers and sisters: Dr. C. W. Roberts, of this city; Mrs. Carrie Johnson of Larentum; Mrs. William Courter, of Paterson, N. J.; Mrs. Libbie Courter, Mrs. Mary Rosencrantz, and Mrs. Sarah Smith of Pittston; Mrs. Anna Thorpe, of West Brookville; Mrs. Hannah Garrison, of

MAKE USE OF

Paine's Celery Compound

No Other Medicine Can Guarantee Such Happy Results.

Men and women, young and old, of very rank in life, freely admit that they are more conscious of overtaxed nervous strength in the hot weather than at any other season.

When such a condition is experienced, Paine's Celery Compound affords advantages and results that no other remedy can offer with honesty. It vigorously cleanses the blood and regulates the tardy circulation. It strengthens and encourages the kidneys and en-ables them to filter from the blood all waste and morbid matters; it secures strong, firm nerves, gives sweet and natural sleep to the nerve-tired and brain-weary. In a word, Paine's Celery Compound is a true summer life giver and health builder, Mr. E. M. Stephenson, of the American Baptist Publication Society, 177 Wabash ave-

nue, Chicago, Ill., says: "I used Paine's Celery Compound for an acute attack of nervous prostration at a time when I had a large number of engagements ahead. I took it according to directions, and kept on till two bottles had been used. All trembling, throbbing, and vertigo disappeared the first week. I kept on with my engagements after that week and sained all the time. From the start my appetite improved, and I assimilated my food and increased in weight. The Compound strengthened my voice also, preventing weariness in speaking and singing. A very noticeable effect was the strengthening of the eyes, making it easy to read on the trains."
