Philadelphia daily this week:
"St. Michael's C. T. A. went to Philadelphia on Saturday and won a game from the Columbus nine, in one of the prettiest and hardest fought games ever seen in that section, by the score of 5 to 2. It took eleven innings to settle this game. Two men were out in the eleventh inning with three men on the bases, when Gordon, the crack pitcher of the C. T. A. came to the bat and corked out a three-bagger. This hit was the feature of the game."

A Shut Out.

John Brennan's Gordon Avenue Tigers defeated the Yomgars, managed by John Connor, in a decisive manner yesterday afternoon. The score at the end of the ninth inning stood 7 to 0. The Annual State Convention of the Knights of Pythias.

meted out to our local Knights of Pythias for their successful efforts to secure the state convention for Carbondale in 1903. The hustling delegates, Messrs. Rogers, Masters and Bell, who made the fight for this city at the convention in Sunbury yesterday, had to contend with great odds against such large cities as Reading and Philadelphia, and that they succeeded should be just cause for jubilation to everyone. Steps should be taken at ence to prepare for this big three days' event, to the end that we may show the visiting knights a most cordial reception and a city that is capable of doing things in no halfhearted manner. Mayor O'Neill is greatly pleased over the prospects of the coming conventon and gave unstinted praise to the men who made the event possible.

The inventor, however, is of opinion that at a later period, when more thoroughly developed, the speaking light may have great scientific possibilities before it.
