KIDNEY TROUBLES.

Mrs. Louise M. Gibson Says That This Fatal Disease is Easily Cured by Lydia E. Pinkham's Vegetable Compound.

Of all the diseases known with which the female organism is afflicted, kidney disease is the most fatal. In fact, unless prompt and correct treatment is applied, the weary patient seldom survives.

Being fully aware of this, Mrs. Pinkham, early in her career, gave exhaustive study to the subject, and in producing her great remedy for woman's ills—Lydia E. Pinkham's Vegetable Compound—was careful to see that it contained the correct combination of herbs which was sure to control that dreaded disease, woman's kidney troubles.

In harmony with the laws that govern the entire female system, and while there are many so called remedies for kidney troubles, Lydia E. Pinkham's Vegetable Compound is the only one especially prepared for women.

MRS. LOUISE M. GIBSON.

Corresponding Secretary Woodlawn Country Club, Chicago, Ill.

"DEAR MRS. PINKHAM:—I felt very discouraged two years ago, I had suffered so long with kidney troubles and other female complications, and had taken so much medicine without relief that I began to think there was no hope for me. Life looked so good to me, but what is life without health? I wanted to be well.

Lydia E. Pinkham's Vegetable Compound cured me and made me well, and that is why I gladly write and thank you; six bottles was all I took, together with your Pills. My headache and backache and kidney trouble went, never to return; the burning sensation I had left altogether; my general health was so improved I felt as young and light and happy as at twenty.

I am a sincere admirer of yours and feel that you must have a host of friends all over this country who feel as I do, even though they do not express it."—Mrs. Louise M. Gibson, 4813 Langley Ave., Chicago, Ill.

The troubles to which women are subject, because of their sex, are legion. Every day a woman is liable to have a new pain. Excessive worry may disturb the menstrual function and unsettle the nerves, over-exertion may set up some abdominal inflammation, or a trifling accident derange the whole reproductive system.

If you feel that there is anything at all unusual or puzzling about your case, or if you wish confidential advice of the most experienced, write to Mrs. Pinkham, Lynn, Mass., and you will be advised free of charge. Lydia E. Pinkham's Vegetable Compound has cured and is curing thousands of cases of female troubles—curing them inexpensively and absolutely. Remember this when you go to your druggist. Insist upon getting Lydia E. Pinkham's Vegetable Compound.

REWARD.—We have deposited with the National City Bank of Lynn, \$200, which will be paid to any person who can find that the above testimonial letter is not genuine, or was published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

Home Furnishings

For 1902 and 1903

Will Combine the Comfortable and the Artistic.

Not many years ago comfortable and artistic home furnishing was an achievement only within the reach of the few. The masses struggled along with homes meagrely furnished and were apparently content with their lot.

Not so today. The comfortably furnished home is now the rule, while so highly has the artistic taste been educated, that the harmonizing of design and coloring must today be well nigh perfection.

Public demand has brought out beautiful examples of combined comfort and art in the 1902 and 1903 designs in Furniture, Carpets, Draperies and Wall Paper.

While great expense has been attached to the production of the coming season's patterns, yet improved facilities for manufacture will enable us to offer these newest of Home Furnishings and Fittings at prices within the reach of all.
