DESECRATING GRAVES.

Wanton Practices, Principally of Girls, in Maplewood Cemetery, Followed by Prosecutions-Other Arrests to Break Up Evil.

For some time, Superintendent Col-lins, the watchful sexton at Maplewood cemetery, has been puzzled and annoyed to locate offenders who have been wantonly destroying the shrubbery and flowers at the beautiful home of the dead in the upper part of the city. Graves were desecrated by being despoiled of floral offerings and the ribbons that decorated them were carried off; the shrubbery decorations on a few resting places were disturbed and torn away, and there was other dam-

Mr. Collins, determined to put an end to the willful desecration of graves. which meant so much to those who lovingly cared for them, kept up a careful espionage, and finally secured evidence which warranted him in lodging information with Alderman Delavan against several parties, which be it repeatedly said, were girls, but old enough to realize the enormity of their

The accused were arraigned before the alderman on Thursday night. Constable Emmett found with them evidences of their guilt, one of them having in her possession five yards of ribbon, and on another ten and onefourths yards, in width from one to five inches. Not caring to impose the penalty, which is severe, \$100 fine, or imprisonment, and aiming chiefly to have the arrest act as a deterrent, the Maplewood Cemetery association, the prosecutors, agreed to an amicable settlement of the cases. The basis of settlement was the return of the stolen ribbons, and the payment of costs and damage to the graves. The charges against the defendants were the carrying away of flowers and ribbons, and committing other depredations about

the cemetery.

But this is not the only depredation that has rudely shocked the sensibilitles of those who keep sacred the home of the sleeping dead. On Wednesday of this week, a raid was made upon a large hydrangea bush, and thirty of the large beautiful blossoms were plucked and carried off. The beautiful tree was fairly shorn of its load of blossoms. This injury was added to by these same persons taking the flowers at nearby grave. All but two blossoms were thus treated, the two being carried off by the despoilers.

Superintendent Collins has knowledge of the offenders in this latest outrage and has lodged information with Alderman Delavan. However, to save the offenders from a likely heavy fine and the embarrassment of a public airing of the case, the guilty ones are urged to meet Superintendent Collins and agree upon a settlement. The Cemetery association is willing to be thus lenient, if reparation be made and likewise be a source of sincerest deep Down-town .. 0 4 1 4 2 3 0 6 0-29 assurances given that there will be no further lack of respect and feeling, as and acquaintances the deceased left has been so regretably present in each behind in Carbondale, the town of his

In the list of nomination of officers In The Tribune yesterday, it was incorrectly stated that John Brown was nominated for vice-president. Frank Clune was named for this office. Mr. Brown is such an active worker in the company's ranks and has been honored so often with office that, perhaps, it was natural that his name was associated with the office. NICK OF TIME.

A Discovery at the Right Moment.

The importance of finding the right food is invaluable when the stomach revolts and the nourishment of the body becomes a problem.

Mrs. Fannie Hall, of Orleans, N. Y. was an invalid for over ten years, hardly able to drag herself around the house and nothing she ate seemed to nourish her. She had chronic diarrhoea, her food did not digest and she was so nervous she could not bear the least noise or excitement.

She writes: "About a year ago I was looking over a paper when the name of Grape-Nuts caught my eye and I determined to try them. I sent for a package and I have never been without them since; they seem to be the thing

"The whole family eat them for dessert with cream, in preference to any-thing else. When I go away I always take a package with me as no other food agrees with me as well. I always call Grape-Nuts the 'lucky food,' as I think I owe my life to them."

ANENT SUNDAY GAMES.

An Understanding Reached Between Very Rev. T. F. Coffey and Manager Tappan.

After Sunday last, when Very Rev. T. F. Coffey, V. G., pastor of St. Rose church, suggested at one of the masses that Sunday games would be a distraction, now that Sunday school was to reopen, Manager Tappan wrote to Father Coffey, advising him that it was not the desire to go counter to the latter's wishes with respect to playing on Sunday. Later there was a meeting between them, in which Manager Tappan explained that two Sunday games had already been arranged for, that the playing of them would mean something financially to the players who have been so earnest in the sport all summer; but if the playing of them would be objectionable, they would be cancelled. Very Rev. Father Coffey in reply indicated that his interest in the matter was solely the spiritual welfare of his flock, and that he appreciated operate to a kind of demoralization in the Sunday school for the time. He accomplished one thing, it kept a number of frequenters of saloons away from drinking places on Sunday; and he suggested, further, that there was no special harm in ball playing on Sunday if the crowd was well managed and there be no interference with religious duties. Finally the meeting, which was most cordial and profitable in its exchange of views, ended by Father Coffey agreeing not to offer any opposition to the two remaining games, if they be called after the dismissal of Sunday school. The two games, therefore, will be called at 3.45 instead of 3 o'clock, as

DIED IN OREGON.

John Flannery, Well Known Carbondalian, Succumbs to Disease Contracted While a Soldier in the Philippines - Ex-Alderman Grier

Mr. and Mrs. Thomas H: Flannery, of 50 Sand street, were apprised yesterand depositing them as decorations on day of the death of their son, John Flannery, who succumbed at the Unatilla county hospital, Pendelton, Oregon. His death was the direct consequence of a disease contracted while in heroic service for his country in the Philippines.

Though Mr. Flannery's death occurred on Aug, 16, the sad intelligence did not reach here until yesterday, when his grieved parents received the letter that gave in detail the mournful news of his passing away. Together with the shock it will convey, it will regret among the wide circle of friends birth, and his home until a few years

The sadness of his death is softened, however, by the circumstances that his young life was given in his country's service, and that the end was most edifying. He passed away, the letter advises from the priest who attended him, with all the consolations of the faith which he preserved. The deceased was exceedingly popu-

lar among his associates and friends in Carbondale. He will be remembered for his warm heartedness and mirthful spirit. He was witty and humorous beyond the ordinary, and often took part in local theatrical events and entertainments. He was an active member of the Crescents' Social club. His memory will be cherished and there will be keen sorrow over his early demise, and warm hearted sympathy for his saddened parents.

Flannery was laid at rest in the Catholic cemetery, near where he died, but will possibly be removed to Carbondale later on.

Patrick Grier, once alderman of the Fourth ward, passed away yesterday orenoon, at the home of his sister, Mrs. B. Higgins, on the South Side. Mr. Grier, who had been away for a few years, came home a couple months ago, "to die" as he, himself, put it at the time. Kidney trouble was

NO SUSQUEHANNA GAME.

The Stars Have Disbanded, to the Crescents' Regret.

will be no Crescents-Susquehanna ball game at Susquehanna to day. The Stars have disbanded for the season. This regrettable news was received by Manager Tappan at noon yesterday. The information was meagre, the telegram reading: "The Stars have disbanded; can't play you Satur-

The abrupt ending of the season in Susquehanna will be universally regretted in Carbondale, particularly happening, as it does, on the eve of a game between the "Pets" and the Stars, the game which would have been the "rubber," each team having won one game spiece. The circumstance that the Crescents are now playing the fastest of the season, and felt certain of demonstrating in today game their superiority over the Susquehanna team, adds to the general regret. There is the best feeling between the Carbondale and Susquehanna clubs and the supporters in each place, and it is hoped that next year these cordial relations will be renewed and even strengthened.

It is presumed that owing to the somewhat hard luck the Susquehanna management has encountered this seathe continuation of the games would son in maintaining its team intact that not a sufficient number of players would be on hand today to keep the suggested that Sunday base ball had game from being one-sided; hence the

disbandment. The Crescents' first game next week will be with the Scranton Amateurs, This team will be under the same manager who brought the team here that had Jakey Fox as pitcher; therefore, it would not be surprising if some of the same players be with this nine. At any rate, it will be a team worth going to see and will make the Crescents do their "purtiest" to win out. McAndrew will likely pitch the game.

Clerks vs. Clerks.

The annual game of base ball between the up and down-town clerks was played yesterday afternon on Duffy's field, before a rather select audience. The team from the lower district has never been defeated by their brother clerks, and yesterday's aggregation more than held up the honor of their predecessors, by defeating the up-town boys by a score of 20-15. There was fun galore during the contest, Sahm, Manners, Horn and the plumber Gilhool distinguishing themselves with some gilt-edged acrobatic work, both at the bat and in the field. It is not likely that another game can be arranged, but the winners of yesterday's the coming week.

Jakey Fox's First Game.

Jakey Fox, of Scranton, whom the rescents bumped for nineteen hits a veek ago, pitched for the first time in Philadelphia on Thursday. The Philadelphia Inquirer says of him:

"Fox is a protege of Hughey Jenwas hardly a fair shakedown for the young fellow. In the short time that he performed he did both good and bad work.

The North American says: "A young gentleman named Fox, who comes from Scranton, Pa., was given a trial at twirling. Fox did not exert himself and gave Brasher a base on balls, let Calhoon pound out a single and Smoot three-bagger. In the meantime Wolerton became a little anxious and conributed a wild throw toward the total of three runs in the inning."

RUDDY HEALTH.

VIABLE COMPLEXION.

Some Sensible Hints on How to Procure a Good, Natural Color May be Gained from Her Experience.

A good complexion depends upon good health. An enviable woman in this respect is Mrs. Ella Chapin, of

Claremont, N. H., who says: "From long and constant caring for my sick mother my system became all run down and, in the fall of 1897, I realized that I was in a very poor state of health. I was nervous and my blood was thin and poor. I had dizzy spells and severe headaches, had no appetite and became so weak that I was unable to do anything. The slightest exertion made me short of breath and faint.

"This state of affairs continued for a year and I grew constantly worse. My uncle heard of Dr. Williams' Pink Pills for Pale People at Springfield, and was told of some remarkable cures they had accomplished, so he got me a supply. I began taking them and in less than two weeks I could see a change for the better. I continued their use and in a short time was cured."

Mrs. Chapin suffered from anaemia, disease caused by an actual deficiency of the blood and a watery and depraved state of that fluid. It is characterized by a pallid complexion, pale lips, dull eyes, tongue and gums bloodless; shortness of breath upon slight exertion-especially upon going up stairs; palpitation of the heart, feeling of impending death, weakness, loss of appetite and ambition. If left to itself it is apt to result in decline and death.

The one remedy that has proved itself a specific for this disease is Dr. Williams' Pink Pills for Pale People. These pills, taken in increasing doses, will never fall to effect a cure if used persistently for a reasonable length of
