## MAYFIELD'S GIFT TO RIP VAN WINKLEVILLI

Catcher and Third Baseman's In ferior Work Loses Game to Hones dale by Score of 9-6-Griffin, or Scranton, Twirls a Star Game Billy Miller Gets His Bumps Eleven Hits - Great Work o Michael Walsh, of Toronto Team An Interesting Game.

The curfew in Rip Van Winkleville, over the Moosics, will be rung at 9 o'clock tonight, an hour later than usual; the sidewalks will not be taken in and the lights won't go out until that time. Billy Miller's team returned to the town of everlasting sleep with a canal boat full of triumphs. Their trip of three days was a grand success, a masterful achievement and glorious loop-the-loop finish. Monday, by a hair's breadth they won from the Jermyn team; yesterday before dinner they really did win a substantial victory from the Archbald "Kids" by giving little Willie Dougher his bumpetybumps, and in the afternoon on Duffy's Sam Mendelsson's team, from Mayfield, to make the canalers feel good, presented them with the final of the series. If this isn't some pumpkins for Billy Millerville, then call it off.

The game with Mayfield in the afternoon was lost by the poor work of Catcher John Meehan and Third Base- Grandpas" of that town. Every team man Daniel Meehan. The former made n wild throw, which let in two runs; Michael, the catcher, had four passed balls, which piled up the scores. Only two of the nine runs made by Honesdale were earned. Mayfield earned four of its six. This determined the real merit of the playing of both teams.

Griffin, of the semi-professional team, twirled for Mayfield, and he pitched a star game. Eight hits were what he gave, but they were scattered and were of little value but for the errors behind him. He had speed to loan at a high rate of percentage, and he made the Honesdalers swat nine times. His pitching was lessened in its effectiveness by the circumstance that Catcher Meehan was not quite the man to hold him. Balls that were made hits might have been strikes had Griffin the confidence that follows from a catcher on the same standing as himself.

bumps, jars and joits. He was slammed for eleven safe ones, and they were all to the good. There were three twobaggers, one three-bagger and a homerun. Here was enough to win a few games. The hitting, however, was done by a few men. Walsh, Flannery-one of the "Pets"-Griffin and Quinn did all the hitting, save Maynard, who made a base on a hot drive that could not be fielded. When any of these men slammed the ball and got their bases, there was no one on the team to reinforce them. Miller had any easy lot of batters before him. They did not seem to be able to hit anything. It was one, two, three swats and out. For this

Griffin has to his credit the striking out of Billy Miller three times. Catcher Vetter three times and Bennie Hessling twice.

As an example of the weakness of the Mayfield batters and to show the pudding that Billy Miller was feasting on throughout the game, the ninth inning may be cited. The score was 9-5 in Honesdale's favor, and they had had their last inning. Walsh opened with a single, advanced on another by Flannery, and came home on an error by Third Baseman Vetter, who played with Maynard's grounder. Flannery, in the meantime, got to third and Maynard stole to second. With no man out, it seemed possible to at least tie the score. But, oh, my! Quinn came to bat and fanned, Dan Meehan followed sult, likewise J. Meehan. One, two, three and it was all over.

"Mike" Walsh, of Mayfield, just home from the Toronto Eastern league team, was in the game, and gave one of the best exhibitions of individual playing that has ever been seen on Duffy's field. His brilliant work set the rooters afire with enthusiasm and made it almost the one topic of the discussion of the game last night. His batting average for the game was 1,000. Out of five times at bat, he had four hits, and was given a base on balls. He had a single, a three-bagger, a home-run and a single, in the order named. His base-running was dashing and his demeanor, throughout, was an itspiration to the players about him, and a satisfaction and pride to the rupters. "He's a ball player." was the manimous verdict of the crowd.

Of the six runs made by Mayfield, Walsh made four. He made a remarkable catch of a short left field fly from Golden's bat. He just scooped it and fell over in a heap, but clung to the

Flannery, of the Crescents, made two hits, a two-bagger and a single. Murray played a good game at second, but

### CRESCENTS TO PLAY TODAY.

### A Strong Team from Scranton to Be

on Duffy's Field. It will be good news to the cranks to learn that there will be a game on Duffy's field this afternoon between the Crescents and a team from the central city, Scranton. The game will start at the customary hour, 3 o'clock Just who the "Pets" will go up against is hard telling. They have played every kind of a combination of a team from the Electric City that that has come from Scranton this season has had one or more players who were on the team that came before. The men in the Electric City who seem to have it in for "Our Pets' have sent us the best they had down there, to be trimmed: so it will be good guessing that will name the players of today's team. At any rate it will be a good one, and the cranks are assured of a good afternoon of the national game. It will be the best kind of news to the cranks to hear that it is the expectation to have "Mickey" Walsh in today's game. He will fill one of the places made vacant by the loss of Rosler and Loftus. Flannery will come in from center to go behind the bat, and Walsh and Jimmle Crane will go in the outfield. With Cuff to complete the field, we will have an out garden that will be unapproachable. With Walsh heading the list, we will have a rat-Miller—dusky Billy—did the slab stunt for his team. And Billy got his and Morris. "Our Owney" will pitch. The presence of Walsh on the team will be additional inspiration to the team and will give a spirit to the game that will be sure to delight the cranks.

### J. W. SHANNON'S EXPERIENCE.

Has Narrow Escape from Dangerous Injury in Runaway.

John W. Shannon, the well-known merchant, is thankful that he is alive, or, at least, not dangerously injured. Yesterday afternoon he was placing some merchandise in a wagon in front of his stone, on Salem avenue. His horse became frightened and made a dash to go west. Mr. Shannon gave a clutch at the reins and hung on. The horse tore down Salem avenue to River street, disregarding all of the restraining influence exerted by the dead weight of the man, who held fast while he was thumped over the pavement. At Main street, Mr. Shannon was forced to leave go, and was thrown heavily. Near the new coal chutes the animal collided with a pole, which checked his speed and called a halt on his wild
