CITY FILES ITS ANSWER

PRESENTS ITS SIDE OF INJUNC-TION CASE.

Large Damages Asked from the Scranton Railway Company by Mr. and Mrs. W. J. Warple for Injuries Sustained by Mrs. Warple While a Passenger on One of the Company's Cars-New York Merchant Charges Olyphant Man with Deception.

City Solicitor George M. Watson, yesterday filed the answer of the city in the injunction case of the Scranton Gas & Water company against A. H Coon & Son, John E. Roche, director of department of public works and the city of Scranton. It follows

The defendants now, and at all times hereafter, reserving to themselves all benefit and advantage of exception which can be had or taken to the many errors and uncertainties and other imperfec-tions in the plaintiff's bill of complaint contained, for answer thereunto, or unto so much and such parts thereof as the defendants are advised is or are material or necessary for it to make answer unto,

answering, says:
We deny that the plaintiff has the au we deny that the plaintiff has the au-thority to enter upon the streets of the defendant, the city of Scranton, and so use the same as to compel the defendant, the city of Scranton, to lay out large sums of money to improve said streets, or to cast any additional expense upon the defendant, the city of Scranton in the defendant, the city of Scranton, in improving said streets or laying pipes therein for the benefit of the people of

the said city of Scranton.

We further deny the right of the defendant to enter upon the streets and highways of the city of Scranton and monopolize or so use the streets of the city as to in anywise interfere with the municipal improvements which the city desires to make upon said streets, with out first having permission of the au-thorities of the city to so occupy said

DENY AUTHORITY.

We deny the authrity claimed by the plaintiff subsequent to the plaintiff acenter upon the streets (at that time enter upon the streets (at that time known as Stone avenue and Front street), and lay pipes thereon; said pipes having been laid subsequent to the acceptance of the terms of the act of 1874 by the plaintiff, without permission granted to the plaintiff by the defendant to occupy the streets with its pipes, or to enter upon said streets and lay the pipes claimed to be now lawfuly laid beneath the surface of said streets.

We further deny that said pipes de-

we further deny that said pipes described in the third paragraph of plaintiff's bill were carefully located or properly located, said pipes being laid in a careless manner and located without research to street lines running diagonally gard to street lines, running diagonally across said streets from a westerly to an easterly direction at one point on said Front street, and at another point running from an easterly in a westerly di-rection across said street, and at such angles, that so much of the said streets are occupied by plaintiff's pipes that it is impossible to pass down said street at any point within its entire width without coming in contact with the pipes of the plaintiff, thereby preventing the laying of said sewer, unless plaintiffs re-locate their water pipe. It is true that on or about the 25th day

of July the defendants, A. H. Coon and Holton G. Coon, were constructing a sewer along the line of Front street under a contract with the defendant, the city of Scranton, and under the supervision or direction of the director of publie works, John E. Roche. That the defendant, the city of Scranton, had a lawful right to contract for the construction of said sewer with A. H. Coon and his son, Bolton G. Coon, and that necessary for the public good and the health and enjoyment of the people re-siding along the line of said sewer, and directly on the line of Front street, on which said sewer is being constructed, to construct said sewer, in order that they might be relieved of accumulations of filth, said sewer being absolutely necessary to carry of the accumulations of filth in that locality and that the health of the community through which said sewer passed might not be jeopardized.

HAVE NOT INTERFERED.

We deny that the city of Scranton, de-fendant, or any of the other defendants, have commenced interfering with said pipes and endangering the same, but, on the contrary, have requested the plaintiff to remove said pipes so that defendants might continue to construct the sewer in accordance with the plans and specifications along the line of said street.

It is true that the authorities of the

defendant, the city of Scranton, were notified that the plaintiff, the Scranton Gas and Water company, would relocate or

and Water company, would relocate or move the pipes in question, providing that the plaintiff would be indemnified for the damage sustained in so doing.

We deny the right of the plaintiff, the Scranton Gas and Water company, to impose terms or to demand indemnity for any damages that the plaintiff may sustain by relocating water pipes in the streets of the city of Scranton, the defendant, and submit that the central and fendant, and submit that the control and management of the streets are vested in the director of the department of public works and the city councils and city re-corder, and that no person can occupy said streets for private purposes without first having obtained from the city authorities permission to occupy them, and that since the act of April 29th, 1874, the water pipes on the street known as Front street in the city of Scranton have been placed there by the plaintiff, the Scran-ton Gas and Water company, without the permission of the authorities of the city of Scranton having been first obtained, and the defendant, the city of Scranton,

and the defendant, the city of Scranton, is not liable for any damage that the plaintiff may sustain by reason of relocating said pipes in the streets.

We deny that the defendants, the city of Scranton, or any of them, are threatening to destroy the pipes of the plaintiff, or to render them dangerous to the city and useless to the plaintiff, and deny the right of the plaintiff to require indemnifying bonds before the defendant can proceed to remove said pipes, but, on the contrary, claim the right to compel the plaintiff to place the water pipes on Front street, at their own expense, in such a location as may be designated by such a location as may be designated by the defendant, the city of Scranton, and aver that in the event of the plaintiff refusing to change or relocate said pipes, that the city of Scranton is empowered by its charter to remove said pipes, causing as little injury as possible to the property of the plaintiff, so that the work as provided by ordinance, the building of said sewer, may be completed with as little interruption as possible.

We deny that orator's pipes were laid in pursuance of the act appproved March 18th, 1854, but contend that the same were laid in pursuance of the act approved 29th day of April, 1874, which said act was accepted by the plaintiff company on the 18th day of January, 1892; said act authorizing only such a use of the streets by a water company as not to interfere with any right the municipality might have in said streets; and if the construction of a water company's pipes interfere with the building of a sewer on the said streets, the water pipes must be removed at the expense of the water company, in order that the sewer can be built.

We deny that we are depriving or attempting to deprive the orator of a right to use his property, in violation of Article 14 of the amendments to the Constitution of the United States, but simply request the orator to so relay his pipes ACCEPTED THE ACT.

Sleep for Skin Tortured Bables and Rest for Tired Mothers, in Warm Baths with

And gentle applications of Cuticura Ointment, purest of emollients and greatest of skin cures. to be followed in severe cases by mild doses of Cuticura Resolvent Pills. This is the most speedy, permanent, and economical treatment for torturing, disfiguring, itching, burning, bleeding, scaly, crusted, and pimply skin and scalp humours, with loss of hair, of infants and children, ever compounded.

MILLIONS OF PEOPLE USE CUTICURA SOAP, assisted by CUTICURA OINTMENT, for beautifying the skin, for cleansing the scalp, and the stepping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, and for all the purposes of the toilet, bath, and nursery. Millions of women use CUTICURA SOAF in baths for annoying irritations, inflammations, and chafings, too free or offensive perspiration, in washes for ulcerative weaknesses, and for many sanative, antiseptic purposes which readily suggest themselves. Sold throughout the world. SOAF, 25c., CHITMENT, Sold throughout the world. Soap, 25c., Ointment, 50c., Pills, 25c. British Depot: 27-28, Charterhouse Sq., London. French Depot: 5 Rue de la Paix, Phris. Porter Drug and Chem. Corp., Sole Props., Boston.

as to not interfere with the proper use and enjoyment of said street by the mu-nicipality in the construction of a sewer. It is denied that the city of Scranton has not, by ordinance conferred upon the defendant, the authority to cause the pipes of the orator to be removed, and aver that the provisons of a lawful ordinance of the city, providing for the con-struction of a sewer upon said streets, are being carried out in accordance with the terms of said ordinance; and that ora tor's pipes are located in such a manner as to make their removal necessary in order that the sewer may be laid in cordance with the provisions of said ordi-

We deny the allegations set forth in the thirteenth paragraph of plaintiff's bill, and aver that the legislature of Pennsylvania has given authority to the city of Scranton to cause the removal of orator's pipes as laid upon Front stree and Stone avenue, in the city of Scranton, said pipes not being properly located by the orator, and being so laid as t interfere with the proper drainage of said street, thereby interfering with the construction of said sewer and jeopardizing the health of the community through

which said pipes pass. fourteenth paragraph of plaintiff's ball, and aver that said sewer could not have been planned without great additional ex pense so as to have avoided the remova of orator's pines; that the entire width of Front street being occupied by the orator's pipes, it would be impossible to pass down Front street and locate the sewer at a grade which would carry off the sewage, without so interfering with orator's pipes as to compel their removal; that it was not within the power of the defendants to ascertain the location of the orator's pipes at a time subsequent to the building of the sewer; that the orator's pipes were laid subsequent to the passage of the ordinance authorizing the construction and the location of the sewer upon Front street, and that said sewer could not be constructed after the laying of the orator's pipes on Front street to carry out the purposes for which it is being constructed without the re-

moval of the orator's pipes. We deny that if the defendants are al-lowed to proceed with said work that irreparable injury will be done to the plaintiff's property, and if injury be done to plaintiff's property we submit that there is adequate remedy at law.

Big Damages Asked.

Walter J. Warple and his wife, Margaret Warple, vesterday began an action in trespass against the Scranton Railway company. Each seeks to recover \$50,000 damages.

In their declaration of the cause of action, filed by Attorney I. H. Burns, it is set forth that on July 10 last Mrs. Warple was a passenger on a car travelling through Carbon street. The car was not brought to a stop as it approached the Delaware and Hudson crossing, and as a result had a narrow escape from being run down by an en-

The twenty-six passengers in the car became greatly excited, and in the rush to get from the car Mrs. Warple says she was thrown to the pavement and sustained internal and spinal injuries that are permanent. She asks \$50,000 for the injuries she sustained, and Mr. Warple asks a similar amount for medical attendance and the loss of his

Attachment Asked for.

The auditors of the School district of Lackawanna township, James Mangan, Thomas Toole and Thomas O'Hora, yesterday asked the court for an at-tachment to compel John J. Coyne, tax collector for the district for the year 1891, to appear before them on Thursday, Aug. 21, at 2 p. m., in McDonough's nall, Minooka.

The auditors say they have made many efforts to have a conference with Coyne with a view to settling the duplicate for the year in question, but Coyne has refused to meet with them. On July 29, 1902, they caused Sheriff Schadt to serve a subpoena on him, but he also ignored that they say. The at-

Deception Is Charged.

A. Groden, of New York city, se cured a writ of replevin yesterday, through his attorney, Ralph L. Levy, to recover goods amounting to \$163.70 in value, which are now in the possession of A. J. Tenzer, of Olyphant. The goods were purchased by Tenzer on July 28 and Sept. 20, 1901, on the representation that he had a stock in his store worth \$5,000, and which was fully paid for. Groden alleges that he has since learned that the representations of Tenzer that the representa-

ions of Tenzer were false, and that

THE MARKETS

Wall Street Review.

Wall Street Review.

New York, Aug. 19.—There was more shares of stock sold on the exchange today than yesterday, dealings rising again over the half million share market. The market took on a fair appearance of average strength but an analysis will show that the gains in the malority of usually active stocks are fractional while the really striking gains are confined to a few spots in the market. The dealings were largely in professional hands and were supposed to reflect the operations of speculative pools, including some of the prominent capitalists of the country. The situation of affairs was not materially changed from that of yesterday and the new demonstration of strength was based largely on the approaching return to New York of J. P. Morgan, which has caused a renewal of many long current rumors of financial projects and rallroad deals, which are supposed to await his action to be put into force. The most prominent of these in its effect upon the speculation is the formulation of a plan for control of Louisville and Nashville. There seems a fairly general agreement that this plan will take the form of a guarantee of a dividend on Louisville and Nashville, commonly supposed to have been fixed at 7 per cent. The movement led by Louisville made itself felt in other southern stocks, notably Illinois Central and Nashville, Chattanooga and St. Louis. Norfolk and Western and Chesapeake and Ohio were also supposed to derive some benefit from this cause, although the advance in Pennsylvania and Baltimore and Ohio were also supposed to await Mr. Morgan's action. The upward movement of a well known speculative leader who has operated largely in it in the past. Canadian Pacific and its subsidiary companies form another center which radiated strength and the gossin to account for the rise pointed to efforts by that company to secure an entrance into Chicago. The strength of Wiscomsin Central and of the Chicago Terminal stocks seemed due to the same rumor. There were various other points of strength in the market, b

Chicago Grain Market.

Chicago Grain Market.

Chicago, Aug. 19.—Grain trade was restless and nervous today. The unsettled weather and poor grading of all grains, together with diminishing contracts started a brisk early support. As usual, manipulation caused a set back, but excellent eash and seaboard business brought a rally in wheat and other grains advanced sympathetically. At the close September wheat was ic. up, September corn, %al/c. higher, and September provisions closed 2½a20c. higher. Cash quotations were as follows: Flour—Easy; No. 2 spring wheat, 72c.; No. 3, 694c.; No. 2 red, 6946a204c.; No. 2 oats, 284a29c.; No. 3 white, 32%a88c.; No. 2 rye, 504a51c.; fair to choice maiting barley, 55a6tc.; No. 1 flax seed, \$1.37; No. 1 northwestern, \$1.44; mess pork, \$1.5.95a16; lard, \$10.39a19.35; short ribs, \$3.55a9.65; dry salted shoulders, \$4a874c.; short clear sides, 1045a104c.; whiskey, \$3.51.
