Assistant Superintendent Tobey of he coal department of the Delaware, Lackawanna and Western Railroad company yesterday denied the report sent out from Wilkes-Barre to the effect that none of the men employed at the Avondale colliery, near Plymouth were union miners.

While the report circulated after l'uesday's meeting at Olyphant, that the miners there had decided to return to work, has been repeatedly de nied at district headquarters of the nine workers, nevertheless there are hose who claim that this is the weakest hold of the strikers in this district.\ More frequent mass meetings are held there for the purpose of putting heart into the men, than in any place in the vicinity. The funeral of Rev. Francis Gendall. astor of the Methodist Episcopal hurch, occurred yesterday afternoon it the Methodist Episcopal church in Peckville and was attended by fully eight hundred people, many being present from out of town. The unusually large concourse of people that followed the remains to their last resting place while the other caused a flesh wound n Prospect cemetery was an evidence of the high esteem in which the beloved pastor was held. His remains were followed by the largest cortege that has ever been seen in Peckville. The sad countenances of the large gathering bepoke the feeling they experienced as they realized that one whom they had learned to love was about to be consigned to an everlasting resting place. The addresses were made by Rev. Dr. Sprague, principal of the Wyoming minary; Rev. Stephen Jay, Rev. J. F. Warner and Rev. J. E.
