A BAD SYMPTOM

Backache is the Forerunner of Fatal Organic Disease. Every Woman Who Has This Dreaded Symptom Needs Lydia E. Pinkham's Vegetable Compound.

Is it not true? Women suffer, feel the very life crushed out of them, grow old before their time. Each morning wake up determined to do so much before the day ends, and yet -

Before the morning is very old the dreadful BACKACHE attacks them, the brave spirit sinks back in affright; no matter how hard they struggle, the "clutch" is upon them and they fall upon the couch

"Why should I suffer so? What can I do?" The answer is ready, your cry has been heard, and a woman is able to restore you to health and happiness.

Backache is only a symptom of more fatal trouble -heed its warn-

Lydia E. Pinkham's Vegetable Compound will stop your torture and restore your courage. Your pains come from unnatural menstrua-tion or some derangement of the womb. Let those who are suffering read Mrs. Morton's letter and be guided by her experience.

Two Letters About Backache.

"Dear Mrs. Pinkham:—I suffered for two years with my back and head. I doctored with the best doctors here but got little relief and at last thought I would try your medicine. I have found that it has done me more good than anything else I have taken. I should advise every suffering woman to take Lydia E. Pinkham's Vegetable Compound."—Mrs. Frank Barrt, 184 Pearl St., Springfield, Ohio. (Dec. 16, 1900.)

If you are sick write to Mrs. Pinkham for advice. Out of her vast experience she probably has the very knowledge that

will make you well. It will cost you nothing. "DEAR MRS. PINKHAM: - For a long time I suffered with the backache, was also troubled with irregular menstruation and bearing down pains in the side and abdomen. I took some medicine but it seemed to do me no good. I was in a critical condition. Lydia E. Pinkham's Vegetable Compound has done me more good than anything else I have used and I cannot praise it enough. If all suffering women would take your medicine there would be less sickness and weak women in the world."—MARGARET MAR COCHRAN, 177 E. Main St., St. Clairsville, Ohio. (July 28, 1900.)

When a medicine has been successful in restoring to health more than a million women, you cannot well say, without trying it, "I do not believe it will help me." If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special adviceit is free.
