MANY AND VARIED WERE THE COMMENTS.

Coal Men, Strikers and General Public, However, All Agree That It Means the Operators Do Not Propose to Tolerate Any Outside Interference-Mine Workers' Official Makes the Comment That the Operators Talked in the Same Strain During the Last Strike.

President Baer's statement was the one exclusive strike topic discussed hereabouts yesterday. Many and varied were the comments made by both sides and neutrals, but practically all were agreed on one thing and that was that the statement meant no third party could effect a settlement of the strike. Most of the prominent mine workers were out of town yesterday, and the few who happened in at headquarters were not disposed to speak at length on the statement.

Organizer Henry Collins, of Carbondale, said he hadn't read the statement. but was satisfied that, when he did read it, he would find it simply a repetition of what the operators have been saying from the start. "By the way." queried Mr. Collins of the interviewer, does Baer say anything about the Lord renewing his commission?"

Organizer Memelo, a young Italian miner, said: "Those were strong utterances of Mr. Baer, but not a bit stronger than the utterances they made just before the close of the 1900 strike."

MITCHELL WILL ANSWER. Executive Committeeman Healey did not want to discuss the statement. He contented himself by saying that Mitchell would answer it and successfully

combat Baer's every statement.

Organizer Schlosser said he could not see that the statement contained anything new. "It is the old argument of the operators," said he, "worked over in new language. It is put forth at this time, of course, to give notice again that it is to be a fight to a finish. We have been satisfied for a long time that it is to be a fight to a finish, and are ready for it. The men want a fight

Superintendent Rose, of the Delaware and Hudson coal department, said: "If I was a striker, I believe I would feel a bit discouraged about this time. The mine workers threatened to strike and the operators were not cowed. They struck and still the operators remained firm. The calling out of the pumpmen, a blow which they said would be fatal, was struck, but it proved unavailing. A general strike was threatened, but it fizzled out. Morgan's return from Europe was heralded as a sure ending of the struggle, but Morgan would not interfere.

WERE BAD PROPHETS.

"Finally, the politicians announced a view of ending it, but did not succced in getting the operators to retreat from their position. Mr. Baer's statepected from politicans' interference. tion. To my mind they ought to realnothing except blasted hopes to eventu-ate from the interference of third parthey say when they declare they will never budge from their original position. Eighty-five per cent, of the miners of this region want to go back to work and would go back if they were free

The Marvine colliery of the Delaware and Hudson company, which resumed Tuesday and shut down Wednesday. started up again yesterday. The re-built Bellevue washery of the Delaware, Lackawanna and Western company is scheduled to resume operations this morning. The work of rebuilding the burned Capouse washery is being rapidly pushed to completion.

CONFERENCE AT WILKES-BARRE. The conference between President Mitchell and the district presidents and secretaries, which began Tuesday at the headquarters in Wilkes-Barre, last night, District President Nicholls

TRIFLING WITH YOUR HEALTH

Gun. If you have Kidney Trouble attend to it at once.

It is easy to tell whether your Kidneys or bladder are diseased. Take a bottle or glass tumbler and fill it with urine. If there is a sediment—a powder-like substance—after standing a day and night, if it is pale or discolored, ropy or stringy, there is something wrong with the Kidneys. Other sure signs of disease are a desire to urinate often, pain in the back, or if your urine stains linen.

or if your urine stains linen.

There is no question that Dr. David Kennedy's Favorite Remedy is the best and surest medicine in the world for diseases of the Kidneys, Liver, Bladder and Blood, Rheumatism, Dyspepsia, Chronic Constipation, and the sicknesses peculiar to women. It quickly relieves and cures inability to hold urine and the necessity of getting up a number of times during the night, and puts an end to the scalding pain when passing urine.

The Rev. Henry P. Miller, pastor Baptist Church, Spartenburg, S. C., writes:

It is for sale by all druggists in the **New 50 Oent Size** and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle-enough for trial, free by mail. Dr. David Kennedy Corporation, Rondout, N. Y. Br. David Kennedy's Worm Syrup, most effective medicine of the kind known. 20c, Druggists.

and Secretary Dempsey returned home last night, but had nothing to give out regarding the conference, other than that it was to review the situation. Secretary Dempsey stated that President Mitchell will issue a statement on the

of months longer without concern to the employes of the Mt. Pleasant colliery. The company has started to replace the old studding of the shaft and complete the work.

A large force of men is at work at the West Ridge colliery making repairs and cleaning up falls. There is a possibility that the company will begin

A big mass meeting of strikers was held last night at Throop. Addresses were delivered by State President Rugh Fraync, of the American Federation of Labor: President John H. Devine, of the Central Labor union; Organizer Anthony Schlosser, of the United Mine Workers, and others,

TRIED TO SHOOT HIM.

John Hiadauch, of North Scranton, was held in \$500 bail yesterday by Alderman Kasson, on the charge of attempting to shoot Charles Berry, an employe at the Marvine colliery, August 26. Berry claims that while walkthe strike would surely end in two ing home from work at night, he saw weeks and proceeded to interfere with two men hiding in the bushes. They fired at him five shots, none of which took effect, and he then rushed at them and while Hiadauch got away, held Joe ment of today tells what can be ex- Ledoskey. The men were held in ball the following day, on the charge of dis-How many more such disappointments orderly conduct and Hiadauch was the strikers can stand for is the quessubsequently found a revolver on the ize by this time that they can expect ground, where the shooting had ocnothing except blasted hopes to eventu-

Credit you? Certainly! 221-223-225-227 Wyoming Avenue.

THE MARKETS

Wall Street Review.

New York, Sept. 4.—Partly as a result of the flurry in call money which loaned as high as 8 per cent, and for other potent reasons the stock market today developed a distinctly irregular tone. Before the close of the morning session, more or less weakness was shown in a number of the specolative issues, namely, Reading, Pennsylvania, New York Central, Union Pactific and Southern rall-way. These and other less prominent stocks fell to a level generally lower than yesterday's closing prices. Much of the seiling was of a character technically known as "good" and in conservative quarters the opinion prevailed that the pace of the early week had been to fast. Trading in the forenoon was again very heavy, but the day as a whole was less active and more circumscribed in distribution of business. The feature of the opening was the strength and activity of the United States Steel common. Purchases of the stock were on a large scale and resulted in a substantial advance, but the full improvement was not maintained. The move in Steel common was presumably based on its strength in London from which center good buying was reported for American interests. Total sales for the day, 1,12,560 shares. Railroad bonds continued very active and irregular. Total sales, par value, \$1,635,600. United States old and new 4s registered advanced % per cent. on the last call. Wall Street Review.

Chicago Grain Market.

Chicago Grain Market.

Chicago, Sept. 4.—Grain trade was of an irregular and haggling nature today. Yesterday's prices beomed on the expectation of frests, but today when the frosts were reported prices tended toward recessions because the frosts were not hard enough and because warmer weather might be near. There was good support in wheat for a time by a big elevator house which helped near futures somewhat. Crop prospects, however, worked against prices for new grain and at the close September wheat was ½c. up; December, ½a½c. down; September corn, ¾c. higher; December, ¼c. lower; September oats, ¾c. lower; and December oats, ¾c. lower; and December, 12% 12% 12% 12%; No. 2 corn, 65c.; No. 2 red, 12% 12% 12%; No. 2 corn, 65c.; No. 2 yellow, —; No. 2 oats, 29½a30c.; No. 2 white, —; No. 3 white, 33a37c.; No. 2 rve, 50½c.; good feeding barley, —; fair to choice malting, 50a63c.; No. 1 flax seed, ¾ 14; No. 1 northwestern, ¾ 145; prime timothy seed, ¾ 150; mess pork, per barrel, ¾6.70a16.75; lard, per 100 pounds, ¾0.35a10.40; short ribs, ¾10.15a10.25; shoulders, ¾3a9c.; short clear sides, ¾410½c.
